LOCAL MATTERS.

UPSET.—Sunday last, as Mr. Charles Hayden and family were going to camp-meeting, the horse ran off going down the hill near Mr. Levi Fiddis' farm, and the carriage was turned over injuring all in the carriage somewhat, and Mr. Hayden's daughter, we learn, badly.

THE laborers on the rail-road, now cutting through the grass lot of James A. Pearce Esq., have during the week turned up the bones of three human beings, which mostly crumbled on exposure to the air. We are informed by one of our old citizens, that the spot was known to him when a boy as an old burying place for the methodist denomination; an old tan house near by being used as a place for worship.

"THE PROUD HEART HUMBLED," by Thos. B. Harris, will be published so soon as our space taken by the levy list will admit.

EXCURSION.—The Steamer Sam'l. J. Pentz, Capt. John H. Kirwin, is advertised for an excursion on Sunday, to-morrow, for the camp meeting in Baker's woods.

THE "NEW ECLECTIC," of Baltimore city, for September is upon our table.—This magazine is highly spoken of by able journals in different parts of the country.

LAND SALE.—Mrs. Catherine Price will offer at public sale on Thursday next, at the Kennedyville Hotel her farm containing 200 acres more or less. See adv't.

TOURNAMENT.—We learn from one of the Tournament committee, that at a meeting of the Knights on Tuesday last the lists were full, and considerable enthusiasm manifested. The affair promises to equal that of last year.

COUNTY CONVENTION.—The central committee give notice, that the delegates elected at the primary meetings to-day, will assemble in county convention on Tuesday next the 25th of August instead of Saturday next.

Strawberry Plants AND Dwarf Pears.

I have about **200,000** Strawberry Plants, cultivated expressly for the Plants, which I now offer as low as can be bought of any Nurseryman, embracing the following choice varieties: Wilson's Albany, Agriculturist, Russell's Prolific, Knox's Jucunda or 700, and Golden Seeded.

Also, **5,000** Dwarf Pear Trees, principally Dutchess, *budded on the best two year old transplanted Anger's Quince*, of my own importation, from the celebrated nursery of Duvesse & Co., at Orleans, France, that I will warrant equal if not superior to any that can be bought and at as low a price.

For the benefit of those wishing to plant Pear Trees, I will state that I have 2,800, of eight varieties, planted in 1863, and selected from the orchard of a gentleman who had thirty-two varities, as the only ones worthy of cultivation. My own experience has induced me to discard all but the following, of which I shall plant about 5,000 myself this fall: Beure Gifford, very early; Beure Easter, very late; Louise Bon de Jersey; Dutchesse de Angoulene.

BOILS.

Like the volcano, Boils give issue to the foul and fiery contents of the deep interior. To remove the cause of such suffering it is only necessary to vitalize the Blood by supplying it with its life element, Iron.

THE PERUVIAN SYRUP,

(a protected solution of the Proxtide of Iron) will do this effectually, and give strength, vigor and new life to the whole system.

Extract of a letter from Rev. Richard S. Edes, of Bolton, Mass.

"For years I was a sufferer from Boils, so that my life become wearisome through their frequent and persistent recurrence; finally a carbuncle formed in the small of my back. During its progress large pieces of decomposed flesh were every day or two cut away, and prostration and general disturbance of the system were great. Before I had recovered from this attack two smaller carbuncles broke out higher up, and I was again threatened with a recurrence of the sufferings to which I had so long been subjected. It was at this time that I commenced taking the Peruvian Syrup. I continued taking it until I had used five bottles; since then I have had nothing of the kind. For years I was one of the greatest sufferers. Other medicines gave me partial and temporary relief, but this remarkable remedy, with a kind and intuitive sense, went directly to the root of the evil, and did its work with a thoroughness worthy of its established character."
