NEW SKIRT FOR 1865-6.
The Great Invention of the Age in
HOOP SKIRTS.
J. W. BRADLEY'S New Patent DUPLEX ELLIPTIC (or double) SPRING SKIRT.

This invention consists of Duplex (or two) Elliptic Pure Refined Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most flexible, elastic and durable spring ever used. They seldom bend or break, like the single springs, consequently preserve their perfect and beautiful shape more than twice as long as any single spring skirt that ever has or can be made.

The wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded assemblies, operas, carriages, railroad cars, church pews, arm chairs, for promenade and house dress, as the skirt can be folded when in use to occupy a small space as easily and conveniently as a silk or muslin dress.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will never afterwards willingly dispense with their use. For children, misses and young ladies they are superior to all others.

The Hoops are covered with 3 ply double twisted thread and will wear twice as long as the single yarn covering which is used on all single steel hoop skirts. The three bottom rods on every Skirt are also Double Steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, etc., etc., which they are constantly subject to when in use.

All are made of the new and elegant Corded Tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest, most desirable, comfortable and economical skirt ever made.

WESTS' BRADLEY & CARY, Proprietors of the Invention, and Sole Manufacturers, 97 CHAMBERS, and 79 & 81 READE streets, New York.

For sale in all first-class stores in this city, and throughout the United States and Canada, Havana de Cuba, Mexico, South America, and the West Indies.

CORN AND OATS

BERGER & BUTZ'S
EXCELSIOR
SUPER PHOSPHATE OF LIME.
AND
BERGER & BUTZ'S
AMMONIATED
SUPER PHOSPHATE OF
Lime.

WE OFFER to the Farmers of Kent and the adjoining counties these well known Fertilizers for the Spring seeding. BERGER BUTZ'S EXCELSIOR SUPER PHOSPHATE OF LIME has for the last five years undergone the most rigid tests upon all crops and has never been excelled. It not only acts immediately upon the crop, but is certain to produce a heavy growth of grass. BERGER & BUTZ'S AMMONIATED SUPER PHOSPHATE OF LIME we guarantee to be a good article.

We give a certificate from one of the most reliable Farmers in New Jersey, showing the effect upon Wheat, Oats and Corn.

Hopewell Township, Cumberland Co., N. J., August 7th, 1860.

MESSRS. BERGER & BUTZ:

I have now used your Super Phosphate of Lime for two seasons. Last Fall I used it upon part of my Wheat, which has turned out as well as where I manured with good barn-yard manure.

This last Spring I put in my oats with it; the oats were sown upon poor ground, still the yield was most excellent, far better than I had any reason to expect.

I also used it upon Corn alongside of another well known Fertilizer. The drought has been very severe this Summer, and the corn is therefore backward, still your Phosphate has done very much better than the other, and does not seem to have suffered so much from the drought. I consider your Super-Phosphate of Lime not only a good manure, but better than any other Fertilizer I ever used.

Yours, respectfully,
ROBERT JONES.

We will say to Farmers and Dealers in Fertilizers, that by the introduction of

NEW AND IMPROVED MACHINERY

into our Factory, our articles will be much better prepared than heretofore,

AND IF IT IS NOT FOUND TO BE IN EVERY WAY EQUAL TO THE ORIGINAL STANDARD, WE WILL NOT DEMAND ONE DOLLAR FOR OUR ARTICLES.
