DOAN'S PILLS

Today's popularity of Doan's Pills, after many years of world-wide use, surely must be accepted as evidence of satisfactory use. And favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions. These physicians, too, approve every word of advertising you read, the objective of which is only to recommend Doan's Pills as a good diuretic treatment for disorder of the kidney function and for relief of the pain and worry it causes. If more people were aware of how the kidneys must constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers when kidneys are, and diuretic medication would be more often employed. Burning, scanty or too frequent urination sometimes warn of disturbed kidney function. You may suffer nagging back-ache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous. Use Doan's Pills. It is better to rely on a medicine that has won world-wide acclaim than on something less favorably known. Ask your neighbor!

Household Hints

When grinding dry bread, tie a paper bag over the outlet of the grinder to prevent crumbs from going over the table and floor.

It's better to wash soiled woolen garments through several sudsy waters instead of just one. It is easier on the garment.

Wash your dish towels daily and dry them in the sun to keep them white and free from odor.

Toast water is simple to make and appeals to those, especially invalids, who like toast. Toast stale bread and cut into squares. Powder into crumbs and add a pinch of salt and a cup of boiling water. Let it stand an hour. Rub through a sieve and serve hot or cold with a little cream and powdered sugar.

Cook carrots in just a little water so you won't have to drain off any of the minerals and vitamins before serving.

Hoarded Currency

Although the treasury department began to retire the old, large-sized paper currency on July 10, 1929, there were \$185,783,817, or 43,896,647 pieces, still outstanding on August 31, 1941, which means that these bills had not been handled by a bank during these 12 years.
