ARE respectfully referred to the above FERTILIZERS as being prepared in the best manner, thoroughly reliable, and in every way calculated to give universal satisfaction.

They are extensively known, having been used with great success during the past six or seven years.

Read the following opinion of one of the best Chemists of this country:

CHEMICAL LABORATORY,
No. 108 ARCH ST., PHILADELPHIA,
April 10th, 1866.

During the last five years I have been in frequent consultation with Mr. George M. Woodward, Manufacturer of Messrs. *Berger & Butz's* artificial manures, in regard to the preparation of their Super Phosphate of Lime, etc. The materials used in these Fertilizers, are in all cases subjected to my examination and analyses before purchase. Being fully acquainted with their formula and methods of manufacture, I can assure those interested in the purchase and sale of Fertilizers, that their "*Excelsior*" and "*Ammoniated*" Super Phosphate of Lime are of such a character, as must render them of great value to the farmer, and place them amongst the best *Fertilizers* now in the market.

F. A. GENTH.

We guarantee these Fertilizers to be Unadulterated.

By the introduction of
NEW AND IMPROVED
MACHINERY
into our Factory, these articles will be much better prepared than formerly.

TEETH EXTRACTED WITHOUT PAIN.

NITROUS OXIDE.

I DESIRE to call the attention of those who are suffering with bad teeth, for fear of having them extracted (as there is nothing more calculated to undermine the constitution than decayed teeth) *that the time has come, and now is*, when they can get their teeth taken out without pain, AND THAT IN CHESTERTOWN.

When I first introduced this powerful anesthetic, I was called upon to vouch for its innocency and happy effect. That I could not then do, only upon the authority of other responsible operators. But as I have now practical knowledge of its effect, it gives me great pleasure to say to all, that I feel no hesitation in now vouching for it, as it far surpasses my expectation.
