The Chestertown Transcript.

Saturday Morning, March 19, 1870.

☞ Our friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

LOCAL MATTERS.

M. E. Church, South.—The Baltimore Conference of this Church, which closed its labors last week, appointed to Kent Circuit Rev. Mr. Crenshaw in place of Rev. J. J. Edwards, who goes to West Virginia.

Notice.—The Bishop of Easton will hold service at I. U., on Tuesday, March 22d, at 10 o'clock A. M., and at the St. Paul's Church, Chestertown, on Wednesday, March 23rd, at 11 o'clock, A. M., and at 7½ o'clock, P. M. All the seats in both churches are free.

County Commissioners.—The Commissioners were principally engaged in making transfers.

Joseph Venable was appointed Supervisor for the road commencing at the gum tree at the intersection of the bay-side road and running to Fairlee Creek Landing, with orders to widen road according to instructions.

☞ We call attention to the advertisement of Henry Payne's "Combination Burning Fluid." We have been using this fluid for some months, and it gives a clear, steady light; as cheap, certainly, as any oil we have ever used. It emits no unpleasant odor while burning, and is perfectly clean, not spreading over the outside of the lamp or chimneys. We have no knowledge of accident from this oil, and believe it to be equally as safe as coal oil.

Methodist Protestant General Conference.—The Maryland Annual Conference elected the following ministerial and lay delegates to represent the body in the General Conference, which meets in Baltimore city in May next: Ministers—John J. Murray, D. D., L. W. Bates, D. D., S. B. Southerland, D. D., James K. Nichols, D. D., Augustus Webster, D. D., J. Thos. Murray, T. D. Valiant, H. C. Cushing, Dr. H. F. Zollickoffer, John Roberts, D. E. Reese. Laymen—Gaven Spence, John W. Richardson, Dr. J. W. Herring, John T. Dodd, Jos. Graham, J. W. Thompson, R. S. Griffith, O. Hammond, S. F. Miles, Jno. S. Clark, F. J. Bartlett.

Fire in Centreville.—The brick hotel in Centreville was destreyed by fire on Friday morning of last week. It was owned by M. Merrick, of Pennsylvania, and tenanted by Mr. Raymond. The hotel was insured for $6,000. The furniture was saved in a damaged condition. The fire originated in an unoccupied adjoining building, and is supposed to have been the work of an incendiary. The fire leaves Centreville without a hotel. At one time the Court-house was on fire, but fortunately the flames were extinguished and the building and records saved.

Proceedings of the Orphans' Court.—Wm. H. Roberts and R. S. Griffith, adm'rs. of John T. Roberts, late of Kent county, dec'd., returned an inventory of personal estate of deceased, and obtained an order for the sale of part thereof at public sale.

Joel C. Slaughter, adm'r. of Henry B. Slaughter, returned fifth administration account; and notice of dividend, to creditors, was ordered.

The last will and testament of Daniel Hanes was admitted to probat, and letters testamentary granted to the executor, E. Adams Vannort, with William Vannort and Sam'l. Vannort as sureties. W. Skirven and Lewin Usilton were appointed to appraise the personal estate, and the legal notice to creditors ordered.

E. E. Miller and Samuel P. Benny were appointed to appraise the rental value of the real estate of the minor heirs of O. F. Sutton.

An order was passed authorizing Geo. W. T. Perkins, executor of E. F. Chambers, to release the operation of a certain judgment against R. E. Wallis, upon certain conditions therein stated.

Kent County Railroad—Action of the Baltimore City Council.—The majority of the committee of ways and means, to whom was referred the ordinance to endorse the bonds of the Kent county railroad, says the *Sun* of Wednesday, report that for reasons stated in the report on the memorial of the Maryland Central railroad, as well as for the additional reason that the committee are not satisfied that if the aid of the city is to be given to any railroad on the Eastern Shore of Maryland, that the Kent County railroad is that one which would be most likely to divert to Baltimore trade which now goes to Philadelphia, the committee respectfully report back to the first branch of the council the ordinance which was referred to it, with the recommendation that it do not pass.

Signed by Charles G. Kerr and Wm. H. Vickery, of the second branch, and Bernard Carter and John Wickersham, of the first branch.

Mr. McCoy, of the second branch, submitted a minority report, stating that the Kent county railroad, with its present contemplated connections, presents the shortest and most direct route for the trade and travel of that portion of the State, that the security offered by this road is ample to secure the city against loss, as the road offers two dollars as security for one dollar the city endorses, and the ordinance is drawn with an eye single to protect the city in her endorsement, by which means the city can at any time foreclose the mortgage. The minority of the committee, believing that the interests of Baltimore require a short and close connection with the Eastern Shore of our State, and believing that Kent county presents that connection, would recommend the passage of the ordinance presented by the joint special committee on Kent County railroad.

Grand and Petit Jury.—On Wednesday afternoon last, at the Clerk's office, his honor, Judge Wickes, superintended the drawing for Grand and Petit Juries for the April Term, 1870, of the Circuit Court for Kent County. The following is the result:

Grand Jurors.—Samuel Cacy, Edwin P. Janvier, Jervis Spencer, James R. Stavely, John C. Hynson, Geo. R. Reed, Samuel Hurlock, William B. Usilton, William Vannort, Isaac Parsons, John T. Skirven, William Thomas, of Wm., Jas. W. Hurtt, John W. Jarman, John W. Loud, Edward Wilkins, J. Evan Thomas, Levinus C. Graves, Henry T. Jump, Aaron L. Gooding, John Pennington, William H. BLACK CHESAPEAKE INK.

—:o:—

Most if not all the inks or writing fluids heretofore manufactured in the United States, have been composed of Tanic Acid, Gallic Acid, and a salt of Iron. A saturated solution of Aleppo galls in alcohol, is first made. This tincture contains several ingredients beside the Tannic and Gallic acids. By adding some of this tincture to a solution of Green Vitriol (Sulphate of Iron) the solution assumes first a violet and finally a black color. By adding some of the same tincture to a solution of sulphate of sesquioxide of iron a black color is immediately produced but on standing, both solutions will deposit a black percepitate. The manufacturers of ink add gum sugar or other mucillaginous matter to hold this black powder in suspension.

If this ink should freeze the black powder is, however, precipitated, and will not again readily dissolve, and the ink is rendered worthless. It cannot be diluted, when once too thick, without injuring, if not entirely destroying it. This ink may also be readily washed out from paper or parchment.

Forgers have availed themselves of this knowledge in altering checks, Drafts, Notes, &c. It is probable many wills have been entirely altered to suit interested parties having access to the paper by washing out the writing with oxalic acid, and again filling up the blanks. Many changes of Records have been from time to time discovered. Government Stamps have been freed from the ink used in cancelling them, and used a cond time. There is no guarantee that anything written with these inks will not be altered at any time, by designing men.

The only preventive lies in using an ink that cannot be erased by any acid or alkali, without destroying the paper or parchment.

Heretofore no such ink could be obtained. Now, every one can obtain an absolutely indelible, unchangeable ink, for a less price than is paid for the worthless fluids in the market.

BLACK CHESAPEAKE INK,

When written, cannot be erased with oxalic acid. It does not corrode the Pen.

It may be diluted with rain water, if too thick, and used up to the last drop.

It is equal to india ink for drawing.

It can be written with on the margins of Newspapers, or unsized paper of any kind, and does not blot.

It flows more freely from the pen than any other ink or fluid.

Neither freezing nor boiling injure it.—Every one who once uses it buys it again, and will use no other.

WILLIAM A. VICKERS, with whom I have entered into a limited partnership, will fill all orders from any part of the State of Maryland. All other orders should be addressed to me.

1870 SPRING TRADE. 1870

In view of the approaching Spring season of 1870, we take occasion to politely remind the old friends and patrons of our concern, now, just twenty-five (25) years old, that, believing ourselves possessed of ample means of maintaining that respectable reputation which has successfully stood the wear and tear of a quarter of a century, we shall continue to keep on hand and offer for sale, a large and varied stock of Staple and Fancy Goods adapted to the Farming and Household wants of this community.

We have never professed to sell Goods at less than Manufacturers' prices or at cost, nor do we expect to give them away; but buying at an advantage as thorough as is known to any man of an upright business mind, we can certainly claim ability to sell them at figures which will raise no reasonable feeling of complaint, upon the part of fair-minded people. Recognizing past kindnesses we hope to bring a sense of regret upon none who have ever shown them.

LORILLARD'S **"EUREKA," Smoking Tobacco** is an excellent article of granulated Virginia; wherever introduced it is universally admired. It is put up in handsome muslin bags, in which orders for Meerschaum Pipes are daily packed.

LORILLARD'S **Yacht Club Smoking Tobacco** classed by all who consume it as the "finest of all;" it is made of the choicest leaf grown; it is anti-nervous in its effects, as the Nicotine has been extracted; it leaves no disagreeable taste after smoking; it is very mild, light in color and weight, hence one pound will last as long as 3 of ordinary tobacco. In this brand we also pack orders every day for first quality Meerschaum Pipes. Try it and convince yourself it is all it claims to be, "THE FINEST OF ALL."

LORILLARD'S **CENTURY Chewing Tobacco** This brand of Fine Cut chewing tobacco has no equal or superior anywhere. It is without doubt the best chewing tobacco in the country.

LORILLARD'S **SNUFFS** have now been in general use in the United States over 110 years, and still acknowledged "the best" wherever used.

If your storekeeper does not have these articles for sale, ask him to get them; they are sold by respectable jobbers almost everywhere.
