Farmers and Dealers

ARE respectfully referred to the above FERTILIZERS as being prepared in the best manner, thoroughly reliable, and in every way calculated to give universal satisfaction.

They are extensively known, having been used with great success during the past six or seven years.

Read the following opinion of one of the best Chemists of this country:

CHEMICAL LABORATORY,
No. 108 ARCH ST., PHILADELPHIA,
April 10th, 1866.

During the last five years I have been in frequent consultation with Mr. George M. Woodward, Manufacturer of Messrs. *Berger & Butz's* artificial manures, in regard to the preparation of their Super Phosphate of Lime, etc. The materials used in these Fertilizers, are in all cases subjected to my examination and analyses before purchase. Being fully acquainted with their formula and methods of manufacture, I can assure those interested in the purchase and sale of Fertilizers, that their *"Excelsior"* and *"Ammoniated"* Super Phosphate of Lime are of such a character, as must render them of great value to the farmer, and place them amongst the best *Fertilizers* now in the market.

F. A. GENTH.

We guarantee these Fertilizers to be Unadulterated.

By the introduction of
