Also, Sweet Potato Plants in season.

I have Tomato and Egg Plants in Pots, of an extra large size, for early use, at 50 cts. per doz., pots included. They can be set out in the dryest season without retarding their growth in the least, and will ripen *at least* three weeks sooner than those drawn and planted, and can be sent to any distance. I would call especial attention to my Tomato Plants. I procured last season several papers of seed represented to be the genuine Imported Large Red Smooth Tomato Seed. I sowed and planted them separate, and found them to be as represented, and kept them for seed. I gathered them myself, from the earliest and largest they bore, and think them vastly superior to any I have seen.

All orders by mail will be promptly attended to, and the Plants carefully packed so as to keep several days, and delivered at any designated place in Chestertown, or on board of the steamboats.

PROSPECTUS OF

The Cosmopolite.

ON the first of January we commenced the publication in the City of Baltimore of a

MONTHLY LITERARY MAGAZINE.

There is no publication of this character now issued South of New York City, and the closing of the war has left a large portion of the people of the country with no literary representative.

The COSMOPOLITE will be devoted to Literature, Art, Review, Scientific Papers and General Reading, and we shall number among its contributors some of the first literary men of the South, with others from the North and from London and Paris.

All matter not original will be carefully selected from the newest and best of the English, French and German publications; and its Editors will spare no effort or expense to make it rank with the *very first* Magazines of the country.

As its name imports, we have established THE COSMOPOLITE upon no sectional basis. We hope to make it the organ of general literature alone, and will be uninfluenced by any party or clique whatever.

It will be mailed to subscribers in any part of the country upon receipt of the following

SUBSCRIPTION:

Single Copies, for one year,				$ 4 00
Five	"	"	"	18 00
Ten	"	"	"	33 00

THE COSMOPOLITE will be generally distributed among the Merchants and Planters of the South, and we will add, for their information, a few advertisements, at moderate rates. Liberal deductions will be made to booksellers and news dealers. Address

NEW SKIRT FOR 1865-6.

The Great Invention of the Age in
HOOP SKIRTS.

J. W. BRADLEY'S New Patent DUPLEX ELLIPTIC (or double) SPRING SKIRT.

This invention consists of Duplex (or two) Elliptic Pure Refined Steel Springs, ingeniously braided tightly and firmly together edge to edge, making the toughest, most flexible, elastic and durable spring ever used. They seldom bend or break, like the single springs, consequently preserve their perfect and beautiful shape more than twice as long as any single spring skirt that ever has or can be made.

The wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded assemblies, operas, carriages, railroad cars, church pews, arm chairs, for promenade and house dress, as the skirt can be folded when in use to occupy a small space as easily and conveniently as a silk or muslin dress.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will never afterwards willingly dispense with their use. For children, misses and young ladies they are superior to all others.

The Hoops are covered with 3 ply double twisted thread and will wear twice as long as the single yarn covering which is used on all single steel hoop skirts. The three bottom rods on every Skirt are also Double Steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, etc., etc., which they are constantly subject to when in use.

All are made of the new and elegant Cord-ed Tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest, most desirable, comfortable and economical skirt ever made.

WESTS' BRADLEY & CARY, Proprietors of the Invention, and Sole Manufacturers, 97 CHAMBERS, and 79 & 81 READE streets, New York.

For sale in all first-class stores in this city, and throughout the United States and Canada, Havana de Cuba, Mexico, South America, and the West Indies.
