SONG OF IRON.

I am mighty in the saber,
Fiercely wielded by the brave.
Glorious in the stalwart steamer,
Laugh'ng at the storm and wave.

Beauteous in the palace pillars,
Saving in the pointed rod,
As it brings the deadly lightning,
Quelled and harmless to the sod.

But there is a glorious essence,
Where I take my grandest power,
Giving to the race my surest,
Sweetest aid, in danger's hour,

See! before my fly diseases!
See the darkest hydras bow!
See the rose of health and beauty
Take the palest cheek and brow.

Fly, dyspepsia! fly consumption!
Yes, all ills are crushed at length,
For I give what human nature
Only ever needed—STRENGTH!

Shall I tell in what great essence
I can thus your spirits cheer up?
Pallid, trembling, dying suffer,
'Tis the famed "PERUVIAN SYRUP."

The PERUVIAN SYRUP is a protected solution of the Proxtide of Iron, a new discovery in medicine that strikes at the root of disease by supplying the blood with its vital principle of life element,—IRON.

CHRONIC DISEASES, SCROFULA, ULCERS, &c.

It is well known that the benefits derived from drinking of the Congress, Saratoga and other celebrated Springs is principally owing to the Iodine they contain.

Dr. H. Anders' Iodine Water

Contains Iodine in the same pure state that it is found in these spring waters, but over *500 per cent. more in quantity*, containing as it does 1¼ grains to each fluid ounce, dissolved in pure water, without a solvent, a discovery long sought for, in this country and Europe, and is the best remedy in the world for *Scrofula, Cancers, Salt Rheum Ulcers*, and all *Chronic Diseases*. NEWARK
MACHINE WORKS.

THE DIAMOND STATE THERSHER AND CLEANER.

WE call the attention of Farmers to our Improved Diamond State Thresher and Cleaner with Double Acting Separator. The practical operation of these Machines, is such, as will warrant us in advising those wanting Threshers, to examine ours before purchasing elsewhere. We build three sizes. No. 1, 36 in. cylinder, No. 2, 30 in. cylinder, No. 3, 26 in. cylinder. They are of the best materials and workmanship, and warranted to suit purchasers. Large or small Powers can be used to drive them, as desired. Galvanized sheet iron is used for seives and shaker bottoms. They are unequalled in strength, capacity, durability and lightness of running, doing their work rapidly and in the best manner. The machine is a model of simplicity in its construction and operation, and the price of it much below others in the market. The double shaker separates all the grain from the straw—none is wasted, and the fan as a cleaner is unsurpassed.

The shoe of the shaker can be easily detached and the machine used as a Thresher and Separator alone.

Our Endless Chain Horse Powers are made with steel rods, and our Improved Link.—All the bearings for the wheels are steel, making the Power run with great ease to the team. Also Lever Powers.

AGENTS WANTED FOR
The Official History of the War,
Its Causes, Character, Conduct and Results.
By Hon. Alexander H. Stephens.

A Book for all Sections and all Parties.

THIS great work presents the only complete and impartial analysis of the Causes of the War yet published, and gives those interior lights and shadows of the great conflict only known to the high officers who watched the flood-tide of revolution from its fountain springs and which were so accessible to Mr. Stephens from the position as second officer of the Confederacy.

To a public that has been surfeited with APPARENTLY SIMILAR PRODUCTIONS, we promise a change of fare, both agreeable and salutary, and an intellectual treat of the highest order. The Great American War has AT LAST found a historian worthy of its importance, and at whose hands it will receive that moderate, candid and impartial treatment which truth and justice so urgently demand.

The intense desire every where manifested to obtain this work, its Official character and ready sale, combined with an increased commission, make it the best subscription book ever published.
