The Chestertown Transcript.

Saturday Morning, August 21, 1869.

☞ Our friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

LOCAL MATTERS.

PREACHING AT THE TABERNACLE.—We are requested to announce that Rev. J. J. Edwards will preach in the Tabernacle of the M. E. Church, South, on Queen st., Sabbath (to-morrow) afternoon, at 3½ o'clock.

NEW CHURCH.—We learn, that at no distant day, a handsome Church will be erected by the Methodist Episcopal congregation of this town, on the beautiful lot given them by John N. Usilton, Esq. The sum of sixteen thousand dollars is already available for this purpose, and will doubtless be increased.

We hope this may be but the beginning of Church improvements.

CAMPS IN QUEEN ANNE'S.—The M. E. Camp, near Church Hill, which commenced on August 6th, closed on Monday morning. There were a large number of tents, and the meetings unusually interesting. A great many conversions took place.

The Camp of the M. E. Church, South, commenced near Sudlersville on Friday, the 13th. We learn there are a large number of tents.

DEATH OF DR. L. M. RICAUD.—Dr. Ricaud died at his residence in the Fifth Election District of this County, on Wednesday morning last, after a severe illness of some eight or ten days. There are few men, perhaps, in our County, whose death would create such a vacuum in the immediate circle of his acquaintance as will that of Dr. Ricaud. Actively engaged in his profession for a long period of time, he had become a household institution in the families of a large portion of his section. He was especially the friend of the poor of his neighborhood. Of an active ardent temperament, he took an interest in the entire local affairs of his County, and particularly of his immediate locality. He was for a long time a Vestryman of the Church of his Parish and took a deep interest in its welfare. In the papers of his County the Doctor took a special interest, and frequently contributed to their local columns.

Dr. Ricaud was an honest man, a Christian gentleman, and universally respected by those who knew him. We sincerely regret his demise.

THE CHESTERVILLE CAMP of the M. E. Church, South, which commenced on the 6th inst., closed last Monday morning. It was held in Mr. David Clements' woods, a short distance above the site occupied for several years past by the M. E. Church, and on higher ground. The location was most admirably selected, being in a grove of majestic hickorys—with here and there a towering oak—the spaces interveing between the large trees being generally occupied by the small but leafy dog-wood; thus nicely shading a larger area than is usually found on camp grounds. Drinking water—remarkably pure and almost ice-cold—was abundantly supplied from pumps on either side the rows of tents; while but a few yards below the pound a fine swift-running stream afforded a constant supply for watering horses. The ministerial talent was of the first order, embracing, among others, the following distinguished divines: Dr. Bond, Dr. Duncan, Dr. Roszell, and Messrs. Fitspatrick, Grandin, Canter, Petherbridge, &c. The attendance throughout was good; but on the first Sunday the throng was immense; every portion of Kent being well represented, and large numbers from Cecil, Queen Anne's, and our neighboring State of Delaware, being present. And just here we are regretfully compelled to notice the want of decent and respectful regard for the worship of God and the feelings of his ministers and people, exhibited by some of these strangers. Our people, as a general thing, are careful to conduct themselves as ladies and gentlemen should on such occasions; and hence the severe and well-deserved rebukes administered by some of the ministers, will not apply to them. Messrs. Clements, Slaughter, Aldridge, Gooding, Scott and Usilton deserve great credit for the excellent arrangements made for the comfort and convenience of those who attended. We are also pleased to refer to the hearty, old-fashioned Eastern shore hospitality which prevailed, and was a subject of general remark among visitors. The number of converts was not large, but the meeting will no doubt long be remembered on account of the very able preaching and the season of delightful religious enjoyment afforded to the membership of the Church.

PRINCE ARTHUR, Queen Victoria's third son, left England on Saturday for Halifax, Nova Scotia, on a tour through the New Dominion. He is to proceed from Nova Scotia to New Brunswick; thence he will go to Quebec, and from Canada it is expected he will come on to the United States. Some attention will, of course, be proper to the young gentleman, but what a chance there will be for Republican flunkeys to show their estimation of Royalty on the occasion.

☞ Before a man puts his name down on another man's paper, he should ask himself, "am I willing to give this person as much money as I sign for?" Amen, say I! "To sign a bond on the supposition that it is a mere form, and that you will have nothing to pay, *is* to put one's head into a noose." Amen, again, say I! There is no harm in signing for a neighbor if you have got the property; if you are able to pay the amount without harming your own household; and if you love the man for whom you sign enough to be willing to give him outright the sum covered by your indorsement. Otherwise to go surety for a neighbor is a folly, a sin and a shame.—*H. W. Beecher.*

A SHARP INSTREMENT.—An English paper reports the invention of a "surgical luxury," beside which either is a mere bagatelle. This is a knife which cuts so rapidly that the patient has no time to feel it. Referring to this subject the New York Tribune says:

"The idea was undoubtedly borrowed from the celebrated story of the man who had his head cut off with such neatness and dispatch that he did not know it until he sneezed. It was reported that the new instrument was tried upon a rabbit, which went on calmly eating its dinner in front, while it was being cut into ribbons in the rear. The inventor, Dr. Richardson, explains, however, that this was not exactly the case. He intended to try the experiment, not upon a rabbit, but upon his own person, when, unfortunately, the knife broke at the very last moment. It can be mended, and then we trust the ingenious gentleman will be able to eat his dinner in front and be cut to ribbons in the rear with all imaginable relish and satisfaction."

☞ On August 3, a few minutes after noon, an extraordinary accident occurred in England to the iron ship Flying Venus, of 1,393 tons, belonging to Mr. Edward Bates, and which recently arrived from Bombay. The vessel at the time of the accident was lying at the Wapping Dock, with only 120 tons of ballast on board. She was being hauled off from the quay when her ballast shifted, and she gradually rolled right over into the water and sunk. The few men on board managed to escape any serious accident or injury, and, luckily, two ships in the same dock had just been removed, or the consequences might have been most disastrous.

EXTRACTING OF A NEEELE FROM A WOMAN'S FOOT.—The Reading (Pa.) Times says: "An old lady living at Mrs. Burkhard's, in Penn st., had a large needle taken from her foot on Friday last, which she says she had felt in different parts of her body for several years past. She is not aware how or when it first entered her flesh. Instances of this character, which are sometimes heard of, appear to indicate that sharp foreign substances will remain in the body for a considerable length of time, and travel about in different parts before finding an outlet."

HON. JUDAH P. BENJAMIN.—Hon. Judah P. Benjamin, late of the Confederate Cabinet, but now of England, has, after two years' appearance at the British bar, been made Queen's counsel, an honor almost without precedent in the promptitude of its bestowal. Aside from making him senior counsel in whatever cases he may be employed, the promotion will considerably add to his emoluments.

TO THE PUBLIC!

WE have this day, May 25th, 1869, completed extensive repairs on the MILL, which enable us to grind more than ten bushels of good meal in one hour, and more than eight bushels of wheat. If any one doubts it, I invite him to call, and I promise to convince him, we can accommodate all that may find it convenient to send, in the best possible manner. We have also repaired the mill for grinding Plaster, and Corn in the ear, etc.

N. B. I have been compelled to expend quite a large amount of money in the repaires or incur great loss, and cause the public much inconvenience; I would therefore take it as a great favour for any one owing me to call and pay their indebtedness, or any part of it. I have called where I thought it most likely to succeed and failed, and am discouraged from further attempts. This may find some prepared whom I least suspect. If so, I shall be spared the mortification of selling paper or borrowing money.

Most respectfully,
THOS. H. WHALAND.
