The Chestertown Transcript

Saturday Morning, April 9, 1870.

☞ Our friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

LOCAL MATTERS.

The Farmers' Club at Rees' Corner, on the 31st ult., elected the following officers to serve three months from the 1st of April, viz: President, Rich'd. W. Jones; Vice Presidents, A. J. Rees, J. H. Gale; Secretary, Charles G. Ricaud; Treasurer, Jas. J. Rees.

Kent Railroad.—We learn that at the meeting of the board of Directors of this road on Thursday last, it was determined to run three trains a week from Kennedyville to Townsend, on Monday, Wednesday and Fridays: commencing on Monday next, until further notice.

It was also determined to increase the expenditures for construction fifty per cent.

We hope that the effort now being made by the Directors will be responded to by the stockholders who are in arrears for their subscription.

☞ Attention is called to the advertisement of Robert E. Holtz, Carriage and Wagon maker, at Willis' Cross Roads and Hanesville. Mr. Holtz says, "If I make fifty cents I feel it my duty to spend fifty cents for advertising. I know I can gain that much more by it. If everybody would make more use of the press times would not be so dull." So progressive and sensible a man cannot fail to be appreciated by the good people of Worton.

Meat Stolen.—On Saturday night last, the meat house of Mr. Jeff. L. Smith, near Bel Air, was entered, and some fifteen pieces of meat and 30 lbs. of lard carried off. The house had no floor, and being upon the side of a hill, resting upon stone foundation, the thieves cut through the high side of the wall.

A search warrant, served on Monday last upon the occupants of some dozen houses, brought to light a great deal of poverty, even lack of all necessaries of life, but no meat. *

Damon Lodge, I. O. O. F., was regularly instituted and commenced operations in this town, on Saturday night last. The following are the principal officers: N. G., S. S. Usilton; V. G., S. L. Rawleigh; S., Ernest Reische; T., S. W. Rawleigh; W., H. Jefferson. We learn the prospect, is flattering for a very respectable membership. The Lodge meets every Monday night, in the Good Templars hall.

The Red Men.—The advent of the Good Templars, Knights of Pythias, and Odd Fellows, has stirred up one or two members of the order of Red Men, residing here, who have, by energetic canvassing, obtained quite a number of names of persons favorable to forming a Lodge. The necessary steps to procure a charter have already been taken, the use of a hall applied for, and we learn it is expected next week to organize. Knowing ones assert that candidates for initiation may, in this Order, rely upon being put through "a regular course of sprouts," in true Indian style.

I. O. G. T.—Proceedings of the last Quarterly Convention.—Owing to the state of the weather last Saturday, the Convention which met at Still Pond was not well attended, some Lodges not being represented at all, and others only partially so. We learn that the W. C. T. not being present the District Deputy called the Convention to order, when it was ascertained that Dr. Melvin, the Secretary, was the only officer elect present; and on motion, the Convention proceeded, by election, to fill the vacancies, viz: W. C. T. Geo. Leary; W. V. T., Miss Gulie Clark; W. M., Joseph Russum, Jr.; W. C., Geo. Crossley; W. T., S. S. Baker; W. F. S., Mrs. A. Thomas. Six Lodges were represented, but only one fully. The following officers were elected to preside at the next Quarterly Convention, viz:

W. C. T.—William B. Usilton;
W. V. T.—Miss Susie Young;
W. S.— ——— Pinkind;
W. F. S.—Miss Florence Kelley;
W. T.— ——— Atkinson;
W. C.—Rev. D. C. Ridgway;
W. M.—Joseph Leary.
W. I. G.—Thomas Edes.

A committee, consisting of one from each Lodge, was appointed to revise the Constitution. There was quite an amount of business before the Convention, which was rapidly dispatched. Good order and good feeling prevailed throughout. The next meeting of the Convention will be held at Rock Hall Church, Saturday, July 9, 1870.

County Commissioners.—William W. Stephens was appointed supervisor of road from Worton Heights to Nicholson's Branch.

Daniel McKee was appointed Standard Keeper of State standard.

William W. Stephens, Samuel A. Merritt and William A. Vickers were appointed Trustees of the Poor and Alms House property.

Road supervisors were ordered not to expend more than $15 per mile without a special permit from a Commissioner.

BLACK CHESAPEAKE INK.

MOST if not all the inks or writing fluids heretofore manufactured in the United States, have been composed of Tanic Acid, Gallic Acid, and a salt of iron. A saturated solution of Aleppo galls in alcohol, is first made. This tincture contains several ingredients beside the Tannic and Gallic acids. By adding some of this tincture to a solution of Green Vitriol (Sulphate of Iron) the solution assumes first a violet and finally a black color. By adding some of the same tincture to a solution of sulphate of sesquioxide of iron a black color is immediately produced but on standing, both solutions will deposit a black percepitate. The manufacturers of ink add gum sugar or other mucillaginous matter to hold this black powder in suspension.

If this ink should freeze the black powder is, however, precipitated, and will not again readily dissolve, and the ink is rendered worthless. It cannot be diluted, when once too thick, without injuring, if not entirely destroying it. This ink may also be readily washed out from paper or parchment.

Forgers have availed themselves of this knowledge in altering checks, Drafts, Notes, &c. It is probable many wills have been entirely altered to suit interested parties having access to the paper by wsshing out the writing with oxalic acid, and again filling up the blanks. Many changes of Records have been from time to time discovered. Government Stamps have been freed from the ink used in cancelling them, and used a second time. There is no guarantee that anything written with these inks will not be altered at any time, by designing men.

The only preventive lies in using an ink that cannot be erased by any acid or alkali, without destroying the paper or parchment.

Heretofore no such ink could be obtained. Now, every one can obtain an absolutely indelible, unchangeable ink, for a less price than is paid for the worthless fluids in the market.

BLACK CHESAPEAKE INK,

When written, cannot be erased with oxalic acid. It does not corrode the Pen.

It may be diluted with rain water, if too thick, and used up to the last drop.

It is equal to india ink for drawing.

It can be written with on the margins of Newspapers, or unsized paper of any kind, and does not blot.

It flows more freely from the pen than any other ink or fluid.

Neither freezing nor boiling injure it.—Every one who once uses it buys it again, and will use no other.

WILLIAM A. VICKERS, with whom I have entered into a limited partnership, will fill all orders from any part of the State of Maryland. All other orders should be addressed to me.

Manufacturing Chemist.
