LOCAL MATTERS.

THE WHEAT CROP.—We learn from farmers who are engaged in threshing their wheat, that it is turning out very poorly; not yielding more than one-third of what they expected at the time of reaping.

THE steamer Kent Island, on Wednesday last, brought the third instalment of laborers for the Kent rail-road. The contractor, we learn, proposes to increase the number to about four hundred.

DISTRESSING ACCIDENT.—On Wednesday last, a son of Mr. Fredus Vansant, of this county, while riding the breech horse of a wagon was thrown off, and the wagon passed over his body, killing him almost instantly.

THE JULY TERM of the Circuit Court for this County, commences on Monday next. There will be no jury in attendance at this term, but suits will be brought, and all business not requiring a jury will be transacted.

THE WEATHER.—The past week has been the most continued period of excessive heat for many years. On Tuesday, in this office, the thermometer reached 100 and on Wednesday 101: the temperature at night was almost as high. In the large cities all over the country there have been many deaths from the effects of the heat.

IMPROVEMENTS.—The south side of Cross street, between High and Cannon streets, which a year ago had but one small building, is now, through the enterprise of Capt. W. D. Burchinal, entirely filled with small tenement houses.

Mr. Wm. B. Usilton, of the "News," has bought and is handsomely remodeling the large brick dwelling on High street, near Kent, known as the old Dugan property.

Mr. Richard S. Usilton is building, on the lot adjacent, a neat two-story frame dwelling. W. O. Smith builder.

NEW PRIMARY SCHOOL HOUSE.—Messrs. John T. Dodd & Son are now constructing, for the Trustees of Districts Nos. 6, 7 and 8, of this Town, of which John L. Stam is President, a substantial brick building 90 feet long by 30 wide; to be one story, with a ceiling of twelve feet clear of the floor. The building will be divided into three rooms, to accommodate three teachers and three grades of pupils. The house will cost $3800, and is to be completed by the 1st of September. Mr. John Davis is doing the brick work.

This building will supply accommodations which have been greatly needed for the public schools here.

If some enterprising gentleman would furnish the means to raise this building a second story, it would furnish a hall ample for all public gatherings in our town.

EXCURSIONS.—The Ladies Aid Society of the Jefferson st. Station, M. E. Church, Baltimore, made an excursion to Chestertown on Tuesday last, on the steamer "Law." The company was small; and they seemed to enjoy the shade of our Public Square during the heat of the day.

The steamer Geo. Weems on Thursday last, from Baltimore, brought the Young Men's Christian Band of the Broadway M. P. Church. The steamer was met by a committee from the Young Men's Christian Association of this town, and the excursionists proceeded to Christ Church (M. P.), where an hour was spent in singing prayer, and several short addresses. Prof. Holland's Band accompanied the party, and were invited to the headquarters of the Kent Cornet Band where several hours were spent in a most agreeable manner, the band playing a number of choice pieces. Such parties are always welcome to our citizens.

The steamer Law carried an excursion from Crumpton and Chester River Landings to White Rocks and Baltimore, on Thursday. She returned early Friday morning, giving the excursionists the benefit of the night air on the water.

ABOUT 3000 TREES.

A PEAR ORCHARD OF ABOUT 150 OF STANDARD AND DWARF, also bearing.

200 Apple Trees,

Dwarf and Standard, about nine years old, beginning to bear fruit. Also, an OLDER APPLE ORCHARD. The Dwelling is in fair condition. Kitchen new; Out Buildings in a good state of repair. There is a good Tenant House on the farm. The Landing is a good one on Chester River. The Terms may be made to suit both seller and purchaser, and are therefore not stated.

Special Notices.

AMONG the many restoratives which nature has supplied to relieve the affliction of humanity, there is no more favorite one for a certain class of diseases than the "medicinial gum" of the Wild Cherry Tree; but however valuable it is, its power to heal, to soothe, to relieve and to cure, is enhanced tenfold by scientific and judicious combination with other ingredients, in themselves of of equal worth. This happy mingling exists to a remarkable degree in

DR. WISTAR'S BALSAM OF WILD CHERRY,

whose value in curing Coughs, Colds, Bronchitis, Whooping Chough, Croup, Asthma, Pulmonary Affection, and Incipient Consumption is estimable.

Strong Testimony.

From Benjamin Wheeler, Esq., Depot Master of South Royalston, Mass.

"In the spring of 1858 I was most severely afflicted with a hard, dry cough, with its usual accompainments of night sweats, completely prostrating my nervous system, and producing such a debilitated state of health that, after trying medical aid to no purpose, I had given up all hopes of every recovering as had also my friends. At this stage of matters I was prevailed upon through the influence of a neighbor to try Wistar's Balsam of Wild Cherry, and, before using two bottles, the effect was almost magical. My cough entirely left me, the night sweats deserted me, hope once more elated my depressed spirits, and soon I had attained my wonted strength and vigor. Thus has this Balsam, as has often been remarked by persons conversant with the above facts, literally snatched me from the yawning grave. You are at liberty to use this for the benefit of the afflicted.

Prepared by SETH W. FOWLE & SON, 18 Tremont St., Boston, and for sale by Druggists generally.

cures in a very short time.

Cuts, Burns, Scalds, Wounds, Bruises, Sprains, Erysipelas, Salt Rheum, Ringworm, Chapped Hands, Boils, Frozen Limbs, Felons, Chilblains, &c.

It is prompt in action, removes pain at once, and reduces the most angry looking swellings and inflammations, as if by magic, —thus affording relief and a complete cure. SETH W. FOWLE & SON, Boston, Proprietors. Sold by all Druggists, Grocers, and at all country stores.

Camp Meeting.

PROVIDENCE permitting a Camp Meeting will be held for Millington Circuit, in Mrs. Covy's woods near Chesterville, to commence on Saturday the 8th, of August. The neighboring charges of Still Pond, Kent, Chestertown, Cecilton, and such parts of Sudlersville circuit as may find it convenient, are invited, with their Pastors, to come over and tent with us. All interested in the Camp are requested to meet on the ground on Wednesday, June 24th, at 2 o'clock, P. M.

THE DIAMOND STATE THERSHER AND CLEANER.

WE call the attention of Farmers to our Improved Diamond State Thresher and Cleaner with Double Acting Separator. The practical operation of these Machines, is such, as will warrant us in advising those wanting Threshers, to examine ours before purchasing elsewhere. We build three sizes. No. 1, 36 in. cylinder, No. 2, 30 in. cylinder, No. 3, 26 in. cylinder. They are of the best materials and workmanship, and warranted to suit purchasers. Large or small Powers can be used to drive them, as desired. Galvanized sheet iron is used for selves and shaker bottoms. They are unequalled in strength, capacity, durability and lightness of running, doing their work rapidly and in the best manner. The machine is a model of simplicity in its construction and operation, and the price of it much below others in the market. The double shaker separates all the grain from the straw—none is wasted, and the fan as a cleaner is unsurpassed.

The shoe of the shaker can be easily detached and the machine used as a Thresher and Separator alone.

Our Endless Chain Horse Powers are made with steel rods, and our Improved Link.—All the bearings for the wheels are steel, making the Power run with great ease to the team. Also Lever Powers.

PHILADELPHIA UNIVERSITY OF MEDICINE AND SURGERY

THE Philadelphia University of Medicine and Surgery was organized in 1848. Chartered by the Legislature, February 26, 1853. Name changed by a legislative enactment to the Eclectic Medical College of Philadelphia in 1860. In 1863 it purchased the Pennsylvania Medical College, established in 1842, and the Philadelphia Medical College, which had previously been merged into the Pennsylvania Medical College. In 1864 it purchased the Penn Medical University. The Trustees of the separate schools united, petitioned, and obtained a special act of the Legislature, consolidating these institutions and changing their names to that of the Philadelphia University of Medicine and Surgery, March 15, 1865. All these various acts are published in the statutes of Pennsylvania. The cost of the building and museum was over one hundred thousand dollars. It will be observed that the University, as now organized, is the legal representative of the four medical Colleges that it has absorbed. It is a liberal school of medicine, confined to no dogma, nor attached to any medical clique; but embraces in its teachings everything of value to the profession.

Sessions.—It has two full sessions each year, commencing on the 1st of October, and continuing until the 1st of January as its first session, and from the 1st of January to the 1st of April as its second; the two constituting one full course of lectures. It has also a summer session, commencing the 1st of April and continuing until August, for the preparatory branches, such as Latin, Greek, Mathematics, Botany, Zoology, Chemistry, Anatomy, Physiology, etc.

Tickets.—Tickets to the full course of lectures $120, or $60 for each session. For the summer or preparatory course $25. Graduating fee $30. To aid *young men of moderate means,* the University has issued *five hundred scholarships,* which are sold to first course students, for $75, and to second-course students and clergymen for $50, each constituting the holder a life member, with the perpetual privileges of the lectures, and all the teachings of the school. The only additional fees are a yearly dissecting and matriculating ticket, each of which is $5.

The Advantages of Scholarships.—The student holding a scholarship can enter the College at any time during the year, attend as long as he chooses, and re-enter the institution as frequently as desired.

It requires no previous reading or study to enter the University on scholarships, hence, all private tuition fees are saved.

Students, by holding scholarships, can prosecute other business a part of the time.

The candidate for graduation can present himself at any time, and receive his degree as soon as qualified.

In case a student should hold a scholarship and not be able to attend lecures, it cany be transferred to another, thus preventing an loss.

Parents, guardians, or friends of students wishing to purchase scholarships for them a year or more before their attendance at the University, can secure them by advancing one-half the price, and paying the balance when the student enters. Physicians and benevolent men can bestow great benefit upon poor young men, by presenting them a scholship, and thus enabling them to obtain an honorable profession.

The Faculty embraces seventeen eminent physicians and surgeons. The University has associated with it a large hospital clinic, where every form of medical and surgical disease is operated on and treated in the presence of the class.

COLLEGE BUILDING.—The College building, located in Ninth Street, south of Walnut, is the finest in the city. Its front is collegiate gothic, and is adorned with embattlements and embrasures, presenting a novel, bold, and beautiful appearance. The facade is of brown stone, ornamented by two towers, rising to the elevation of eighty feet, and crowned with an embattled parapet. The building contains between fifty and sixty rooms, all supplied with water, gas, and every other convenience that modern improvement can contribute to facilitate medical instruction. Only five hundred scholarships will be issued, and as two hundred and fifty are now sold, those who wish to secure one should do so at once. Money can be remitted by express, or a draft or check sent on any National bank in the United States, when the scholarship will be returned by mail, signed by the President of the Board of Trustees, Jos. S. Fisher, Esq., and the Dean of the Faculty, W. Paine, M. D. All orders for scholarships or other business of the University, should be addressed to Professor W. Paine, M. D, Philadelphia, Pa.
