A NEW STORE

To be Added to the Multitude already in Chestertown.

THE subscribers have leased a part of the new building below the Bank, for the purpose of engaging in the Mercantile business; they will keep a General Stock of Merchandise such as is usually kept in a country store, except Boots and Shoes, that branch of the business in the new building will be supplied by Mr. J. W. Collins, on the corner.

For the present the business will be conducted on the

CASH SYSTEM

or its equivalent, not because we are unwilling to accommodate our friends and the public, (for the credit business is desirable because it is decidedly more profitable) but simply for the want of means to do so.

☞We will purchase our Goods at net cash prices as near first hands as possible, and sell them at *SMALL PROFITS* for CASH or Produce, and under some circumstances for thirty and sixty days.

We intend to do a legitimate business, not selling some goods below cost to make an impression,

But the Entire Stock will be Offered at Small Profits and always at ONE PRICE.

We will do our best to make it the interest of the public to deal with us. We have made arrangements to supply the LADIES with Fine Goods, such as cannot be kept in sufficient quantities in the Country from a FIVE HUNDRED DOLLAR SHAWL, a Silk Dress, a Lace Collar or Handkerchief down to a pair of Jouvins Best Kidd Gloves of any size or color. We will consider it no trouble to show our goods, and when desired, goods purchased of us will be sent to any part of the town if it is not convenient for our customers to send for them. Persons from the country purchasing goods from us, can have them delivered at the Hotels or at the end of the Bridge in Queen Anne's. We consider it at present unnecessary to enumerate articles.

Our friends and the public are invited to call and examine our stock.

Furniture.

We are of the opinion that the demand for furniture particularly of the better grades has not been supplied to this market. We intend to keep a well selected stock of

CHEAP and GOOD SUBSTANTIAL FURNITURE,

which will be bought of the Manufacturers at the lowest net Cash prices, and sold at MODERATE PROFITS. Samples of many kinds will be on hand, and arrangements will be made with Manufacturers to fill orders for any description of furniture at city prices. Furniture sold to go to Queen Ann's will be delivered at the end of the Bridge in Queen Ann's, or on the Steamboats free of charge, securely packed, and warranted to be as represented.

CARPETS AND OIL CLOTHS.

We will also have connected with the store, a room for Carpeting and Oil Cloths and many other Goods in that line. Oil Cloths for Halls and Rooms in one piece, all at city prices. And

LAST BUT NOT LEAST

We have been appointed agents for Two First Class SEWING MACHINES the

Grover and Baker AND THE HOWE SEWING MACHINE,

the GROVER and BAKER is used in the family of the Rev. Mr. GOODWIN, Pastor of the Protestant Episcopal Church, Rev, Mr. MURRY Pastor of the Methodist Protestant Church and the Rev. Mr. QUIGG Pastor of the Methodist Episcopal Church to whom we refer by permission,

The HOWE MACHINE is made by the Company of which Elias Howe, the inventor of the Sewing Machine was the President, (lately deceased,) it must be supposed that he knew how to make a sewing machine and it only needs to be tried. The Sewing Machines will be kept in a room fitted up for that purpose, where persons desiring to purchase will be instructed how to use them—All necessary supplies will be kept for these machines, and we will guarantee the prices at which the machines are sold to be the same as the city prices, from $55 up.

The Ladies will feel at liberty to visit the sewing machine room whenever inclined to do so.

ATTENTION IS CALLED TO THE
AMERICAN

Fruit Drying House!

IN presenting this new and most useful invention to the public, we feel satisfied that we are supplying a want which all Fruit Growers have long experienced. It is a means of preserving in the most perfect manner all Fruits or Vegetables, such as PEACHES, APPLES, Pears, Plums, Cherries, Berries of all kinds, Green Corn, String Beans, Green Peas, &c.

It is a house, with a furnace attached in such manner as to cause a constant and rapid circulation of heated air within, or passing regularly through and out at the top of the house by two valves to turn off or on the heat as the drying process may require, carrying off immediately all the watery elements of the Fruits, and preserving all the aromatic properties without the least fermentation or decomposition.

The Fruits are not discolored but remain perfectly fair and pure, free from all manner of dirt, flies or wet weather. It only requires about six to eight hours (just as you give attention) to dry them perfectly. Fruits thus dried are of double the value of those dried in the ordinary way.

See handbills for testimonials. The following, from a well known citizen of Kent county, is all that is deemed necessary to give here:

MR. P. MCN. THOMAS,—*Dear Sir:* The fruit drying House, that I bought of J. W. Patterson, agent for Jasper Billings, patentee, I am very much pleased with, and recommend it to all Fruit rowers as a means of saving much of their fruit. Fruit dried in it is much superior to that dried in the ordinary way. It gave entire satisfaction last season. JOHN GALE.
WORTON MANOR, July 1st, 1867.

Price of House, drying from 10 to 15 bushels per day..... $40.00
Do. Do. Drying more.....50.00

You are aware that enough fruit is lost from falling off trees in all orchards, if saved, to pay for several of these houses. Houses manufactured by Stewart & Bro., Chestertown, and by Harbourd & Clinton, Still Pond.

Published by E. S. ZEVELY, Baltimore, Md.

DEVOTED to Education in its widest sense—mentally, morally, physically, at home and in the school-room—which will make it a readable journal for all.

This Journal is practical in purpose, substantial in matter, attractive in style. And although from its title it may be supposed that its pages are wholly devoted to school matters, such will not be the case hereafter. The subject of Education is a much broader one than many imagine, and the idea of the publisher of this Journal, as announced in the outset, is to make it very comprehensive.—The flashy publications of the day, filled with trashy tales, are devoted to Education, and that of a very useless if not injurious character. Not so with this Journal.

We solicit the interest and co-operation of all. Some one in every neighborhood and town wanted to secure subscribers. Liberal cash premiums paid to agents,

OF INTEREST TO THE READING PUBLIC.

On the first of January, 1868, there will be published simultaneously in the cicies of New York and Baltimore the first number of a new monthly Magazine, to be called

"THE NEW ECLECTIC."

It will possess the following distinctive features, which it is hoped will recommend it to the favor of a large portion of the reading public.

1st It will embrace the whole field of American, English and Continental periodical literature, and after a comprehensive and careful monthly review, will republish only such articles as bear evidence of the highest ability, the purest principle, and the most complete adaptness to the wants of American readers and the general necessities of the age.

2d. It will refuse to identified with the principles of any party or sect, political or religious, but will seek to bring before a discriminating public views of the most asteemed and temperate organs of the more prominent schools which divide the suffrages of the thinking world, with a view to promote the growth of an intelligent, healthful operative public opinion.

3rd. The selections will come under the general heads of Politics, Sociology, Religion, Belles Letters, Biography, History, Science and Art; and the aim will be to keep busy mercantile and professional men accurately and compendiously informed upon those important movements of the day in the world of thought and discovery, which merit the attention of all classes of society.

4th. Though distinctively an Eclectic Magazine, the liberty will be reserved of bringing forward original articles from time to time, but only such are from the pens of the eminent writers.

5th. A special department will be devoted to notices and concise reviews of the most valuable new publications, and care will be taken to render all information under this head pertinent and trustworthy.

Each number of the Magazine will contain 128 octavo pages, in clear distinct typography, and printed on the best paper. The subscription price will be $4.00 per annum, in advance to ministers, 3.00. Single copies 40 cents. Specimen numbers may be had of all the principal news dealers of the country, or upon a written application addressed to the Magazine, box 1484, Baltimore.

WHITE MEN MUST RULE AMERICA!

The Best New York Weekly Pubished.

NEW YORK DAY-BOOK
FOR 1868.

THE NEW DAY-BOOK is a straightforward, Radical Democratic paper, with a larger circulation than any other Democratic journal ever published on this Continent, and it enters on the threshold of 1868 more prosperous and more hopeful of the great cause it upholds than ever before. Standing on the foundation of the Declaration of Independence, that "all (*white*) men are created equal," and *therefore* entitled to equal rights, it is opposed to all forms and degrees of special legislation that conflict with this grand central TRUTH of Democracy.

THE DAY-BOOK, *therefore*, demands the restoration of the "Union as it was"—A UNION OF CO-EQUAL STATES UPON THE WHITE BASIS, as the only hope, and the only means possible under heaven for saving the grand ideas of 1776, and the fundamental principles of American liberty, and if the real friends of freedom, and the earnest believers in that sacred and glorious cause in which the men of the Revolution offered up their lives, will now labor to expose the ignorance, delusion and treason of the Mongrel party, IT WILL SUCCEED, and the white Republic of Washington be restored again in all its original beneficence and grandeur.

THE WEEKLY DAY-BOOK is the most COMPLETE WEEKLY PAPER PUBLISHED. Its News Summary, Family Reading, Agricultural Articles, Reports of Cattle, Grain and Cotton Markets, &c., &c., are not surpassed by any paper.
