The Chestertown Transcript.

Saturday Morning, January 29, 1870.

☞ Our friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

LOCAL MATTERS.

The Kent County Railroad.—The work of ballasting on the road was considerably interfered with by the recent heavy rains, which although retarding, have had the effect of more completely settling and compacting the ballasting, and making a very firm and durable road-way. The gravel trains are still busily employed, but a few days more will suffice to complete that important matter, so essential to speed and safety in running the trains. A station-house, engine-house, and turn-table at Kennedyville, are being built, under the supervision of the energetic chief engineer of the road, Mr. Jas. B. Wingate, which is a guarantee that they will be completed speedily and the work well done. We are informed that he has been empowered to make arrangements for getting passenger cars, so as to commence running regular trains from Kennedyville to Townsend; he is now negotiating with the P, W. & B. R. R. with that object, and will doubtless shortly bring the matter to a successful issue. We therefore have good reason to expect before long to enjoy the same traveling facilities now extended to the citizens of Easton, that is, of leaving home in the morning, having five hours in Philadelphia and returning the same day.

Large Funeral.—The funeral services of Mr. A. A. Biscoe, at the Methodist Protestant Church last Sabbath afternoon, drew together an immense concourse of people. The sermon was preached by Rev. J. T. Murray. We noticed in the pulpit Rev. J. J. Edwards of the M. E. Church, South, Rev. J. B. Merritt of the M. E. Church, and Rev. Mr. Melvin of the M. P. Church. The remains was escorted to the cemetery by Kent Lodge of the order of Knights of Pythias (of which the deceased was a charter member) and visiting members from the Lodges at Church Hill, Crumpton, and Chesterville. The M. P. Sabbath School also joined in the procession, which was accompanied by our citizens in great numbers, the afternoon being balmy and spring-like, rendering the short walk to the cemetery delightful. After the last rites of the Church at the grave were concluded, the Knights of Pythias engaged in the impressive burial service of the Order, and after its conclusion the procession reformed and marched to the Lodge room. The Knights made a good appearance—their first in public—and, so far as we know, created a very favorable impression. We are informed that the funeral expenses were borne by the Order.

Religious.—The protracted meetings at both the Methodist Churches in this town are still in progress. At the M. P. Church a considerable revival is in progress; the altar is nightly thronged with penitents.

Orphans' Court Proceedings.

Tuesday, January 25.

Present, Judges Beck and Stevens.

R. W. and David A. Hurley, adm'rs. of Samuel H. Hurley, late of Middlesex Co., Va., dec'd., returned a list of debts due the deceased. Received, and ordered to be recorded.

C. T. Westcott, adm'r. of J. B. Fennimore, dec'd., returned his second and final administration and dividend account, which was passed and ordered to be recorded.

Letters of administration on the personal estate of Samuel A. Smith granted to S. Franklin Smith, with J. T. Dodd and W. B. Usilton as securities, by the Register, during the recess, were approved. The administrator returned an inventory of the personal property, and obtained an order for the sale thereof.

County Commissioners.—No quorum. Present, Stevenson Constable

EASTERN SHORE MATTERS.

Cecil County.

Money sold on the last night of the Elkton Building Society for 30 per cent. premium, which closed two years of the Society's working, and the stock including the money sold is worth $40.10 per share. $24.50 having been paid on each share. The society holds of mortgage $39,100 not including the last sale of funds.

Marriage Licenses.—There were issued by the Clerk of Cecil county during the year 1869, two hundred and thirty-two Marriage Licenses.

Against Time.—An athlete appeared in town on Tuesday last, for the purpose of walking against time. He walked two miles on the race course in 17 minutes and 20 seconds, the track being heavy, impeded his progress considerably, 16 minutes for that distance being his time, we told with favorable walking. His dress was light for winter weather, being a shirt and a pair of drawers, with a blue breech clout like a rope dancer, and a gentleman of the trapeze.

Sudden Death.—Mr. Elliss G. Chandlee, the present County Surveyor, a well-known and most estimable and worthy citizen, residing at the Brick Meeting House, in this county, was found dead in his bed on Friday morning, 21st inst.—Mr. Chandlee retired at night in his usual good health. He had been away from home the day previous to his death, on business. The cause of his death is supposed to be heart disease.

The Centreville *Observer* is responsible for the following:

Gold Discovery.—A nugget containing about 66 per cent. of gold was found in Spaniard's Neck, in this county, last week. Mr. Harman, our town jeweler, has taken the metal through a test, and pronounces it genuine gold. We are not informed whether there is much of the metal where this was found.

We suppose, hower, that the owner of the land will make an investigation.—There may probably be a mine under his farm.

Millington Bank.—We understand that a movement is now on foot to establish a bank at Millington. It is said the wealthy citizens of the town and vicinity have the matter in hand, and are determined to push it through. Mr. Spear is to be President and John W. E. Sudler, Chashier.

Talbot County.

From the Easton Star.

Abolition of Kent Island Bridge.—A memorial to the Legislature is in circulation praying the repeal of the act of 1819 permitting the erection of a dam or causeway across the strait that separates Kent Island from the main land in Queen Anne's county, and the passage of another act authorizing the erection of another bridge on piers, with a draw sufficiently large to admit the passage of steamboats and other large vessels. The memorial sets forth that in consequence of the obstruction by the causeway, navigation is impeded and fish prevented from passing from Chester river into Eastern bay, Miles and Wye rivers. It also suggests the formation of a company to remove the accumulations of mud in the channel. It is to be hoped that the Legislature will grant petition of memorialists.

The Md. & Del. Railroad.—We made a flying trip over this road on Thursday last. The time from Easton to Clayton (42 miles) was made in two hours and ten minutes. The cars seemed to run as smoothly as though they were moving on glass, which shows that the road had been well built and nicely ballasted. We started from Easton at 6 o'clock A. M., was in Baltimore by 1:15 P. M., had five hours for business during the afternoon and evening, returned in the steamer *via* Miles river, and was back to Easton by 1 P. M. on Friday. The cars make close connection at Clayton and New Castle Junction, so that no time was lost. This route is an excellent one for those who want to go to the city and get back in a hurry.
