Silica Mine in Operation.

The old silica mines at Lyons Creek this county, after a long period of inactivity, have been re-opened, and face a brighter future. John E. Eastmond, of New York, the present owner, has granted a lease to Richard C. Williams, geologist, a nephew of the late Henry Williams, of Baltimore, owner of the old Weems Line steamers, and operating under this lease, with the new equipment installed, the mine promises to offer close competition with the mines of California, whose superior product is reported has ruined the market for the silica mined at Lyons Creek.

William A. Weed, of New York, bought the property at Lyons Creek, and established the mines there in the 90s. Mr. Weed states that he worked the mines day and night for twenty years, taking out 100,000 tons of silica for shipment.

About five years ago some time after Mr. Weed's retirement, John E. Eastmond purchased the mines from Mr. Weed, but in the meantime mines of diatomaceous earth developed in California, because of the superior quality of their product and the drier climate, were offering a competition which the county mines could not meet.

Now, however, in opening up the mines again, Williams, the lessee, has installed a new type of plant, having a refining process, which, it is claimed, produces a type of silica fully equal to any in quality.

There is a steady market for silica, which is used more particulary in clarifying liquor, lard, etc., and for pipe covering and fire-proof bricks.

Although worked over for so long a time, apparently the large amount of silica mined at Lyons Creek has made but a small dent in the enormous deposits there.

Calvert Garden Pilgrimage.

Everything it seemed into a conspiracy to make the Garden Pilgrimage in Calvert county Friday of last week and Saturday the most successful ever held in this county. The weather, the most important factor in an undertaking of this kind, was ideal, and lovely gardens of the homes open to the public seemed to smile a welcome to the many strangers and others who visited them. This spring has been kind to flower gardens, and our home owners know how to care for them. Certainly they never appeared to better advantage than last week. At each place, visited hostesses received the guests, and refreshments were served. Persons from outside the county were warm in praise of the gracious hospitality extended.

During the two days of the Garden Pilgrimage it is estimated that at least one hundred and fifty visitors from Philadelphia, Washington, Baltimore, Annapolis and other sections visited Calvert, among them being Mrs. Breckenridge Long, wife of the former ambassador to Italy, who owns a celebrated estate in Prince George's county.

On Saturday another scheduled event the placing of a tablet by the Southern Maryland docsety of Colonial Dames to Robert Brooke and his wife, at Brooke Place Manor, now owned and occupied by a descendant, Mrs. Lillie Bond Carr. came off as planned, and to a certain extent merged with the Garden Pilgrimage. Mrs. Francis J. Farran president of the Society, officiated at the ceremonies, assisted by Mr. and Mrs. Brooke Bond and Francis J. Farran, descendants, while little Mary Anne Brooke, daughter of Mr. and Mrs. William Brooke, of Upper Marlboro, placed a wreath of flowers beside the tablet.

There were about forty Colonial Dames in the party. Following the placing of the tablet the entire company went on the tour of some of the county gardens, and about 5 o'clock, together with other visitors to the county for the pilgrimage, attended a tea at "Old-Fields," given for them by Mrs. Everard Brunow, chairman for the county.

These garden tours arranged by the Federated Garden Club might also be called govt will tours, for they are very much that, acquainting persons from other sections with the charm and beauty of old Calvert, and its desirability as a place to reside in.

Death of Mr. A. E. Birckhead.

School Commissioner Augustus E. Birckhead died on Sunday evening last about 7 o'clock at his home at Paris, this county, arter a lingering illness. Mr. Birckhead spent the winter with his wife in Washington, and not long ago they returned to their home at Paris, hoping for some improvement, but his condition grew steadily worse.

The deceased was very well known in Calvert and was a life-long Republican. For some time he held the office of County Commissioner a number of years ago, and during the Nlee administration was appointed School Commissioner, which office he was holding at the time of his death. He had a genial, sympathetic nature and was very much liked. His many friends regretted greatly to know of his death.

Mr Birckhead was the husband of Mrs. Helen Prout Birckhead. He was aged 73 years. He is survived by his wife; three daughters, Mrs. Claude L. Owings, of Owings, and Mrs. Daniel Haley and Mrs. Daniel Schroder, of Washington; one son, Albert Birckhead, of Gambrills, Md., and one brother, Charles Birckhead, of Paris.

The funeral was held on Tuesday morning at 11 o'clock at the home of the deceased and interment was in Friendship cemetery, Friendship, Md.

Ward - Moser.

A wedding of much interest took place on April 16th at All Souls Unitarian Church, Washington, when Miss Jessie Lenore Moser, daughter of Mrs. Alice R. Moser, of Smithfield, Pa., became the bride of S. Chester Ward, son of L. Plummer Ward and the late Mrs. Anne Ward, of Paris, this county. The ceremony was performed by Rev. Ulysses G. R. Pierce.

The church was beautifully decorated in palms, lilies and roses. The bride, who was given in marriage by Dr. E. D. Griffin, wore a gown of white satin made on princess lines, with a bolero jacket. Her only ornament was a single strand of pearls, a gift of the groom. Her finger tip length tulle veil was held in place with a coronet of orange blossoms, and she carried a small Bible with streamers of lilies-of-the-valley.

Mrs. E. D. Griffin was maid of honor. The ushers were Willard N. Moser, brother of the bri e, Theodore Sauer, Ralph Watt and Stanford C. Pratt.

Immediately after the ceremony Mr. and Mrs. Ward left for a motor trip in the South.

The bride, formerly employed with the Uniontown Credit Bureau, is now associated with the Post Office Department. The groom graduated in 1932 from the University of Maryland, and is with the Washington Gas Light Company. The couple will make their home at 220 Allison street, Washington, D. C.

Baseball.

The first Southern Maryland Baseball League game of the season at St. Leonard's last Sunday afternoon between the team there and Cedar Grove, was attended by about 400 persons. In the opening ceremonies, Segeit, manager of Cedar Grove, Sherbert Dowell, manager of St. Leonard's, Thomas Hirsh, president of the League, and Thos. Farran, president of the Maryland Tobacco Growers Association, were introduced and each spoke to the fans through the public address system on the field. Afterwards, while the Star Spangled Banner was being played, Mr. Farran led a march to the flag pole in center field and raised the flag, the fans standing all the while. The two fastest runners from each team ran back to the home plate, Edward Daniels, of St. Leonard's, winning. Mr. Farran then threw in the first ball to C. Dodson, the St. Leonard's catcher. Dorsey Gibson and Lawrence Clark were umpires. The game was won by Cedar Grove by a score of 16 to 6. There will not be any baseball at St. Leonard's this week.

The new grounds of the Huntingtown baseball club will be opened this Saturday (to-day) at Huntingtown. Senator Sasscer will throw out the first ball at the opening ceremony. The championship flag of the Southern Maryland League will be presented to the Huntingtown Club. Quite a program is being arranged. The game will be played with Owings.

To Raise Poland China Hogs.

William Bowen, vocational agricultural student of the Calvert County High School, taught by Carey E. Leary, has just secured a registered boar Poland China gilt, Bessie Repeater, from S. O. Jones, of Ellicott City, Md. Billy plans to raise pure bred pigs to sell to other agricultural students and boys in the county. He is quite sure that his is the only registered Poland China gilt in Calvert, and by purchasing it with the tobacco money he has saved, is doing his part in attempting to improve the type of livestock in our county. The sire of this gilt is Orlie Ranger A104720, and the dam Bessie Howdy A212676.

Billy has his gilt in a one-half acre lot near the house, with a stream of water running through it. He is now busy with the construction of a 10x10 house for her.

Besides the gilt, Billy has 7000 tobacco hills, one calf, one acre of corn and a quarter of an acre garden as his project program which keeps him quite busy.

He has set up a goal of $1800 00 to make by 1942, $275 00 of which he hopes to make this year.
