Ministers Discuss Civic Issues.

The campaign being carried on by the churches of Calvert county in favor of the 48-hour marriage law and against the lottery amendment entered its final phase last Sunday, when ministers throughout the county preached on both issues. "Let us rescue the wedding ceremony from commercialization," said Rev Douglas R. Chandler at Solomons, "and restore to Maryland marriages the honor God intended they should have. The 48-hour delay will be no hindrance to the right couple planning a lifetime of happiness together, but it might prevent the wrong couple from making a hollow farce of family life." "The question of marriage is all-important," maintained Rev. H. Kearney Jones, of Prince Frederick, "because this sacred institution lies at the root of the Christian family, which in turn lies at the foundation of a decent civilized society." Rev. Jacob E. Snyder declared at Smithville that "we can't allow a few unscrupulous ministers and business men to make a racket out of marriage."

Rev. C. E. Kirby said at Barstow, "For every winner in a lottery there are thousands of losers. The winners receive unearned prizes; the losers have wasted money. The whole process damages character. The lottery may replenish the State treasury, but at the expense of our most precious assets." Rev. G. A Thomas, of Lusby, urged "standing together against lotteries as a Christian duty that should be exercised in regard to every form of evil, be it ever so, however pleasant;" while Rev. T. A. Thomas, of Prince Frederick, spoke as follows: "Gambling is wrong because it destroys the vital principal of industry and promotes one man's gain through another man's loss. It is equivalent to stealing in that it takes away money without giving the equivalent in return." Dr. S. Paul Schilling commented, 'We don't legalize thievery and kidnapping in order to tax them for revenue. It is no less absurd to sanction lotteries under the guise of raising money for the State. Gambling is socially vicious, economically unsound, morally indefensible and spiritually destructive."

CALVERT COUNTY FAIR BOARD.

A Creditable Record.

Four years ago the voters of Calvert county placed the responsibility for the administration of the County Commissioners offi e upon the Republican Party by electing a majority of Republicans to that Board. The administration of the county's affairs during that time has proven economical, efficient and most creditable.

During the previous Democratic administration the average tax rate for the four years was $1.78½ on the $100. The present administration under the Republicans has brought about a reduction in the tax rate over the past four years by an average of $1.40½ or approximately a saving of 30c on each $100 assessment of the taxpayers during the four year period.

This saving has been accomplished through painstaking and careful business management and in spite of the fact that certain additional obligations were inherited from the preceeding Board. At the beginning of the present Board's administration the county's bonded indebtedness was $311,662, which indebtedness has been reduced to $178,192.00. The present Board has had to provide for the restoration of the teachers' salaries. For several of the county offices it has levied an extra year's salary, so that the business of the county might be put more nearly upon a cash basis. Much has been accomplished in road building affording many citizens easy access to the State Roads in their sections of the county. All of this has been done at a minimum of expense.

In effecting this substantial reduction in our taxes the Republican Board of County Commissioners, was not so fortunate as the preceding Board, which was relieved of levying anything for the retirement of Road Bonds, and for two years had the State pay the interest on the same and then charge that item back to Calvert county's deficit with the State Roads Commission. Instead the Republican Board has had to levy each year for twenty-five per cent of the allocation of the gasoline tax to retire the road bonds, and for the entire interest each year. With the mounting costs of administration, with additional costs and obligations, the Republican administration of county affairs has proven a definite, distinct and undisputed saving to the taxpayers of Calvert county.

Apart from partisan feeling, and basing our belief and confidence for the future upon the accomplishments of the past four years, we recommend to the voters and taxpayers of Calvert county the Republican candidates for County Commissioners: Vote for T. Stanley Sunderland, John W. Hutchins and John A. Monnett.

Farm Bureau Meeting.

The by-laws of the Calvert County Bureau require that directors be elected annually.
