The Chestertown Transcript.

Saturday Morning, March 12, 1870.

☞ Our friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

LOCAL MATTERS.

Robbed.—The money drawer of Mr. William Bacchus' store, corner of High and Queen streets, was robbed on Wednesday morning last, during a short interval of absence by Mr. Bacchus. Loss not positively known—supposed to be some eight or ten dollars. A portion only of the money in the drawer was taken, though all rolled up together.

Gas.—The question of a Gas Company is now being agitated by our people. A meeting looking to the formation of a Company was held on Saturday evening last, and subscriptions opened. There are parties from Philadelphia and Baltimore each, interested in the matter, and if our citizens will continue to give the matter their attention, gas will before long be one of the improvements of our town.

Central Farmers' Club.—At the meeting on Thursday evening last there was a good attendance, and three new members were elected.

After a very full discussion, the Club decided by vote that "Barn-yard manure should be applied to freshly plowed ground and mixed with the soil."

The question "When, how and in what quantity should clover be seeded," was then fully discussed and decided that February is the proper time, and one gallon to the acre the proper quantity."

A Deer Chase.—A deer chase was advertised for Wednesday last, at "Trappe Corner"—with a dinner—free to all paying one dollar and fifty cents. The novelty of the proposed sport drew together some three hundred, the day being a fine one. At the proper time every thing was made ready and the deer started. After running a short distance he took up in the kitchen of the alms-house, the humane overseer of the poor shutting the door upon the dogs. Was it instinct that guided the poor animal to the home of the friendless? The hunt-men coming up he was recaptured and carried a second time to the starting point, but seemed unwilling to gratify the assembled multitude by an exhibition of his speed; after running a short distance and kicking pretty severely some of the dogs, the chase was abandoned by the huntsmen.

Kent Railroad.—The project of running trains on that portion of the Kent railroad completed to Kennedyville, has, we are glad to learn, not been abandoned; and there is a prospect of a combination of the Kent and Queen Anne's Companies to lease the Townsend branch and jointly to run the road. It is greatly to be hoped that the arrangement may be effected. One drawback on the part of our road is the failure of so large a portion of the individual subscribers to the stock to pay their indebtedness. The number of suits for railroad subscriptions is very large, and the Company needs this money badly. It was not to be expected that our people would let this work languish for want of their own subscriptions. The Directors are doing every thing in their power to push it ahead, and unless the stockholders pay their indebtedness it hardly becomes them to play the part of grumblers. It is a fact that the engine now used in construction, belongs to the Directors individually.

Orphans' Court Proceedings.—Wm. J. Griffith., executor of Jacob Caulk, returned an inventory of personal property, and obtained an order for the sale thereof.

Tilghman Shafer, adm'r. of Henry C. Rile, returned an inventory of the personal estate of said deceased, and obtained an order for the sale of the same.

J. C. Lecompt, adm'r. of Jos. G. Lecompt, returned a list of debts due dec'd.

The renunciation of Julia W. Caulk, widow of Jacob Caulk, to any bequest by the last will and testament of deceased, her husband, was received and ordered to be recorded.

Letters of administration on the personal estate of John T. Roberts, were granted to W. H. Roberts and R. S. Griffith, the father of the deceased having first renounced his right, with Alexander Wilson and Thomas A. Jacobs, as sureties, and the legal notice to creditors ordered.

Letters of administration on the personal estate of James Brown, colored, were granted to W B. Turbit, with Alexander Wilson and Wm. H. Chiffin, as sureties, and the legal notice to creditors ordered.

Letters of administration on the personal estate of John W. Stoops, were granted to Jas. W. Stoops, with John N. Usilton and Wm. H. Lambert, as sureties, and legal notice to creditors ordered.

Geo. W. Crossly and Joshua Clark were appointed to appraise the real estate of Col. James H. Gale, deceased.

On application of Wm. S. Lassell, the indentures of Isaac Wilson, colored apprentice to said Lassell, were cancelled by consent of Wilson.

On application of Elizabeth Price, guardian to W. P. Howard *et al*, her guardianship was revoked, and J. N. Usilton appointed guardian, with Wm. H. Lambert and Asbury Howard, as sureties.

Thursday's Session.—The Register was directed to issue a citation to R. F. Moffitt, executor of Richard Moffitt, dec'd., to return first administration account.

County Commissioners.—The Commissioners were engaged in making transfers, and transacted no other business.

Accident.—On Monday night, a number of persons who had been on an excursion, on the steamer Chester, to the iron-clad steamer Monarch, whilst returning from Corsica wharf, in Mr. Woolford's stage, met with an accident, which fortunately, resulted more in fright than personal injury. Soon after leaving the wharf the horses became frightened, and ran away, upsetting the stage in their fright, and breaking it in pieces. The stage contained thirteen persons at the time, nine of whom were ladies. With the exception of a few slight buises, the entire party escaped without injury.—*Centreville Citizen.*

BLACK CHESAPEAKE INK.

—:o:—

MOST if not all the inks or writing fluids heretofore manufactured in the United States, have been composed of Tanic Acid, Gallic Acid, and a salt of Iron. A saturated solution of Aleppo galls in alcohol, is first made. This tincture contains several ingredients beside the Tannic and Gallic acids. By adding some of this tincture to a solution of Green Vitriol (Sulphate of Iron) the solution assumes first a violet and finally a black color. By adding some of the same tincture to a solution of sulphate of sesquioxide of iron a black color is immediately produced but on standing, both solutions will deposit a black percepitate. The manufacturers of ink add gum sugar or other mucillaginous matter to hold this black powder in suspension.

If this ink should freeze the black powder is, however, precipitated, and will not again readily dissolve, and the ink is rendered worthless. It cannot be diluted, when once too thick, without injuring, if not entirely destroying it. This ink may also be readily washed out from paper or parchment.

Forgers have availed themselves of this knowledge in altering checks, Drafts, Notes, &c. It is probable many wills have been entirely altered to suit interested parties having access to the paper by wssbing out the writing with oxalic acid, and again filling up the blanks. Many changes of Records have been from time to time discovered. Government Stamps have been freed from the ink used in cancelling them, and used a c-ond time. There is no guarantee that anything written with these inks will not be altered at any time, by designing men.

The only preventive lies in using an ink that cannot be erased by any acid or alkali, without destroying the paper or parchment.

Heretofore no such ink could be obtained. Now, every one can obtain an absolutely indelible, unchangeable ink, for a less price than is paid for the worthless fluids in the market.

BLACK CHESAPEAKE INK,

When written, cannot be erased with oxalic acid. It does not corrode the Pen.

It may be diluted with rain water, if too thick, and used up to the last drop.

It is equal to india ink for drawing.

It can be written with on the margins of Newspapers, or unsized paper of any kind, and does not blot.

It flows more freely from the pen than any other ink or fluid.

Neither freezing nor boiling injure it.—Every one who once uses it buys it again, and will use no other.

WILLIAM A. VICKERS, with whom I have entered into a limited partnership, will fill all orders from any part of the State of Maryland. All other orders should be addressed to me.

1870 SPRING TRADE. 1870

IN view of the approaching Spring season of 1870, we take occasion to politely remind the old friends and patrons of our concern, now, just twenty-five (25) years old, that, believing ourselves possessed of ample means of maintaining that respectable reputation which has successfully stood the wear and tear of a quarter of a century, we shall continue to keep on hand and offer for sale, a large and varied stock of Staple and Fancy Goods adapted to the Farming and Household wants of this community.

We have never professed to sell Goods at less than Manufacturers' prices or at cost, nor do we expect to give them away; but buying at an advantage as thorough as is known to any man of an upright business mind, we can certainly claim ability to sell them at figures which will raise no reasonable feeling of complaint, upon the part of fair-minded people. Recognizing past kindnesses we hope to bring a sense of regret upon none who have ever shown them.

LORILLARD'S **"EUREKA," Smoking Tobacco** is an excellent article of granulated Virginia; wherever introduced it is universally admired. It is put up in handsome muslin bags, in which orders for Meerschaum Pipes are daily packed.

LORILLARD'S **Yacht Club Smoking Tobacco** classed by all who consume it as the "finest of all;" it is made of the choicest leaf grown; it is anti-nervous in its effects, as the Nicotine has been extracted; it leaves no disagreeable taste after smoking; it is very mild, light in color and weight, hence one pound will last as long as 3 of ordinary tobacco. In this brand we also pack orders every day for first quality Meerschaum Pipes. Try it and convince yourself it is all it claims to be, "THE FINEST OF ALL."

LORILLARD'S **CENTURY Chewing Tobacco** This brand of Fine Cut chewing tobacco has no equal or superior anywhere. It is without doubt the best chewing tobacco in the country.
