RUTH'S

Challenge Soluble Phosphate,

THE most active and durable FERTILIZER ever offered to the Farmer. This article is manufactured expressly to take the place of A. No. 1 Peruvian Guano, and will be found as active as Guano and much more durable in its effects. It is made upon the principle that the measure of our prosperity is the prosperity of the farmer, and every farmer who uses it may confidentially rely upon large Crops unless injured by providential acts. It is indeed the "Challenge" Fertilizer of the times and in order that it may always remain such we have engaged in its preparation the very best chemical skill in this country.

Give it a trial.
