The Chestertown Transcript.

Saturday Morning, December 19, 1868.

LOCAL MATTERS.

THE STEAMER CHESTER was stopped by the ice, at Wilkins' wharf, on Saturday last. The river is now nearly free of ice.

ICE some three inches thick, and very clear and nice, formed on the ponds during the cold snap, affording an opportunity—which some parties took advantage of—for filling their ice-houses.

CHANGE OF HOUR.—The steamer Chester will leave Chestertown on Tuesdays, Thursdays and Saturdays, at 8 o'clock, A. M, Returning, leaves Baltimore alternate days at the same hour, until further notice.

CUT BY THE ICE.—On the trip to Baltimore, Monday night last, one of Capt. Taylor's vessels was cut through by the ice; but at the present writing they have both returned and are loading for another trip.

NEW SCHOOL HOUSE.—A handsome new school house has been recently erected at Swan Creek, on the site which has been used for that purpose some sixty years or more. It is a great improvement upon the old one, having a nice vestibule, and planned with a view to comfort and convenience. It is in contemplation to have a belfry and bell, the funds to be raised by private subscription. Improved desks will be used.

SASSAFRAS RIVER BRIDGE.—This fine structure was formally opened to public travel last week. Dr. Massey—who had the honor of first crossing—gave a handsome entertainment on the occasion, at which, by request of the host, Mr. Chas. G. Ricaud presided, and gave the following toast: "Kent and Cecil: may their friendship increase as the bridge grows older." The sentiment was heartily applauded, and the entertainment passed off most pleasantly.

HOUSE THIEVES.—We caution our citizens against leaving their front doors unfastened. One night last week Mr. Geo. Perkins and Mr. Robert P. Stewart had their overcoats taken from their halls. Mr. Stewart has recovered his coat. It was sold by a negro named Jim Reynolds, a barber, who has been here a short time, to another colored man, who suspicioned something wrong and carried it to Mr Stewart, who he heard had lost a coat Circumstances point to Reynolds as the thief in both cases, he having run off when seeing Mr. Perkins looking for him. We learn that the house of Richard Hynson, Esq., was also entered a few nights subsequent, and also the house of Mr. James Russell, clothes being taken in each case.

THE LATE COLD WEATHER has caused a great rush on the part of our farmers to send their corn to market. Never within our recollection has there been such a constant train of grain wagons; and the enterprising Captains of our grain vessels, determined not to be stopped by the ice, if possible, procured the powerful steam tug "Pacific," on Sunday, and arrived here about 9 o'clock, P. M., each with an extra vessel of large capacity, all heavily laden with freight. By 9 P. M., Monday, they were all filled with grain and started in tow of the "Pacific" for Baltimore. We learn she also towed over Capt. Realey's schooner.

The amount of grain shipped from our wharves during the past two weeks is something over thirty thousand bushels, of all kinds. The Captains of our grain vessels deserve great credit for their enterprise in this matter.

OUR COMPETITION IS AGAINST THE CITY, AND WE ARE SATISFIED THAT AN EXAMINATION OF OUR STOCK WILL INSURE SALES.

☞We have concluded that the most effectual way to advertise is to show the Goods at the counter. We find the most of our customers competent to judge for themselves, and the best evidence we could have that they think our Goods cheap is, we sell them.

PERSONS WISHING TO SAVE MONEY, CAN DO SO BY PURCHASING OF

SEWING MACHINES.

IT is now generally admitted that a good sewing machine is a valuable aid in a family. Few men would decline purchasing a machine of any kind that would enable them to perform their labor in half the time required by other means, and we think the Ladies have as much claim to be relieved from their toil. It has been demonstrated that a GROVER & BAKER SEWING MACHINE will save more than half the time and labour and do the work better. This is the best family sewing machine, because it is simple, and Ladies have no trouble to manage them.

If a sewing machine is too complicated to be used, except by experienced operators, it has very little value as a family machine.—We never knew a Lady who had any difficulty in using a Grover & Baker Machine.

B. B. Perkins & Son

Are the Agents for this machine, and supply them at the city prices.

Persons prefering to select a machine in the city will be supplied with an order to the Baltimore agency. Machines will be delivered in any part of the county.
