JOHN BULES and GLADYS SWARFHOUT in Serialized by Wallace West

from the Paramount Picture of the same name.

Shortly after California's admission to the Union, Joe Kincaid, an American land-grabber, begins to plunder Spanish ranchos and file claims on them under the new law. He is opposed by Spanish vigilantes under a mysterious Don Carlos. Jim Kearney, a secret government agent traveling incognito, saves Kincaid from a vigilante hanging party and wins his confidence. Later, Jim meets Rosita, daughter of a wealthy, high-caste Spaniard, and falls in love with her. Her father, Don Pascual, objects to her interest in Jim and warns her that she must stop seeing him. Rosita promises her father that she will break with Jim. But she doesn't reckon with the power and quality
