AUGUST 13, 1938

By request, there will be a meeting of the Democratic voters of Calvert county on Tuesday evening, August 16th, at 8 P. M., in the Court House at Prince Frederick.

GORDON B GIBSON

The Democrats of Calvert another week only to file nomination paper for the primary election. A full county list of county officers is open and should be filled in time to get the names on the primary ballot. The selection of suitable candidates by the primary vote is just as important as the selection in the general election. Unless suitable persons are selected in the primaries, the voters in the general election will be helpless.

In the general election will be chosen a United States Senator, Governor, Comptroller of the Treasurer, Attorney General, Clerk of the Court of Appeals, all State wide. Each Congressional District will elect a member of House of Representatives and our Judicial District two Associate Judges. In this county there is to be elected State Senator, two members of the House of Delegates, Clerk of the Court, Register of Wills, Sheriff, Treasurer, State's Attorney, three County Commissioners, three Judges of the Orphans' Court, candidates for all to be elected by primary election, Delegates to the State Conventions and members of the Central Committees will also be elected.

The law provides that a sitting of the officers of Registration shall be held on Tuesday preceding the primary election.

GEO. B. GRAY,
Prince Frederick, Md

Without adverse criticism of any of the other candidates for the democratic nomination for Governor, we commend to our county voters the candidacy of Senator I. G Baker, of Prince George county, whose campaign appears to be gaining attention throughout the State.

This is the first opportunity for many years that Southern Maryland has had an outstanding man to whom the voters can give their support, knowing that they are voting for one who is in very way worthy of their support. Senator Sasscer, the recognized leader of his party in his own county, has served with distinction in the State Senate, where he became first its leader and later the presiding officer of that body. In the last general and also the special session, when chaos and confusion, together with factional strife, threaten to render abortive all efforts to accomplish something be kept its test upon the ground and brought order out of chaos.

The voters of Calvert should unite with the rest of Southern Maryland in undivided support of our candidate.

Meeting of Public Officials Postponed.

President H. C. Byrd, of the University of Maryland, has announced that the meeting of public officials from all parts of the State which he called for Monday, August 10th, would have to be postponed until Monday, August 15th, in order that high federal authorities whose presence is felt necessary for the success of the meeting would be able to attend.

The meeting, intended primarily to stimulate applications for funds available through the Public Works Administration, and to acquaint those interested in the conditions of PWA grants and the procedure necessary in filing applications, is to be held in the Agricultural Building on the campus at College Park, since it is felt by authorities that this is a common meeting place at which all interested parties may meet.

CHEVROLET
"The Six Supreme"
LEADS THE FIELD IN SALES
BECAUSE IT LEADS IN VALUE

CHEVROLET

In a year of greater motor car values . . . a year when people are demanding the most for their money in everything they buy . . . people are giving Chevrolet clear-cut leadership over all other low-priced cars and trucks, and, in fact, over the entire automobile industry.

Value is always the victor, and, again in 1938, value is enabling Chevrolet—*The Six Supreme*—to win nationwide supremacy in automobile sales!

The latest official new car registration figures, compiled by R. L. Polk & Company, show that Chevrolet is leading all other makes of cars, regardless of type, size or price, by tens of thousands of deliveries.

For this we have to thank our millions of Chevrolet friends who have been quick to recognize the outstanding quality and outstanding dollar-value of this smarter, newer, more modern low-priced car.

These men and women have checked all makes of cars and all phases of car value—including style, performance, comfort, safety—and they are declaring in favor of the new 1938 Chevrolet by a decisive majority.

May we take this opportunity to thank Chevrolet owners and prospective owners most sincerely for their friendship, and may we make the following suggestion to you:

Buy where the majority of people are buying. . . . Visit your nearest Chevrolet dealer and invest in this most popular of all motor cars. . . . Choose a new 1938 Chevrolet—*The Six Supreme!*
