The How and Why *of the* National Unemployment Census

A nation-wide census of all unemployed and partially unemployed persons in the United States will be taken between the dates of November 16 to 20, by act of Congress, and at the direction of President Roosevelt.

Here, in question-and-answer form, is the information you need to know about this plan.

1. **WHAT IS PURPOSE OF THE UNEMPLOYMENT CENSUS?**
To get an accurate count of the unemployed and partly unemployed.
2. **TO WHOM WILL CARDS BE SENT?**
To every family in the United States.
3. **UNDER WHOSE AUSPICES IS THE CENSUS BEING TAKEN?**
Congress has decreed, and the President has directed, that it be taken.
4. **IS THE CENSUS COMPULSORY?**
No. But every unemployed or partly unemployed person is urgently requested to cooperate.
5. **HOW WILL THE CENSUS BE CONDUCTED?**
Through the facilities of the Post Office Department. Report Cards will be delivered to every family. Cards are to be returned by mail to Washington for tabulation and analysis.
6. **WHEN WILL THE CENSUS BE TAKEN?**
Cards will be delivered on November 16 and must be returned by MIDNIGHT NOVEMBER 20. They are already addressed and no postage is required.
7. **WHO SHOULD FILL AND RETURN CARDS?**
Every person who is unemployed or partly unemployed who is able to work and wants work.
8. **WHAT AGE LIMITS APPLY?**
There are no age limits except existing State regulations concerning workers' ages.
9. **SHOULD MORE THAN ONE UNEMPLOYED PERSON IN A FAMILY RETURN A CARD?**
Yes. Every unemployed member of a family should fill out and return a card, if able to work and seeking work.
10. **WHERE MAY ADDITIONAL CARDS BE OBTAINED?**
At any post office or from your postman.
11. **WHERE CAN INFORMATION BE SECURED IN FILLING OUT CARDS?**
At your post office or from your postman.
12. **IS THIS CENSUS CONFINED TO AMERICAN CITIZENS?**
No. All permanent residents of the United States are included.
13. **IS THE INFORMATION GIVEN ON THE CARDS TO BE CONSIDERED CONFIDENTIAL?**
Yes. This information will be used for unemployment statistics only.
14. **SHOULD EVERY QUESTION OF THE CENSUS CARD BE ANSWERED?**
Yes. To obtain the most accurate information possible, the President asks that each question be answered. Numbers 9 and 10 are particularly important. However, failure to answer some of the questions will not invalidate the card.
15. **WHO IS AN "UNEMPLOYED" PERSON?**
A person of either sex or any color who is not working and is able to work and seeking work.
16. **WHO IS A "PARTLY UNEMPLOYED" PERSON?**
A person of either sex or any color with part-time employment who is able to do more work and is looking for more work.
17. **ARE PERSONS ON EMERGENCY WORK PROJECTS INCLUDED?**
Yes. They should register as unemployed. A specific question, Number 2c, is provided on the Report Card for all persons working on a W.P.A., N.Y.A., C.C.C., or other emergency work project which is supported by public funds.

A MESSAGE FROM THE PRESIDENT OF THE UNITED STATES

The White House
Washington

TO EVERY WORKER:

If you are unemployed or partly unemployed and are able to work and are seeking work, please fill out this report card right away and mail it before midnight, Saturday, November 20, 1937. No postage stamp is needed.

The Congress directed me to take this census. It is important to the unemployed and to everyone in this land that the census be complete, honest, and accurate. If you give me the facts, I shall try to use them for the benefit of all who need and want work and do not now have it.

Vail Medals for Noteworthy Public Service Awarded

3 New Names Added to Long List of Outstanding Telephone Men And Women; Employee Groups Also Honored

There was an echo of the serious emergency created by the floods in March, 1936, in the recent announcement of the National Committee of Award for the Theodore N. Vail medals for acts of "noteworthy public service," according to a recent statement of the American Telephone and Telegraph Company. Two of the three individual silver medal winners and sixteen groups of telephone employees awarded bronze plaques performed outstanding services in connection with the flood emergency. One silver medal winner got the award for prompt and resourceful action in caring for seriously injured victims of an automobile accident. Checks for $250 each went to the individual medal winners.

Groups of employees working in eleven communities served by the Bell Telephone Company of Pennsylvania and four groups of employees of the New England Telephone and Telegraph Company located in Maine and Massachusetts received plaques and citations. Employees of the Southern New England Telephone Company engaged in flood emergency work throughout the Connecticut River valley received similar recognition.

The individual awards were made to Michael J. O'Connor, a lineman of the New England Telephone and Telegraph Company of Concord, New Hampshire, for his courage and prompt and intelligent action in saving lives during the flood at Contoocook, New Hampshire, and to John T. Steck, a construction foreman of the Southern New England Telephone Company of New Milford, Connecticut, for performing a similar service.

In both cases the telephone men rode out on cable lines with flood waters lapping beneath them, to effect the rescue of persons caught in positions of peril by the rising river. The third individual award went to Robert Hildebrand, a toll repairman of the Southwestern Bell Telephone Company at Fulton, Missouri. Hildebrand, rounding a sharp curve near Boonville, Missouri, came upon a serious automobile accident. Putting out warning flags he climbed a pole and with his test set called a nearby town for a doctor and ambulances. While waiting he gave first aid to the five injured occupants of the car.

Vail medals are provided from a fund created in memory of Theodore N. Vail, who at the time of his death in 1920 was chairman of the board of directors of the American Telephone and Telegraph Company. They commemorate acts on the part of telephone employees throughout the United States which conspicuously illustrate Mr. Vail's ideals of public service.

Telephone Service to China Launched

Radio-Telephone Communication Between the United States and China Is Now Available

In a recent ceremony in the office of the Secretary of State, Cordell Hull, in Washington, telephone service between the United States and China was inaugurated. Participating in the formal opening were Mrs. Franklin D. Roosevelt who spoke to Mme. Chiang Kai-shek and Mme. H. H. Kung; Chinese Ambassador and Mme. Sao-Ke Alfred Sze who conversed with high Chinese officials and their wives in China; Secretary Hull who extended official greetings to Dr. Wang Chung-hui, Chinese Minister of Foreign Affairs and also to our Ambassador to China, Nelson T. Johnson; Anning S. Prall, Chairman, Federal Communications Commission who exchanged greetings with General Yu Fei-peng, Chinese Minister of Communications. Dr. Stanley K. Hornbeck, Chief, Division of Far Eastern Affairs of the State Department, spoke to C. E. Gauss, American Consul General at Shanghai and to Minister O. K. Yui, Acting Mayor of Greater Shanghai.

The circuit was formally opened by T. G. Miller, vice president, American Telephone and Telegraph Company. The arrangements for the ceremonies were made by J. W. Adams, manager of the Washington division of the A. T. and T. Long Lines Department.

Nearly 10,000 miles of wire and radio circuit are used in making a call from Washington to China, about 6,000 miles of which is short-wave radio and the balance land wire.

JULIA JACKSON
vs.
WALTER JACKSON
In the Circuit Court for Calvert County
Equit No. 1105

The object of this suit is to procure a divorce a vinculo matrimonii by the plaintiff, Julia Jackson, from Walter Jackson, and custody of infant born as a result of said marriage.

The bill recites that the parties were married on the 12th day of June, 1928, in New York city, State of New York, by a religious ceremony; that the plaintiff has been a resident of Calvert county State of Maryland, more than two years prior hereto; that one child, a minor, was born as a result of said marriage; that the said abandonment has been continuous and uninterrupted for more than three years, was the final and deliberate act of the defendant and there is no hope of reconciliation between the parties to this cause.

That the defendant is now a non-resident of the State of Maryland and was last heard of in the city of New York, State of New York.

It is thereupon ordered by the Circuit Court for Calvert county this 21st day of October, 1937, that the plaintiff by causing a copy of this order to be inserted in some newspaper published in Calvert county once in each of four successive weeks on or before the 29th day of November, in the year 1937, give notice to the said absent defendant, Walter Jackson, of the object and substance of the Bill, warning him to be and appear in this Court, in person or by solicitor, on or before the 15th day of December, in the year 1937, to show cause, if any, why said decree should not be passed as prayed.

BITTERS AND KIDNEYS

1939 NEW YORK FAIR'S TWO MILE AMUSEMENT LOOP

NEW YORK (*Special.*)—"The 1939 New York World's Fair has planned to have the largest area and the greatest number and variety of amusements ever provided for any exposition in the world," announces Grover Whalen, President of the Fair Corporation, "but let it be understood, too, that we are already assured of producing a fair that will be remembered for its bold treatment of today's problems and for its pathfinding to the World of Tomorrow."

The accompanying photograph shows the design of the Fair's two-mile, 280-acre amusement zone as released at the time of Mr. Whalen's announcement. The sector is being laid out with a greater visitor capacity than that of any amusement park in the world. Following an entirely new pattern that lends itself to the development of new and novel amusement and entertainment features, the sector is featured by the two-mile looped thoroughfare, flanked on one side by a continuous facade 70 feet high and on the other by the more open and landscaped area extending to the east shore of Meadow Lake

The upper end of the lake-shore region will be dominated by a $1,600,000 State amphitheatre with a marine stage for presentation of aquatic shows, operas, pageants and extravaganzes of all sorts. On the far side of the lake, as sketched, will be every conceivable kind of show, spectacle, device, ride, and eating place.
