BUNNY BERIGAN

The sizzling swing rhythms that form an indelible trademark for the music of Bunny Berigan, who brings his orchestra to the Hotel DuPont, Wilmington, Del., on December 26, through arrangements with the Music Corporation of America, have created an overwhelming demand on the part of his admirers for recordings made by the band leader.

Using the same technique that brought him phenomenal success with his engagements at the Pennsylvania Hotel in New York, the Pavillon Royal of Long Island, the Paramount Theatre in New York City, Paradise Restaurant in New York, Ritz Carlton in Boston and the Casa Manana in New York City, Berigan has made numerous recordings for Victor. Some of Berigan's latest Victor Recordings include "A Sky Of Blue With You," "It's The Little Things That Count," "Moonshine Over Kentucky," "Lovelight in the Starlight," "Sophisticated Swing," "A Serenade To The Stars," "Russian Lullaby," "When a Prince of A Fellow Meets a Cinderella," and many others.

was married to the Defendant on the 26th day of March, 1907, with whom he lived in the City of Philadelphia, Pennsylvania, until the ninth day of May, 1930; that the Complainant and Defendant have voluntarily lived separate and apart, without any cohabitation for more than five consecutive years, prior to the filing of his Bill of Complaint and said separation is beyond any reasonable expectation of reconciliation. That four children were born to this marriage. That the Complainant has resided in Cecil County, for more than two years before the filing of this Bill. The Bill then asks for a decree divorcing the Complainant from the Defendant a vinculo matrimonii and for such other and further relief as her case may require.

It is thereupon, this 15th day of December, 1938, by the Circuit

Nazi Hens Get Their Orders

Regimentation of all Nazi hens to increase their annual production of eggs from the present eighty to ninety apiece to 140 without increasing their feed allowance was announced today by Vetter, president of the Reich Association of Breeders of Hens.

Calling attention to the shortage in Germany of both hens and chicken feed, the *Berliner Tageblatt* in a two-column headline warned the chickens: "Every hen must lay 140 eggs yearly."

Windshield Dangers

Warning against the use of candles to melt ice or sleet from motor vehicle windshields is contained in a timely bulletin issued by the Keystone Automobile Club.

According to Matthew P. Hanley, Manager of the Eastern Shore Division of the Club, many accidents have occured as a result of this practice. Windshields have burst, due to unequal expansion, and in some instances flying glass has injured the eyes of motorists.

"Instead of candles," he said, "we recommend the use of salt for clearing windshields of cars not equipped with high grade electric or other heaters. A small bag containing an ounce or two of salt may be attached to the blade of the windshield wiper. As the wiper moves in its arc the salt water will keep the space clear.

"Another method found useful is to place sticks or blocks of rubber under the hood where it fits to the cowl, allowing a small aperture for the escape of engine heat, which will be blown by the fan directly against the windshield. Applications of glycerene to the windshield also are round effective, although not lasting."

In cases of burst or "exploded" windshields studied by the Club, it developed that the glass was of the type which is built in layers, with a cellulose center leayer designed to prevent shattering in case of collision. This cellulose material is a non-conductor of heat, and in consequence the heat of candles cannot penetrate readily to the outside layer. Instead, it rapidly expands the inside layers, causing them to crack or burst.

Wilson College Notes

Miss Mary L. Maxwell, of Rising Sun, Maryland, has been named local alumnae chairman ofr the Wilson College seventieth anniversary fund, and will direct the work of organizing the graduates in this community for their part in the campaign which the alumnae plan to carry on during 1939. Objective of the alumnae is the raising of a fund to build and endow a student alumnae hall on the campus at Chambersburg.

The proposed student alumnae hall will provide rooms for a variety of student and alumnae activities. It will contain rooms for social events, such as teas, dances and receptions, offices for student organizations and publications, headquarters of the alumnae association, guest rooms for visiting alumnae, and a fully equipped theatre seating 650 persons.

Mrs. Paul B. Thomas, of Baltimore is state chairman for the alumnae campaign. Other local chairmen in Maryland are Miss Edith S. Gardiner, Frederick; Mrs. Robert Smith, Taneytown; Mrs. Nelson H. Fritz, Salisbury; and Miss Ruth Gilpin, Baltimore.

BOWLING NOTES

Stanley Steele, young pin smasher with the Kenmore Mills team in the Monday Night League, on the Community Alleys, looks like he is out to set not only the league on fire, but to make things tough for the other top-pin men. This past Monday night Stanley walked in there and started to knock down pins. He bowled over 659 of them during the three games he rolled and thereby broke the record that he and Howard Deaver held together—646. He set a new one to shoot at, and if he keeps going like he has started he won't be content to let that one stand for long.

While Steele was turning in that nice chore Jack Purcell, of the Conowingo team, was doing some rolling too. He was on his way to touch Reynold's Mackey's record when he slipped over the foul line. Which temporarily upset him, knocked him out of thirty pins, but didn't stop him. He blazed away with a series of strikes and totaled 245 before he put his ball down. It was the week's best.

During the week-end special matches the Elkton teams all turned in a good account of themselves. The Community Alleys aggregation and the Coca Cola Bottle Babies, journeyed together to Baltimore where the "Big Five" upset the Bromo Seltzer team on the Charles Alleys and won the hot match by a thirty-five pin margin. On the adjoining runaways the Coca Cola gale rolled their best team score of the season, 2,119, to vastly subdue the Social Security Lucky Strikers who didn't have any luck at all. In fact the Elkton female stars spotted the Baltimore girls a hundred and fifty pins per game, and still won. Edna Denney's 184 took the West End Diner's pair of steak dinners. The Baltimore girls will be seen in Elkton on the night of Jan. 14.

In Wilmington the Coty Kays, from the local feminine league, rolled against the Calvert Reds and triumphed while the Elkton Roamers, under Cas Dunbar's leadership overcame the Silverbrooks to make it two straight against that team.

Airstreamed beauty of an impressive order is seen in this head-on view of the new 1939 Dodge Luxury Liner. The ornamental grille in the lower catwalks and ventilating slots in the bow section are divided by a broad band of polished chromium curving upward toward the radiator ornament. Note the headlamps, set flush into the fenders where they are 13 inches farther apart and closer to the road, thus giving improved night vision, especially in rainy or foggy weather.

Bronchial Coughs Need Creomulsion

Just a common cough, a chest cold, or a bronchial irritation of today may lead to serious trouble tomorrow. They may be relieved now with Creomulsion, an emulsified Creosote that is pleasant to take. Creomulsion is a medicinal combination designed to aid nature in soothing and healing infected mucous membranes by allaying irritation and inflammation and by aiding in loosening and expelling germ-laden phlegm.

The Medical Profession has for generations recognized the beneficial effect of Beechwood Creosote in the treatment of coughs, chest colds, and bronchial irritations. A special process was worked out by a chemist, for blending Creosote with other ingredients so that now in Creomulsion you get a good dose of genuine Beechwood Creosote which is palatable and may be taken frequently by both adults and children.

Creomulsion is one preparation that goes to the very seat of the trouble to help loosen and expel germ-laden phlegm. When coughs, chest colds and bronchial troubles due to common colds hang on, get a bottle of Creomulsion from your druggist, use it as directed and if you are not satisfied with the relief obtained, the druggist is authorized to refund your money. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)
