DON'T BE
ADVERTISED
... AS A ...
TAX
DELINQUENT

All those who haven't paid their 1945 State, County and School taxes will be advertised in the newspapers as tax delinquents. The law requires the County Treasurer of Queen Anne's County to publish the names of all delinquent taxpayers.

Friday, February 8, 1946

is the deadline, and all taxpayers who have not paid their taxes will be advertised as tax delinquents, and new penalties and interest are added.

No one ever saves money by not paying taxes promptly. Your tax bill grows bigger every day it remains unpaid. If we can help you with information, call on us. We'll co-operate all we can. Remember, it is easier to keep up with taxes than catch up with them. Try your utmost to prevent being advertised a tax delinquent.

Penobscot Press Group To Meet in Wilmington

The 1946 meeting of the Maine Penobscot Press Association will be held on Saturday, January 20th, in the Hotel DuPont in Wilmington. Publishers and editors of daily and weekly papers throughout the Penobscot will attend to discuss matters of common interest and cooperation for 1946.

The continued security of newspapers will be among the problems to be taken up at the business session.

Senator Robert H. Siskin, president of the Association, will preside at both morning business session and the luncheon program.

"I don't quit... I didn't get fired... But I lost my job"

"There is no reason for it either, because I had paid a few dollars for a reasonable liability policy. I would have paid a lot of money and kept my home and my job."

Egg Prices Drop A Cent a Week

Retail price ceilings for egg grades, which have been a down since Christmas, will continue to decline at least a cent a week through early March, CFA said.

Largest price cuts will go to the first grade for other grades, the agency added.

The reductions are provided under CFA's seasonal schedule of egg prices. These prices go up during periods of slack production, reaching their peak in October and continuing at the highest level until the latter part of December. They then decline as eggs become more plentiful.

CFA said its total decrease in retail ceilings for the best eggs, for the period from December 20 through early March, will amount to about 20 cents a dozen.

LARSEN TELLS THE STORY

Baggage handlers often complain that they cannot tell what they have bought in the way of clothing until they have tried the garments, and then it is too late to do anything about the selection, according to Miss Helen Smith, clothing specialist of the University of Maryland, such shoppers tend to have the habit of looking for the item that will tell the major facts about the goods they need in buying.

The campus provision of clothing labels are sometimes good. Labels that tell the major facts about a piece of goods in a garment can give the buyer a feeling of certainty that she has what she is paying for in the purchase.
