LOCAL MATTERS.

Commencement Exercises of Washington College.—On Wednesday last, the regular Commencement exercises of this old institution were held. The programme of proceedings are given below. A gold badge, presented to the best declaimer of the second division, was awarded to R. C. Thackery of Cecil Co. The presentation was made by the Rev. Mr. Murray, in some appropriate remarks. Prof. Hogg afterwards being called upon, made an appeal for greater interest in the affairs of the College: and offered, if the Board of Visitors would procure the die, to make a perpetual endowment of a gold medal.

The weather having prevented the regular exercises of the Mount Vernon Society, on Tuesday evening, the address of S. H. Bradley, Esq., of Centreville, Md., came off immediately after the Commencement exercises. Mr. Bradley spoke at some length of the importance of education, and concluded with some sound practical advice to the students,

The occasion was enlivened with music from the Kent Cornet Band.

Attempted Outrage.

A brutal attempt to outrage the person of Mrs. James Booker, residing near Goldsborough, was made by an unknown negro man on Wednesday afternoon last. Our information is from a gentleman who had a conversation with Mrs. B. after the affair, and is in substance as follows:—Mrs. Booker and her two children were returning home from a visit, and when they reached Jarman's Branch, a short distance from Ruthsburg, she drove into the branch to water her horse. While the animal was drinking, a negro man sprang from under the bridge, seized the bridle rein and demanded permission to ride.—This being refused, he drew from his pocket a large knife, cut the rein, and threatened Mrs. Booker's life if she did not cease to scream. She persisting in giving the alarm, he released the rein, advanced towards the carriage, seized Mrs. Booker by the shoulders, dragged her from the carriage into the water (about two and a-half feet deep) and endeavored to stifle her cries by strangulation. Her persistence, however, assisted by the cries of her children, finally frightened him, and he ran, leaving her in the water, and almost exhausted. A negro boy in the neighborhood came and assisted the injured lady in repairing her harness, and started her again on her way home, which she reached near nightfall.

The description of the negro is, as near as Mrs. Booker can recollect, as follows: He is tall, heavy built, very black, broad beardless face with thick lips, eyes red or blood-shotten; had on an army belt and brass buckle, dark pants, dirty muslin shirt, hair enclosed in a bag or kerchief, with dirty straw hat. It is hoped that not only the county officers, whose duty it is, but the citizens will make an extra effort to detect the guilty wretch and bring him to justice. Inspect closely all who bear the above description; guilt will reveal itself if closely questioned.—*Centreville Observer.*

An Inventor's Opinion.

"I consider the Grover & Baker Sewing Machine the best machine for general use. It is simple, and on that account it commends itself to families particularly. The seam made by this machine is more durable than the Shuttle-Stitch Machine on account of its elasticity. I make it a point to recommend the Grover & Baker Machine when my advice is requested, which is often the case, as many people are acquainted with the fact that I invented and patented sewing-machine improvements myself."—*Testimony of Mr. A. H. Hook, of New York, before the Commissioner of Patents.*

URIEVILLE
GRIST AND SAW MILLS.

THE undersigned, having rented the above well-known Mills, takes this method of informing his friends and the public generally that he is now prepared to accommodate them in Grinding and Sawing, having at both Mills thoroughly competent and reliable men. The Mills are in excellent condition for work, and all who favor him with their patronage may rely upon full justice in every respect, being done them, and as good a turn-out for grist as can be had at any Mill in the county. By giving his entire personal attention, and a determination to leave nothing undone to give satisfaction to his customers, he hopes to receive a liberal patronage.

H. M. ROLLISON,
May 29, 1869—6m. Urieville Mills.

TO THE PUBLIC!

WE have this day, May 25th, 1869, completed extensive repairs on the MILL, which enable us to grind more than ten bushels of good meal in one hour, and more than eight bushels of wheat. If any one doubts it, I invite him to call, and I promise to convince him, we can accommodate all that may find it convenient to send, in the best possible manner. We have also repaired the mill for grinding Plaster, and Corn in the ear, etc.

N. B. I have been compelled to expend quite a large amount of money in the repairs or incur great loss, and cause the public much inconvenience; I would therefore take it as a great favour for any one owing me to call and pay their indebtedness, or any part of it. I have called where I thought it most likely to succeed and failed, and am discouraged from further attempts. This may find some prepared whom I least suspect. If so, I shall be spared the mortification of selling paper or borrowing money.

Most respectfully,
THOS. H. WHALAND.
