NO MATTER WHERE YOU LIVE

Modern REFRIGERATION IS ONE CONVENIENCE YOU CAN HAVE

WE GET a lot of pleasure out of selling Superfex refrigerators because there's nothing we can think of that brings so much pleasure—and profit—to our customers. They usually are people living far from town, where there aren't many other "conveniences." And that's where refrigeration is most important.

Most Economical

If there's any other refrigerator that operates as cheaply as Superfex, we never heard of it. The burners do 24 hours' work in about two hours and go out automatically. There's no continuous flame, and the cost for kerosene for a whole year is about $10—less than $1.00 a month.

Here's how we look at it—"Made by Perfection Stove Company", ten years of use in American farm homes, and the satisfaction these refrigerators are giving even on the equator, in Africa and the East Indies, is proof enough for anybody that they give dependable, trouble-free service. They have no moving parts to wear or get out of order, and no connections. You can use them, and move them anywhere, any time.

Saves Labor, Food, Money

Think of the thousands of tiresome steps this refrigerator will save in your home, the fewer trips to markets, the greater variety of foods you can keep fresh, ice cubes for refreshing drinks, dainty frozen desserts, dairy products and other foods kept cold, fresh and marketable.

Let us demonstrate Superfex, in your kitchen. Just mail a card or telephone us. No obligation.
