I must here return thanks to three of my debtors who, unsolicited, called and paid their accounts; but one had been standing over *two years*. NOTICE:

To all Whom it may Concern.

I DESIRE Tax Payers to understand that Taxes are due on the first day of July, and not, as many seem to think, on the first of January. I also desire to collect all the taxes in my District before the first of January next, so that I may be prepared to pay promptly all levies when demanded. It cannot be expected that I should wait with tax payers until the first of January, as at that time all levies upon me are due. This notice is deemed sufficient to show the necessity of prompt payment, and parties need not flatter themselves with long indulgence, as I am determined to collect the taxes within a reasonable time, and will resort to the law in every case where it may be necessary.

I can be found at the Court House, Chestertown, every day.

RHODES,

BOOT AND SHOE ESTABLISHMENT,

No. 159 Pratt St., Baltimore.

BOOTS AND SHOES.

In soliciting the patronage of the public, in the above business, asks to invite their attention to a few plain facts in connection with the art of Boot and Shoe making, and particularly to the fitting of the same. Being fully convinced that the pain and inconvenience under which so many persons suffer arises from unequal pressure on certain portions of the feet, which causes corns, bunnions, and other unnatural formations of the foot, may be removed with due attention to the formation of the Boot or Shoe.

S. P. RHODES

GUARANTEES

A GOOD AND EASY FIT,

Each article being made under my own superintendence. It is an indisputable fact that corns and bunnions are caused by unequal pressure on the foot; if the boot or shoe, therefore, be not formed according to the position of the foot when the weight of the body presses upon it, there must of necessity, be an unequal pressure, which, with the friction occasioned by walking, irritates and produces those afflictions. Hence, it is from the boots or shoes not fitting the foot properly, a defect solely to be attributed to the manufacturer, who may not possess sufficient knowledge of his business, that has caused so many to suffer from the ignorance of the few, both in health and wealth; in the former instance by the pain occasioned by corns, &c., and in the latter by compelling persons to cut their boots and shoes to give ease, or sacrifice such articles before they are half worn out, and inflicting grievous wrong upon the public at large, in regard to that essential point—the properly fitting of the foot.

Boot making ought to be regarded as an important science, although it is generally considered as a very simple business. This arises from the great number of boot and shoe sellers, not manufacturers, many of whom are not in the slightest degree acquainted with the making of either; and many of the articles sold by such persons are frequently made from the one last, as if all person's feet were precisely the same shape, a thing as utterly impossible as it is to see two persons with precisely the same features. The fact is, they are made for sale, and the comfort of the purchaser is not in the slightest degree attended to, while the material is frequently the very worst, the workmanship inferior, cheapness being the only point considered; but it often turns out the dearest. S. P. RHODES will not adopt that course, and assures those who favor him with a trial, that the article shall be manufactured of the best material, and best workmanship, and at the lowest remunerative prices.

I have now on hand a fine lot of GENT'S *BOOTS, SHOES AND GAITERS.*

I take the draft of your foot, so the boot or shoe is shaped to it. Corns cut, and all other imperfections of the feet attended to, without causing the slightest pain. Persons waited on at their own houses.

Remember the old stand,

S. P. RHODES,

Successor to the late Henry Peck,

who successfully carried on the above business for over fifty years. All measures, books and lasts kept, and I hope the old customers and the public in general will give me a trial.

During the last five years I have been in frequent consultation with Mr. George M. Being fully acquainted with their formula and methods of manufacture, I can assure those interested in the purchase and sale of Fertilizers, that their *"Excelsior"* and *"Ammoniated"* Super Phosphate of Lime are of such a character, as must render them of great value to the farmer, and place them amongst the best *Fertilizers* now in the market.

COPARTNERSHIP.

BALTIMORE, MARCH 1st, 1865.

THOMAS NORRIS, for TEN years past engaged in the sale of *AGRICULTURAL IMPLEMENTS* and Machines, FIELD and GARDEN SEEDS, etc., respectfully informs his friends and customers, that he has this day associated with him Mr. JOEL PUSEY, of Havre de Grace, very favorably known to many of the farmers of Maryland. The business will be continued under the name and style of

NORRIS & PUSEY,

at the old stand, No. 141 PRATT STREET, (near Light.) The senior partner tenders his grateful acknowledgments to his many friends who have so liberally patronized him, and solicits for the new firm a continuation of their favors.

In addition to the old business, the subscribers will be prepared to transact, in an extensive way, the

Lime, Plaster and Cement Business.

Yielding to the solicitations of many friends in the country, they beg to offer their services as

General Commission Merchants

for the sale of GRAIN and all kinds of *Country Produce.*

By a faithful attention to business, they expect to merit a good share of public favor, and ask a continuation of the patronage of old customers, and a fair trial by new ones.

They will continue the sale of *Wood's Prize Mower, Wood's Self-Raking Reaper, Westinghouse's Horse Powers and Threshing Machines, Beckford & Hoffman's Grain and Guano Drills, Van Wickle's Grain Fans*, and many other Implements and Machines, of superior merit.

They assure their customers that they are prepared to furnish any article in their line on as good terms as they can be supplied by any house in Baltimore.

Circulars, Catalogues, etc., giving descriptions, prices, &c., will be furnished on application.
