The Chestertown Transcript.

Saturday Morning, August 15, 1868.

LOCAL MATTERS.

PEACHES—the first of the season—made their appearance in our market last Saturday morning. They retailed at from 2 to 5 cents apiece.

ADMITTED TO THE BAR.—At the July term of the Circuit Court for Talbot county, Mr. E. B. Bates, a former resident of Chestertown, was admitted to practice. Mr. Bates was a student in Col. Hambleton's office in Easton.

THE CHESTERVILLE CAMP MEETING, which commenced on the 7th, will continue until Tuesday next. The encampment is in a fine well-shaded spot, and numbers between seventy and eighty tents. We learn the meetings so far have been very good, the congregations large, and the interest increasing. The attendance last Sunday was very large.

WANTON OUTRAGE.—We learn that since the vacation commenced in the public schools, some worse than wicked person, has broken into the public school house at Price's Corner in Still Pond, and torn up all the school books and copy books, and broken the slates and inkstands. The patrons of the school should make every effort to ferret out the guilty party and expose him.

MR. HUNTER'S LECTURE on Temperance, at the M. P. Church, on Thursday night, was well attended: the audience for the most part was composed of children, whose attention the speaker contrived to hold in an unusual degree. The lecture was illustrated by magical lantern views. The proceeds, we believe, are to aid the cause of Sunday Schools in the South.

CLERICAL CALL.—The Rev. Robert Wilson of Stateburg, South Carolina, formerly of Columbia in that State, has been called and accepted the Rectorship of Saint Paul's Parish in this county. He will assume the duties of Pastor on or about the first of September. Mr. Wilson was one of the many sufferers by Sherman's army, losing a large and valuable library and all his property at Columbia.

PORTABLE HOUSES.—Mr. Geo. Hurst, carpenter, has been engaged this week in putting up for the contractor of the Kent County Railroad, portable houses for the accommodation of the laborers engaged on the work. They are constructed of white pine boards, in sections of a size not inconvenient to handle, and can be taken down and packed on wagons, when a change of location is necessary, with very little trouble.

RAIL ROAD MATTERS.—T. W. Eliason has resigned the Presidency of the Kent County Railroad, and William Janvier, Esq., has been elected President pro tem. Robert Nicholson has been elected a Director to supply the vacancy occasioned by the resignation of the Hon. Geo. Vickers. The Company have been engaged during the past two weeks condemning land by the assessment of juries. The work upon the road may be now considered as fairly inaugurated.

ANOTHER IMPROVEMENT.—Mr. A. A. Usilton is just giving the finishing touches to his new store and dwelling on High street, two doors from Kent. The front of the first story is finished in neat panel-work, and the second terminates with a handsome cornice. A short time ago Mr. U. purchased the old house occupying the site, with the intention of remodeling and improving it, but so many alterations suggested themselves and were adopted, that now scarcely a vestige of the old building remains.

METHODIST PROTESTANT CAMP.—The Committee of Arrangements, on Thursday morning, met according to previous notice in Mrs. Baker's woods, and selected the site for the camp and laid off the ground: after which the drawing for positions for tents took place. About fifty tent lots have already been taken. The Committee will be on the ground on Monday, 17th inst, at 9 o'clock, when those who have not yet selected lots will have an opportunity of doing so. The indications are that this will be a large encampment. The privilege of keeping the bread tent has been awarded to Wm. O. Smith, and the horse pound to John Morris.

ROADS —A tax payer says, "the road in the Fifth Election District, Sagletown Hill to Oak Grove School is very bad and dangerous; also, here to St. Paul's Church, and from Francis' upper gate to Bell-Air. Roads have scarcely been touched ly, and must be almost impassable ater, if not mended soon The Frog Pond Hill in Quaker Neck, ost critical and dangerous condi- must soon fall down; it should up or stoned with large stones ented. The bridge at Spry's is thought by competent judges, much better repaired by stone straight high walls with heavy cross, and flooring well spiked, are made in Cecil county; much ive than arches, and more easily damaged."

BUILDING HARDWARE, TIN WARE, AND STOVES.

THE citizens of Chestertown and the adjacent country, are respectfully invited to call at the New Establishment, (stand formerly occupied by A. A. Biscoe), and examine our large and cheap stock.

IN BUILDING HARDWARE

We are able to offer great inducements to Carpenters, Mechanics, Farmers, Builders, and those who contemplate having building done. If all such will only give us a chance we are confident of being able to convince them that we can supply their wants with a better article and for less money than any establishment in this town. Our stock in this line is very full, and we are constantly making additions to it.

TIN AND SHEET IRON WARE.

In this department our stock is very complete, comprising almost any thing that can be called for, and at prices that must, we are sure, give satisfaction. In Tin we also keep the celebrated Stamped Ware. We have in our employ experienced, skillful and faithful workmen, and always use good material.

Stoves.

We shall keep a good stock, of all kinds, purchased from manufacturers direct, and will sell at a very small advance.

TIN ROOFING AND SPOUTING,

and all kinds of repairing (including repairs to stoves,) done promptly in a workmanlike and durable manner, at low rates.

HOUSEKEEPING GOODS,

Embracing Safes, Japanned and Block Tin Ware, Ornamental Chamber Sets, and fancy Ware generally, in great variety.

In conclusion we would remark that we have gone into this business with a determination to sell *low*, to spare no pains, and to do all in our power to give satisfaction: and we respectfully ask our friends and the public to give us a trial.

BOILS.

Like the volcano, Boils give issue to the foul and fiery contents of the deep interior. To remove the cause of such suffering it is only necessary to vitalize the Blood by supplying it with its life element, Iron.

THE PERUVIAN SYRUP,

(a protected solution of the Proxtide of Iron) will do this effectually, and give strength, vigor and new life to the whole system.

Extract of a letter from Rev. Richard S. Edes, of Bolton, Mass.

"For years I was a sufferer from Boils, so that my life become wearisome through their frequent and persistent recurrence; finally a carbuncle formed in the small of my back. During its progress large pieces of decomposed flesh were every day or two cut away, and prostration and general disturbance of the system were great. Before I had recovered from this attack two smaller carbuncles broke out higher up, and I was again threatened with a recurrence of the sufferings to which I had so long been subjected. It was at this time that I commenced taking the Peruvian Syrup. I continued taking it until I had used five bottles; since then I have had nothing of the kind. For years I was one of the greatest sufferers. Other medicines gave me partial and temporary relief, but this remarkable remedy, with a kind and intutive sense, went directly to the root of the evil, and did its work with a thoroughness worthy of its established character."
