The Chestertown Transcript.

Saturday Morning, September 18, 1869.

☞ Our friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

LOCAL MATTERS.

Festival at I. U.—The Ladies of I. U. Church will hold a Festival at the Church on Wednesday next. Dinner at 1 o'clock; supper at 5 o'clock. Ice cream and refreshments. The purpose is to assist in paying a debt upon the Church, and the public are invited to attend. If not fair Wednesday, it will be held on Thursday.

Agricultural College.—We have received from the President, Rev. Samuel Register, a Catalogue of the Maryland Agricultural College, for the year 1869. Sixty-seven students are reported in the list for 1868 & 9. The President reports a good prospect for a large increase this Fall and a bright future for the institution. This is a State Institution, and Kent is entitled to four scholarships.

Sheriffalty.—There are a great many offering themselves as candidates for the office of Sheriff—but we have concluded, as we know nothing about Levari Facias, Venditioni Exponas, Fi. Fa., and many other things, to ask the public to buy all their Clothing of us, and not vote for any candidate that does not buy of us. The public will not be bamboozled; they know Turkheimer & Catlin's Clothing and Furnishing Goods. *

Temperance.

The Quarterly Association of Good Templars, composed of delegates from the several Lodges of the Order in Kent and Queen Anne's county, met in Sudlersville on Thursday last. The Association was organized by the officers elected at the last session, viz: J. T Hand, W. C. T.; Miss Sallie Barton, W. V. T.; Jos. S. Starkey, W. S; and J. P Hartley, W. T.; taking their respective places, and the appointment of Mr. Thomas Barton, W. M.; Miss Annie P. Sparks and Miss Kate Swarts Right and Left Hand Supporters; and the proper Guardians. The Association was then opened in proper form, and proceeded to the transaction of business After the appointment of a committee on credentials, and their report, a committee of three was appointed to prepare business for the consideration of the Association The Convention then went into an election of officers for the next term, which resulted as follows: D. H. Crane, of Church Hill Lodge, W. C. T.; Miss Maggie Anderson of Chester Lodge, W. V. T; Elwood Pierce, of Sudlersville Lodge, W. S., and John P. Hartley, of Crumpton Lodge, W. T.

After the election of officers, the Convention took a recess for dinner, and repaired to most bountifully spread tables in the shady yard of Mr. Elijah Pierce. The ladies of Sudlersville deserve the highest praise for the excellent dinner prepared upon this occasion. It would have been *the very place* for the most fastidious epicure, and the delegates and visitors did not fail to do ample justice to the feast.

The Convention reassembled at 2 o'clock, when the Committee on business reported a series of resolutions, which perhaps, it would not be proper to mention here. The afternoon session was devoted to the consideration of these resolutions and other private business, when at 5 o'clock the Association adjourned to meet at Crumpton on the second Thursday in December at 10½ o'clock. After the adjournment, the delegates and visiting members were invited to a supper, which could have been prepared by none others than those having the dinner under their charge, and of which the visitors partook with a hearty relish.

At 8 o'lock a public meeting was held in Mr. E. Pierce's yard, which was addressed by the Rev. Valliant, of Centreville, Mr. D. H. Crane, of Church Hill, Dr. McCullom, of Templeville, and Dr. A. E. Sudler, of Sudlersville, in appropriate and forcible speeches. The Unicorn Brass Band was present during the evening, and discoursed most excellent music between the addresses. The meeting was closed at about ten o'clock, when the assemblage generally dispersed.

We sincerely hope that the efforts of Thursday last in behalf of Temperance may result in a most beneficial manner to the cause, and that its friends may continue their labors with renewed energy.—*Centreville Citizen, Sept.* 11.

Dedication.—The new church at Hillsborough, belonging to the M. E. Church, South, was dedicated to Divine service on Sunday, 5th inst. Rev. Dr. Sargent, of Baltimore, assisted by Rev. Mr. Shipley and Rev. Mr. Maloy, of this county, officiated on the occasion. The subscription amounted to $575. Dr. Sargent preached to a full house on Sunday morning and evening. The new edifice is one of the neatest little churches in this section.—*Easton Star.*

The Immense Wheat Crop.

From all accounts the wheat crop of the present year in the United States will be unprecedented in abundance. This is a cheering fact. It means cheaper living, a more healthy basis of business, increased facilities for all salutary enterprise. No country can truly prosper while famine prices for food pinch on one hand and gambling speculation runs riot on the other. Nor is there danger that the market will be glutted with a surplus of grain, such as would discourage its abundant production another year. Moderate prices will induce orders for shipment to Europe, and seconded by a liberal production of cotton in the South, will lead to a heavier consumption of flour in that section. We thus perceive how the staple agriculture of the South and the staple agriculture of the West are naturally the complements of each other. We thus perceive, too, the fallacy of that advice which urged Southern planters to raise bread-stuffs as their staple product. But, as it is, instead of devoting their principal attention to growing for market what the West can grow more cheaply, they wisely concluded to grow, for commercial purposes, those most merchantable of all agricultural products, cotton and sugar, which the West cannot make at all. Hence the cotton or sugar planter and the Western farmer are not now seen as otherwise they would have been, conflicting with each other in a cut-throat competition; but, on the contrary, they found co-operating as complementary producers, each engaged in the way best calculated to stimulate and reward the other's industry, and to increase the commercial value of the aggregate agricultural production of the country. Each is better off. Had both given the bulk of their labor to food crops, each would now be threatened with an unmarketable surplus, which might prove a dead loss; for unlike cotton, such crops, when gathered, steadily deteriorate, and are preservable only for a limited period. But no actual danger of this sort threatens either. The bounteous harvests of the West hold out a promise of an abundance of provisions at living prices for the entire country, and the absence of competion on the part of the Southern planters with Western grain-growers, and the purchasing ability derived by planters from cotton and sugar crops, will assist powerfully towards securing for the grain-growers a remunerative market. The deep interest which Western producers have in promoting the prosperous cultivation of the agricultural specialities of the South is too plain to demand argument.

The Fifteenth Amendment.

The New York *World* says:

The present signs of the times indicate that the fifteenth amendment will not be ratified by the requisite number of States. The Republican zeal in its favor has perceptibly slackened under a growing apprehension that the negro vote in the South will be controlled, or at least divided and nullified, by the Democratic party. Consistency compels the Republicans to keep up a show of supporting it; but if the elections in Mississippi and Texas shall resemble that in Virginia, and exhibit large numbers of negroes voting for Conservative condidates, the Republican party will be content to let the fifteenth amendment "slide."

New York and the Fifteenth Amendment.—Governor Hoffman has transmitted to the Secretary of State, at Washington, his official certificate that New York has ratified the fifteenth amendment The fact that the certificate has been withheld so long has emboldened some of the less discreet politician's of the Governor's party to suggest a theory whereby it should be withheld altogether, and in this way the amendment be defeated. The Governor's action, hence, has excited much surprise in that quarter, but the great body of the Democracy no doubt will award him the credit of doing what was best under the circumstances.

Farm for Sale
IN STILL POND,
KENT COUNTY, MARYLAND.

FROM 130 TO 140 ACRES of Land, lying in Still Pond, Kent Co., Md., part of the farm of the late Col. James H. Gale, is offered at Private Sale.

Eighty acres of this land is in cultivation, twenty acres in Chestnut, and the balance Wood and Meadow: the whole under good fencing and grows grain well.

It is situated on the main road, one mile from Still Pond X Roads, one mile from the Kent Railroad, and three miles from Betterton, where steamers ply daily to Baltimore and Philadelphia.

This land would make a Peach, Grape, or Truck Farm, and is situated in one of the most desirable sections of Kent county.

Parties wishing to examine it are referred to Mr. Thomas Rasin, near by, who will show the premises.

SPECIAL NOTICES.

TO CONSUMPTIVES.

The Advertiser, having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a sure Cure for Consumption, Asthma, Bronchitis, etc. The object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription, will please address

RUTH'S
Challenge Soluble Phosphate,

The most active and durable FERTILIZER ever offered to the Farmer. This article is manufactured expressly to take the place of A. No. 1 Peruvian Guano, and will be found as active as Guano and much more durable in its effects. It is made upon the principle that the measure of our prosperity is the prosperity of the farmer, and every farmer who uses it may confidentially rely upon large Crops unless injured by providential acts. It is indeed the "Challenge" Fertilizer of the times and in order that it may always remain such we have engaged in its preparation the very best chemical skill in this country.

TO THE PUBLIC.

We have this day, May 25th, 1869, completed extensive repairs on the MILL, which enable us to grind more than ten bushels of good meal in one hour, and more than eight bushels of wheat. If any one doubts it, I invite him to call, and I promise to convince him, we can accommodate all that may find it convenient to send, in the best possible manner. We have also repaired the mill for grinding Plaster, and Corn in the ear, etc.

N. B. I have been compelled to expend quite a large amount of money in the repaires or incur great loss, and cause the public much inconvenience; I would therefore take it as a great favour for any one owing me to call and pay their indebtedness, or any part of it. I have called where I thought it most likely to succeed and failed, and am discouraged from further attempts. This may find some prepared whom I least suspect. If so, I shall be spared the mortification of selling paper or borrowing money.
Most respectfully,
THOS. H. WHALAND.
