The Chestertown Transcript.

Saturday Morning, May 15, 1869.

☞ Our friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

LOCAL MATTERS.

Rail Road Directors.—The annual election for Directors in the Kent County Railroad Company was held on Monday. There was considerable interest manifested by the friends of the rival tickets. Some 3,000 shares were voted, as follows: Isaac Parsons, late President, received 1,036 votes; Thos. J. Shallcross, 1,024; Robert Nicholson, 987; J. B. Fennimore, 868; A. J. Rees, 961; William Janvier, 1,177; Geo. D. S. Handy, 1,035; John Gale, 2,026; Hon. Geo. Vickers, 2,049; R. C. Johnson, 2,069; Wm. B. Wilmer, 2,877; William Welch, 1,782; Thomas W. Eliason, 1,945; Chas. Beasten, 1,915; L. M. Ricaud, 1,721. Mr. Wilmer was on both tickets.

The road has made but little progress since the annual election one year ago, and the people of the county look to the present Board for active measures. We hope one of their first measures will be to *complete* some portion of the upper end of the line, and thereby reduce their operations to some practical value. The new Board organized immediately after the election, and elected Hon. Geo. Vickers, President.

The Chester River Steamers.—We learn from the Baltimore Sun, of Wednesday, that the steamer George Law, of the Chester River Steamboat Line, of which B. S. Ford, Esq., is the president, having been recently refitted with copper bottom, new boiler, saloons improved, repainted, &c., started from her wharf, pier No. 7 Light street, on Monday afternoon on a trial trip down the river. She had about three hundred invited guests on board. The fine steamer was gaily decorated with flags and streamers, and was under command of Capt. S. McConnor. She proceeded as far as the mouth of the Patapsco, making elegant time, and there being music on board and a bountiful collation served, the company had an enjoyable time on the pleasant river.

The Chester River Steamboat Company comprises two vessels—the George Law and the Chester. The summer schedule is arranged as follows: the steamers leave at 7 o'clock A. M. for Crumpton and all landings on the Chester river; returning, leave Crumpton at 6½ A. M., carrying parsengers and freight.

The steamer Chester is now undergoing repairs similar to those of the Geo. Law, by the following firms: general repairs, Clark, Thompson & Co.; joiner work, Wm. Walton; ship work, Wm. Skinner; painter, John Gould.

The George Law made her first regular trip of the season Thursday, and until the repairs of the Chester are completed, will leave Baltimore every Tuesday, Thursday and Saturday, returning on alternate days, exclusive of Sunday.

Post Office Department,

Washington, May 11th, 1869.

Sir—In reply to your letter of May 5th, I have to say that the Act amendatory of the postal law, and relative to the franking privilege *does not* impair the right of Senators and members of Congress, to send and *receive* their mail matter free of postage, when restricted to letters and packets, not exceeding *four ounces* in weight and public documents.

I have the honor to be
Very respectfully, &c.,
GEORGE EARLE,
First Assist. P. M. General.

Hon. Geo. Vickers, Chestertown, Md.

Reported Alliance of England, France and Spain against the United States.

The New York Tribune of Wednesday publishes, without entirely crediting it, a cable dispatch "from a very well-informed correspondent," announcing that England, France, and Spain have begun negotiations for an offensive and defensive alliance against the United States, with Cuba and the Alabama claims for the pretext. The dispatch is as follows:

"London, May 11.—Initials have been taken for an alliance, offensive and defensive, between England, France, and Spain against the United States—the rejection of the Alabama treaty, the tone of Mr. Sumner's speech, the alleged filbustering tendencies of General Grant's administration, and the reported connivance at expeditions from the United States against Cuba, being made the pretexts for a necessity for such alliance."

Advices from Washington indicate that little or no reliance is to be put on the above cable report. Yet there is probably considerable feeling and apprehension in Europe on the subjects referred to.

☞ Walt. Brown, the oarsman, mounted on a velocipede, beat the horse John Stewart in a race at Boston on Tuesday. Brown had to go five miles, and the horse in harness ten miles. Brown's time was 26.20, the horse went 9 miles in 26.35. Brown's best mile was done in 4.29, that of the horse in 2.47½. Brown's other miles were run in 5.22, 5.44, 5 29 and 5.16.

A Veteran Railer.—A correspondent of the Baltimore Sun writes that there is an old gentleman residing near Prince Frederick, Calvert county, Maryland, Andrew Grierson by name, who is in his 82d year, who can read print or manuscript without the aid of glasses, and has accomplished within the last two or three weeks the wonderful feat of splitting one thousand fence rails.

The Frst Battallion Light Artillery, First Division, M. N. G.

This command, organized nearly two years ago, under Major John McNulty, and has so long and patiently awaited its equipment with artillery, keeping up meantime a spirited organization, underwent an inspection on Monday evening by Brigadier General John Ellicott, chief of engineers, assisted by Majors Ward, Kellinger, and Raphum. The battalion was commanded by Capt. Winfield Peters, of Battery C. Lieutenant T. Cary, of Battery B. acting adjutant — The inspection was a thorough one, and when completed the inspecting officers expressed themselves highly pleased at the soldierly appearance and deportment of the command. A battallion drill was then had in presence of General George H. Bier, adjutant general, and the inspecting officers. Captain Peters then introduced General Bier to the battallion, who proceeded to state, in a few pertinent and spirited remarks, that he greatly regretted not finding the command fully equipped as a battallion of artillery, but that the most active steps were now being taken to accomplish this. He would soon have for the battallion twelve Napoleon guns, twelve-pounders, which will be followed as soon as practicable by six three-inch rifle guns—making, in all, three six gun batteries, complete. He complimented the men highly upon their appearance, in view of having had so much to tax their patience and endurance, and enjoined them to parade with full ranks on next Monday, 17th instant, as he was anxious to convince the Governor that the command to which the guns would be given was composed not merely of troops but *soldiers*, both in appearance and numbers. The battallion was then dismissed, after which three cheers were given for General Bier.—*Balt. Sun of Tuesday.*

Fare by the Pacific Railroad.

In expectation of the consummation of their connection last Tuesday, the Central and Union Pacific railroads had made due arrangements to accommodate the trade and travel across the coutinent. The first thing upon which they had to agree was, of course, the rate of passage. The respective officers of the companies, after consultation, have come to a temporary understanding that the fare from New York to San Francisco for emigrant and second-class passengers should be $75, and for first-class passengers $175. Concerning freight nothing definite has yet been arranged. It is expected that the trip from shore to shore can be made in from six to seven days. For the present the time of running will be rather slower, as the track is new and needs ballasting. The Union Company, as also the Central, have each, it is stated, over 2,000 freight cars, and while the first has over 150 locomotives the latter counts 190.

Peter Cartwright and Wife.

Peter Cartwright, who is serving his fiftieth year as Presiding Elder in the M. E. Church, writes to the Central Christian Advocate, from Pleasant Plains, Illinois: "I think it quite probable that the good Lard will give me my discharge from labor as my jubilee before our Conference at Lincoln, and, if so, it is my desire that this Conference remember my aged wife, her age eighty next August, 18th day. We were married the 18th, 1808. She has, therefore, been the wife of a traveling preacher sixty-one years the 18th of next August. We have lived together sixty-one years. She has borne up under all the hardships, privations, and poverty of a traveling preacher for nearly sixty-one years. Let the old pioneers of the early days of Methodism say what sufferings the wife of a traveling preacher must have gone through in that time, for although I have been a regular traveling preacher sixty-five years next fall, I have received my disciplinary allowance for support from the church but three years of that long traveling life; and yet, thank God, I would rather have the comforts I have enjoyed as a poor, suffering, traveling Methodist preacher than to be President of the United States."

The Century Plant.—A century plant is in flower in Rochester, N. Y. The bud broke and first showed itself on the 15th of April, and on the 8th inst., it was four feet eight inches high, growing from three to four inches a day—a straight stem, starting from the centre of the plant, from four to five inches in diameter. It is attracting great attention.

"THERE IS A BALM IN GILEAD."

Sylvan's Veterinary Liniment.

AFTER innumerable experiments, we have succeeded in discovering to almost a certainty the Remedy for Rheumatism, Pains in the Side, Back, Breast, in the Spine, between or about the Shoulders, Face, pain and soreness through the Bowels, numbness and pain in the Limbs, Neuralgia, Stiffness of the Neck, Sprains, Felons, Cuts, Bruises, Sore Throat, Swellings of any kind, Mosquito Bites, Stings of Bees and other Insects, &c., &c.

It is the best remedy yet discovered for the relief and cure of old and fresh Cuts or Sores, Galls, Sprains, Swellings, Bruises, and all injuries to the Horse.

Chestertown, Maryland.

After a careful and thorough experiment in the use of Roberts' Embrocation, Hunt's and Tobias' Liniments, Judson's Subduing and Sylvan's Veterinary Liniment upon man and beast, I find for reducing Inflammation, healing Cuts and Galls, for instant and permanent relief in Neuralgia and Rheumatic pains, Sylvan's Veterinary Liniment is superior to all Liniments extant for either man or beast. It gives me great pleasure to testify to its unequaled healing properties. I shall never be without it, and no horseman, who values a good horse, will ever be imposed upon by worthless trash, after having used your Liniment, but will always be found with a supply on hand of Sylvan's Veterinary Liniment. W. J. VANNORT.

Kent County, Maryland.

Having been suffering for a long time with a severe sprained back, and after repeated trials of several highly recommended Liniments with no good results attending their use, accidentally I heard of your Liniment. I was induced to try you so celebrated Veterinary Liniment, and must confess, that before I had used one small bottle, I found the most radical benefit resulting therefrom, and have no hesitancy in pronouncing it to be the best Liniment I ever used, and shall never be without it. Many of my friends coincide with me in its praise. MRS. JOHN T. DODD.
