WHEN WIFE'S A-GO'N AWAY.

Somehow yarns around the grocery
Ain't so funny as before,
An' I'm all the time forgettin'
This or that 'ere little chore;
When I gin out in the kitchen,
Want to hang around an' stay;
Guess I'm foolish caus this en'nin',
Why—my wife's a-go'n' away.

She's a-fixin' things up for me,
With a thoughtful, lovin' care,
Tellin' me that somethin's here,
An' somethin' else is over there.
Lookin' sober, speakin' low voiced,
Though she hasn't much to say;
Ketch her eyes on me all dim like
Guess she hates to go away.

Wish 'twas over—wish 'twas way off—
Wish wo didn't have to part;
That's jist what I keep a thinkin',
An' afeelin' in my heart.
P'raps our speerits see much furder
Than the partin' of to-day,
An' jest hint what they can't tell us,
When a loved one's go'n' away.

Calls to mind another journey,
By an' by we all must go.
Wonder who's a gettin' ready
For the train that moves so slow?
Brings the tears to think about it,
So I git nigh her an' pray
It may be my time for startin'
Jest when she's a-go'n' away.

Self Control.

An expert and experienced official in an insane asylum said, a little time since, that these institutions are filled with people who have given up to their feelings, and that no one is quite safe from an insane asylum who allows himself to give up to his feelings. The importance of this fact is altogether too little appreciated, especially by teachers. We are always talking about the negative virtues of discipline, but we rarely speak of the positive virtues. We discipline the schools to keep the children from mischief, to maintain good order, to have things quiet, to enable the children to study. We say, and say rightly, that there cannot be a good school without good discipline. We do not, however, emphasize as we should the fact that the discipline of the school, when rightly done, is as vital to the future good of the child as the lessons he learns.

Discipline of the right kind is as good mental training as arithmetic. It is not of the right kind unless it requires intellectual effort, mental conquests. The experienced expert, referred to above, was led to make the remark to us by seeing a girl give way to the "sulks." "That makes insane women," she remarked, and told the story of a woman in an asylum who used to sulk until she became desperate, and the expert said," "You must stop it. You must control yourself." To which the insane woman replied, "The time to say that was when I was a girl I never controlled myself when I was well, and now I cannot." The teacher has a wider responsibility, a weightier disciplinary duty, than she suspects. The pupils are not only to be controlled, but they must be taught to control themselves, absolutely, honestly, completely.

—The tonic and alterative properties of Ayer's Sarsaparilla are too well-known to require the specious aid of any exaggerated or fictitious certificate. Witnesses of the marvelous cures effected by this preparation are to-day living in every city and hamlet of the land.

—First business man (busy with a pile of letters) "Yes, I'm most dead, and my correspondence not half done. I wish I could afford to adopt your plan. You dictate to that pretty girl type-writer yet, I suppose?" Second Business Man—"Dictate to her yet? Not much I don't. We're married now."

"Ah me!" sighed Potts, "I'm tired of living. The world is hollow, ambition's vain." "Come now!" said his chum, "I know the symptoms; It's all your liver—that's very plain.

You need not suffer, for help is easy; Pierce's Pellets go right to the place. "A friend to the bilious," I well might call them, There's nothing better; they'll suit your case." Potts ceased his sighing and bought the "Pellets." No more he mourneth his hapless lot! His face is cheerful, his heart is lightsome. His melancholy is quite forgot!

—A school teacher, recently, in giving primary language lessons, wrote upon the blackboard the words "Ingrain," "Brussels," "Wilton," and requested her pupils to write each a sentence containing one of these words.—One boy displayed his ingenuity as follows: "A hedgehog has Brussels on his back."

—Dr. Sage's Catarrh Remedy cures when every other so-called remedy fails.

—"I hear you have changed your boarding place?" "Yes; had to do it. My old place was too luxurious. A dinner of three courses, every day was ruining my digestive apparatus." "Three courses? What were they?" "Napkins, ice-water and toothpicks."

THEY NEVER FAIL.

No. 3 Fulton Market, New York City, January 26, 1881.

I have been using BRANDRETH'S PILLS for the last ten years. They are a wonderful medicine. There is nothing equal to them as Blood Purifiers and Liver Regulators. But I wish to state here remarkably they cure rheumatism and how easy I was affected by rheumatism of the legs.—My business (wholesale fish dealer) naturally leads me to damp places. I was so bad I could not walk, and at night I suffered fearfully; I tried Balsams, Sarsaparillas and all kinds of tinctures, but they did me no good and I was afraid of being a cripple. I finally commenced using Brandreth's Pills. I took two every night for ten nights, then I began to improve. I continued taking them for forty days and I got entirely well. Now, whenever sick, I take Brandreth's Pills. They never fail. J. N. HARRIS.

—The New York *Star* thus epitomizes the Republican demand this year: Prohibitory tariff, unrestricted immigration of cheap Chinese labor, free whisky, dear coats, high-priced dinner pails, more surplus, and free oleomargarine.

AN EXPLANATION.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word Malaria was comparatively unknown—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfathers called Biliousness, and all are caused by troubles that arise from a diseased condition of the Liver which in performing its functions finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

"Eat that," said the woman, sternly, placing a biscuit and a piece of steak before him, "and you will have both." The meal had been prepared by her daughter, who was teaching a cooking school in the city.

Eczema, Itchy, Scaly, Skin Tortures.

The simple application of "Swayne's Ointment without any internal medicine, will cure any case of Tetter, Salt Rheum, Ringworm, Piles, Itch, Sores, Pimples, Eczema, all Scaly Skin Eruptions, no matter how obstinate or long standing. It is potent, effective, and costs but a trifle.

—"What do you want?" exclaimed the woman of the house, angrily, as she faced the tramp at the kitchen door, "breakfast or work?" "Both, ma'am," said the hungry wayfarer, timidly.

Piles! Piles! Itching Piles.

SYMPTOMS—Moisture; intense itching and stinging; most at night; worse by scratching.—If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulcerations, and in most cases removes the tumors. At druggists, or by mail, for 50 cents.—Dr. Swayne & Son, Philadelphia.

CHESAPEAKE -:- GUANO,

For wheat and all crops where immediate results and permanent improvement of the soil are desired. Read what one of the largest and most intelligent farmers in Virginia says:

FRONT ROYAL, Va., July 8th, 1886.—*Gentlemen:* Repiying to your inquiry as to the result from the use of the Chesapeake Guano bought of you last season, I take pleasure in saying I have just reaped the heaviest crop of wheat from the land on which I used it, that I ever raised in an experience of 40 years farming. I sowed it beside other goods of equal cost, and have no hesitancy in saying the Chesapeake made decidedly the most wheat, and I shall use it largely this fall.

Very truly, yours, J. H. DOWNING.
