The Chestertown Transcript.

Saturday Morning, February 6, 1869.

☞ OUR friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

LOCAL MATTERS.

DELEGATES TO CONFERENCE.—Kent Circuit of the Methodist Protestant Church have elected the following gentlemen as delegates to the Maryland Annual Conference, which assembles in Georgetown, D. C., on the 11th of March: William B. Usilton with John T. Dodd alternate. James Shuster with John Gale alternate.

ROBBERIES.—We hear that several robberies, in a small way, were committed in and near Chestertown on Friday night of last week. The meat house of the tenant or overseer on the farm of Mr. John T. Dodd, near town, was entered, and all the ment taken. On the same night the chicken house of Rev J. T. Murray was robbed of a number of chickens. Mr. Pippin's carpenter shop was also entered and several articles taken.

OYSTER DREDGERS.—We learn by the Centreville papers, that Chester river is full of oyster dredgers, under the opinion recently given by the Attorney General of the State. It appears that the Attorney General, Mr. Jones, construes the law to admit the dredging for oysters in any river in the State not wholly within the limits of any one county.

The oystermen of Queen Anne's county have obtained the opinion of Mr. Keating, the State's Attorney for that county, who construes the law entirely different from the published statement of Mr. Jones, and has advised that the parties be arrested and brought before a Justice of the Peace in Centreville.

MILDNESS OF THE WINTER.—Three weeks more, and the winter of eighteen sixty-eight and nine will have passed, and yet we have experienced but very little winter weather. The St. Michael's Comet says: "From an examination there appears to have been not more than six days since the first of December, when the mercury descended below the freezing point at the hour of nine o'clock in the morning." In fact, the weather has been so uncommon that many think the like has never been before: but this is an entire mistake. A lady of our town, who has old files of the Philadelphia Chronicle, has kindly sent us for reference that paper of January 27, 1838, and we find the following therein:

"We believe that so uniformly mild and delightful a winter, is not within the recollection of any of our living citizens, as the present. Only a little floating ice has been seen in the Delaware and that was during the few days of severe frost about a month since. At this time the river is perfectly clear. Indeed for the first twenty-six days of January, we have not had more than one day of falling weather, while flowers and shrubs have been budding in our immediate vicinity. In other parts of the Union we find similar accounts.

BEST ARTICLE IN USE

Letter from A. L. Carter.

MONASKIN, Lancaster Co., Va., August 10, 1868.

Messrs. HERBERT & HAIRSTON, Baltimore, Md.

Gentlemen:—I purchased two tons Andrew Coe's Phosphate last fall and applied it in comparison with A No. 1 Peruvian Guano, each drilled in with wheat, at the rate of about 150 pounds per acre, on similar land. The growth of straw was greater where the guano was applied, but the yield of wheat greater and quality better where I used the Phosphate. I also purchased two tons last spring to experiment on oats and corn. The growth of oats was very fine, the corn looks well and bids fair to yield heavily. I shall want more to apply to wheat this fall.

Very respectfully, A. L. CARTER.

Letter from Hon. E. J. Henkle.

Anne Arundel County, Aug. 8th, 1868.

Messrs. Herbert & Hairston:

Gentlemen:—I have used Andrew Coe's Super-Phosphate of Lime on my corn crop for two successive years, and take great pleasure in testifying to its merits. My crop last year was bettter filled in the ear and heavier than I ever raised before. The soil was of inferior quality, and I could only attribute the success of the crop to the effects of the fertilizer. I have used it again this year and it promises equally good results. It is, in my opinion, the most popular and best manufactured fertilizer in use in this community.

Very truly yours, E. J. HENKLE.

Letter from Michael Graybill.

Amsterdam, Va., July 31, 1868.

Messrs. Herbert & Hairston:

I used Andrew Coe's Phosphate by the side of No. 1 Peruvian, and I could see no difference between the two; both did well. I will want some again this fall. Very respectfully yours, MICHAEL GRAYBILL.

Letter from Jesse Slingluff, Esq., President of the Commercial and Farmers Bank.

Baltimore, August 4th, 1868.

Andrew Coe, Esq., Baltimore, Md.

Dear Sir:—I used on my wheat last fall your Super-Phosphate of Lime, and found it to do well. I most cheerfully recommend farmers to use it, as a first-rate fertilizer.

Very respectfully yours, JESSE SLINGLUFF, Baltimore county, Md.

Letter from Basil S. Benson.

Anne Arundel Co., Md., July 18, 1868.

Andrew Coe, Esq., Baltimore, Md.

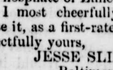

Dear Sir:—I have bought twenty-six tons of your Phosphate and used it on my fall and spring crops, and it is the best fertilizer that I have ever used. Yours, truly, BASIL S. BENSON.
