Chestertown, June 8, 1867.

Mears' Infallible
(SUGAR-COATED)
AGUE PILLS.
NEVER FAIL!

Mears' Wonderful Ague Pills

are unrivalled for the cure of **Chills and Fever.** Hundreds of persons who have been afflicted with this distressing complaint for months, after trying Quinine in vain, have been speedily cured by them.

They are warranted not to contain a particle of Quinine, Arsenic, or any other deleterious drug: on the contrary, they are a most excellent tonic and alterative, promoting the appetite, and renovating and strengthening the system. For a torpid liver, or any bilious derangement, they will be found an excellent remedy—gently stimulating the liver to an increased action—thus removing the most troublesome source of this distressing disease.

Those living in districts where Chills and Fever prevail *should never be without these Pills;* and on the *first appearance* of the symptoms, should take a few, and thus ward off an attack.

They may be taken by old or young, and at any time, without the slightest regard to diet or exposure.

BRISTOL, August 1st, 1866.

This is to certify, that I am acquainted with the formula of MEARS' CELEBRATED FEVER AND AGUE PILLS, and I have *used the same very extensively* in my practice, and have never known them to fail when used according to directions; on the contrary, I have *succeeded with them*, in many instances, after TRYING QUININE IN VAIN.

E. J. GROOM, M. D.

NEWPORTVILLE, Aug. 1st, 1866.

This is to certify, that I am acquainted with the formula of MEARS' FEVER AND AGUE PILLS, and I have no hesitation in pronouncing them *a perfectly reliable and sure cure* for all forms of this distressing disease, if taken acoording to directions.

RICHARD DINGEE, M. D.

ATTENTION IS CALLED TO THE AMERICAN

Fruit Drying House!

IN presenting this new and most useful invention to the public, we feel satisfied that we are supplying a want which all Fruit Growers have long experienced. It is a means of preserving in the most perfect manner all Fruits or Vegetables, such as PEACHES, APPLES, Pears, Plums, Cherries, Berries of all kinds, Green Corn, String Beans, Green Peas, &c.

It is a house, with a furnace attached in such manner as to cause a constant and rapid circulation of heated air within, or passing regularly through and out at the top of the house by two valves to turn off or on the heat as the drying process may require, carrying off immediately all the watery elements of the Fruits, and preserving all the aromatic properties without the least fermentation or decomposition.

The Fruits are not discolored but remain perfectly fair and pure, free from all manner of dirt, flies or wet weather. It only requires about six to eight hours (just as you give attention) to dry them perfectly. Fruits thus dried are of double the value of those dried in the ordinary way.

See handbills for testimonials. The following, from a well known citizen of Kent county, is all that is deemed necessary to give here:

MR. P. MCN. THOMAS,—*Dear Sir:* The fruit drying House, that I bought of J. W. Patterson, agent for Jasper Billings, patentee, I am very much pleased with, and recommend it to all Fruit Growers as a means of saving much of their fruit. Fruit dried in it is much superior to that dried in the ordinary way. It gave entire satisfaction last season. JOHN GALE.

WORTON MANOR, July 1st, 1867.

Price of House, drying from 10 to 15 bushels per day..... $40.00
Do. Do. Drying more..... 50.00

You are aware that enough fruit is lost from falling off trees in all orchards, if saved, to pay for several of these houses. Houses manufactured by Stewart & Bro., Chestertown, and by Harbourd & Clinton, Still Pond.

April 20, 1867.

THE

SCIENTIFIC AMERICAN

FOR 1867!

VOLUME X.—NEW SERIES.

A NEW Volume of this popular Journal commenced on the first of January. It is published WEEKLY, and every number contains sixteen pages of useful information, and from five to ten original engravings of new inventions and discoveries, all of which are prepared expressly for its columns.

TO THE MECHANIC AND MANUFACTURER.

No person engaged in any of the mechanical or manufacturing pursuits should think of "doing without" the SCIENTIFIC AMERICAN. It costs but six cents per week; every number contains from six to ten engravings of new machines and inventions, which can not be found in any other publication.

TO THE INVENTOR.

The 'Scientific American' is indispensable to every inventor, as it not only contains illustrated descriptions of nearly all the best inventions as they come out, but each number contains an Official List of the claims of all the Patents issued from the United States Patent Office during the week previous; thus giving a correct history of the progress of inventions in this country. We are also receiving, every week, the best scientific journals of Great Britain, France, and Germany; thus placing in our possession all that is transpiring in mechanical science and art in these old countries. We shall continue to transfer to our columns copious extracts from these journals of whatever we may deem of interest to our readers.

A pamphlet of instruction as to the best mode of obtaining Letters Patent on new inventions, is furnished free on application.

Messrs. MUNN & CO. have acted as Patent Solicitors for more than SEVENTEEN years, in connection with the publication of the Scientific American, and they refer to 20,000 patentees for whom they have done business.

No charge is made for examining sketches and models of new inventions and for advising inventors as to their patentability.

Chemists, Architects, Millwrights and Farmers.

The Scientific American will be found a most useful journal to them. All the new discoveries in the science of chemistry, are given ni its columns, and the interests of the architect and carpenter are not overiooked; all the new inventions and discoveries appertaining to these pursuits being published from week to week. Useful and practical information pertaining to the interests of millwrights and mill owners will be found in the Scientific American, which information they can not possibly obtain from any other source. Subjects in which farmers are interested will be found discussed in the Scientific American; most of the improvements in agricultural implements being illustrated in its columns.

TERMS.

To mail subscribers:—Three Dollars a year or One Dollar for four months. The volumes commence on the first of January and July. Specimen copies will be sent gratis to any part of the country.

MUNN & CO., *Publishers,*

Jan. 9, 1865. 37 Park Row, N. Y

KENT COUNTY

MACHINE SHOP,

AT GALENA.

THE UNDERSIGNED beg leave to inform the Farmers of Kent and adjoining Counties that they are prepared to do all kinds of AGRICULTURAL MACHINE REPAIRING, at short notice.

They also put up in good order the celebrated *PENNINGTON IMPROVED REAPER*, which is of Central Draught, runs easy for four horses, and will cut from 25 to 30 acres per day; it cuts a 6 ft. 6 in. swath, and can have a MOWER attached in a few minutes. It gives general satisfaction, as has been certified to by many able farmers of Kent and Cecil counties.

They also build HORSE POWERS AND THRESHERS, of modern style, which in good wheat will thresh and clean from 4 to 6 hundred bushels per day.

They make and have for sale the following kinds of PLOWS AND PLOW CASTINGS: Nos. 9, 10 and 11 Coucave; 1, 2 and 0 Pratt & Davis; No. 4 Wiley, and two-furrowed Plows of excellent model, and not surpassed in smoothness or temper by any made or used in this State.

Mill Spindles, Shafts and Picks made and repaired to order, and in good style.

Cultivators and Cultivator Teeth, Farm Hinges, Harrows, &c., for sale wholesale and retail, and on reasonable terms.

TRAPPE CORNER.

PHILADELPHIA UNIVERSITY

OF

MEDICINE AND SURGERY.

THE Philadelphia University of Medicine and Surgery was organized in 1848. Chartered by the Legislature, February 26, 1853. Name changed by a legislative enactment to the Eclectic Medical College of Philadelphia in 1860. In 1863 it purchased the Pennsylvania Medical College, established in 1842, and the Philadelphia Medical College, which had previously been merged into the Pennsylvania Medical College. In 1864 it purchased the Penn Medical University. The Trustees of the separate schools united, petitioned, and obtained a special act of the Legislature, consolidating these institutions and changing their names to that of the Philadelphia University of Medicine and Surgery, March 15, 1865. All these various acts are published in the statutes of Pennsylvania. The cost of the building and museum was over one hundred thousand dollars. It will be observed that the University, as now organized, is the legal representative of the four medical Colleges that it has absorbed. It is a liberal school of medicine, confined to no dogma, nor attached to any medical clique; but embraces in its teachings everything of value to the profession.

Sessions.—It has two full sessions each year, commencing on the 1st of October, and continuing until the 1st of January as its first session, and from the 1st of January to the 1st of April as its second; the two constituting one full course of lectures. It has also a summer session, commencing the 1st of April and continuing until August, for the preparatory branches, such as Latin, Greek, Mathematics, Botany, Zoology, Chemistry, Anatomy, Physiology, etc.

Tickets.—Tickets to the full course of lectures $120, or $60 for each session. For the summer or preparatory course $25. Graduating fee $30. To aid *young men of moderate means*, the University has issued *five hundred scholarships*, which are sold to first-course students, for $75, and to second-course students and clergymen for $50, each constituting the holder a life member, with the perpetual privileges of the lectures, and all the teachings of the school. The only additional fees are a yearly dissecting and matriculating ticket, each of which is $5.

The Adeantages of Scholarships.—The student holding a scholarship can enter the College at any time during the year, attend as long as he chooses, and re-enter the institution as frequently as desired.

It requires no previous reading or study to enter the University on scholarships, hence, all private tuition fees are saved.

Students, by holding scholarships, can prosecute other business a part of the time.

The candidate for graduation can present himself at any time, and receive his degree as soon as qualified.

In case a student should hold a scholarship and not be able to attend lectures, it can be transferred to another, thus preventing any loss.

Parents, guardians, or friends of students wishing to purchase scholarships for them a year or more before their attendance at the University, can secure them by advancing one-half the price, and paying the balance when the student enters. Physicians and benevolent men can bestow great benefit upon poor young men, by presenting them a scholship, and thus enabling them to obtain an honorable profession.

The Faculty embraces seventeen eminent physicians and surgeons. The University has associated with it a large hospital clinic, where every form of medical and surgical disease is operated on and treated in the presence of the class.

COLLEGE BUILDING.—The College building, located in Ninth Street, south of Walnut, is the finest in the city. Its front is collegiate gothic, and is adorned with embattlements and embrasures, presenting a novel, bold, and beautiful appearance. The facade is of brown stone, ornamented by two towers, rising to the elevation of eighty feet, and crowned with an embattled parapet. The building contains between fifty and sixty rooms, all supplied with water, gas, and every other convenience that modern improvement can contribute to facilitate medical instruction. Only five hundred scholarships will be issued, and as two hundred and fifty are now sold, those who wish to secure one should do so at once. Money can be remitted by express, or a draft or check sent on any National bank in the United States, when the scholarship will be returned by mail, signed by the President of the Board of Trustees, Jos. S. Fisher, Esq., and the Dean of the Faculty, W. Paine, M. D. All orders for scholarships or other business of the University, should be addressed to Professor W. Paine, M. D, Philadelphia, Pa. June 15, 1867.

DR. B. MISHLER'S

CELEBRATED

MEDICINAL HERB BITTERS.

MESSRS. A. AITKEN & CO., are my authorized State Agents for Maryland, No. 139½ N. GAY STREET, between High and Exeter Streets, Baltimore, Md.

BENJAMIN MISHLER, Proprietor.

$100 REWARD!

I will pay to any Doctor or member of the Medical Fraternity the sum of $100 for any compound that possesses more medicinal virtues and curative powers than Mishler's Herb Bitters. B. MISHLER, Proprietor.

$500 REWARD.

I will pay $500 to the proprietor of any medicine that can show a greater number of genuine certificates of cures effected by it near the place where it is made, than Mishler's Herb Bitters—of Primary Consumption, Dyspepsia, Liver Complaint, Bloody Flux, Diarrhœa, Typhoid, Remittent, Intermittent and Bilious Fevers, Fever and Ague, Cholera Morbus, Yellow Jaundice, Scrofula, Running or Sore Legs, Cancer, Abcess, Neuralgia, Rheumatism, Coughs, Colds, Cramp in the Stomach Chronic Diarrhœa, Pile, Tetter, Scald Head, Ophnema, or falling away sickness peculiar to children, Leuchorrhœa, Falling of the Womb, all obstructions to the due course of nature in females, all venereal diseases, and all complaints arising from impure blood or a weak and disordered state of the Stomach, Liver, or Kidneys. Certificates of cures of the Yellow Fever in Mexico can also be furnished. Remember, if it does not cure, the money will be refunded by the proprietor.

BENJAMIN MISHLER.
