The Chestertown Transcript

Saturday Morning, April 30, 1870.

☞ Our friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

LOCAL MATTERS.

State Directors.—The Board of Public Works, on Tuesday last, appointed William T. Spry, George D. S. Handy and Robert Nicholson, State Directors in the Kent County Railroad.

The Tax Collectors.—The County Commissioners, yesterday afternoon, made the following appointments:

1st District—	E. E. Miller.
2d	"	Jacob Sutton.
3d	"	William V. Lucas.
4th	"	William A. Thomas.
5th	"	Arthur B. Wheatley.

Kent Railroad.—As will be seen by advertisement elsewhere, the Kent railroad will commence, on Monday next, to run daily trains from Kennedyville, connecting with the Delaware railroad at Townsend. A great step forward has been made since the present board of Directors assumed the management, within a few weeks of one year ago. The progress has been constant and the work well performed. The stockholders of the road and the citizens of the county at large are indebted to the Directors for their untiring attention and frequently for their assumption of individual responsibility to keep the work progressing.

Orphans' Court Proceedings.—The last will and testament of Jacob Clayton was admitted to probat by the Court, and ordered to be recorded.

Chas. H. Wilmore, adm'r. of Harriett Miller, colored, returned an inventory of the personal estate of dec'd., which on application, was ordered to be sold at public sale.

Levinus C. Graves, adm'r. of William Graves, dec'd., returned his second administration account.

Ann E. Wilson, guardian to John C. Willson, returned her final guardian acc't.

Thomas W. Eliason, guardian to Mary R., John E., and William F. Ringgold, returned his joint guardian account for the year 1869.

Geo. W. T. Perkins, trustee under the last will and testament of E. F. Chambers, dec'd., for the heirs of E. A. Jones, returned an account for the years 1867, '8, '9 and '70 to April 11.

Letters of administration on the personal estate of Henrietta L. Spencer were granted to Henrietta M. L. Everett, with Wm. S. Walker and Wm. B Tilghman, as sureties. Geo. W. T. Perkins and N. G. Westcott were appointed appraisers, and the legal notice to creditors ordered.

County Commissioners.—Owing to the absence of one of the members, from domestic affliction, the appointments of Collectors were deferred. The court was engaged in making transfers.

Circuit Court.—The following, in addition to our last week's report, occupied the Court:

State vs. John G. Schaick, indicted for stealing two mares from J. G. Hossinger. Verdict, not guilty.

State vs. Mary Jane Brown, indicted for stealing clothes from A. S. Hurlock. Guilty, and sentenced to the penitentiary for 12 months.

State vs. Laura Wilmer, indicted for stealing clothes from same. Not guilty.

State vs. John N. Usilton—case held *sub curia* from Oct. Term, for encroachment on the streets of Chestertown, near M. P Church. Not guilty.

William Johnson, convicted of stealing carpet from Mrs. Susan Barrett, was sentenced to the penitentiary for three years.

Julia Ann Cotton, convicted of stealing clothing from Isaac Gale, sentenced to the penitentiary for 18 months.

Railroad Accidents--Three Accidents on the Md. & Del. R. R. in as Many Days.

On Thursday the 21st, as the 3 o'clock train neared the Easton depot, an accident occured which threw two freight cars off the track and injured them pretty badly. The accident occurred in W. T. Kemp's field, and was occasioned by the track being obstructed by a cow. The locomotive had been detached, as is the custom, and the remainder of the train was moving by its own momentum toward the depot when it encounted the cow with the result above mentioned. The cow was first brushed from the switch by the locomotive, and one of its legs broken, but it managed to crawl upon the main track in front of the moving train. No one was hurt but Mr. Saunders, brakesman, and he not seriously.

Several sheep were run over and killed ed by the same train on Saturday, but no damage was done to the cars. This occurred just above Sheriff Benett's farm.

Another accident occurred at the Easton depot upon the arrival of the 11 P. M. train on Saturday. It appears that one of the brakesmen took a car out of the car house on Saturday afternoon to clean it; when he put it back he forgot to adjust the switch for the night train. When the passenger train came down at 11 o'clock, instead of coming straight up to the depot, it switched off, and locomotive and cars went pell mell into the car house, smashing up things generally. A car on the track in the house was driven clear thro' the southern end of the building and thrown several feet out into the lot beyond. The doors of the car house were smashed into splinters, and the side of the building raised off the under-pinning and slued five inches out of place. Fortunately, no one was injured.

VALUABLE LANDS AT PRIVATE SALE.

THE UNDERSIGNED, intending to remove South, has concluded to dispose of his lands in Kent county, situated about six and a half miles from Chestertown, and about two and a half miles from the Railroad Depot at Kennedyville.

MY HOME FARM

Contains 286 1-2 Acres,

immediately on the main road from Chestertown to Chesterville, about three miles from the latter place and about one mile and a quarter to Travilla Landing on Chester river, and to which latter point there is a public road. The land is arable, and no waste land on the farm. The Land has a red clay bottom: the soil is not stiff, but good for Wheat, Corn, Oats and Grass—all grow luxuriantly, and the farm is in a fine state of cultivation. It has been limed several times.

THERE ARE SIX FIELDS

And a Peach and Apple Orchard

OF ABOUT TWENTY ACRES.

About 1,000 Apple Trees in bearing,

of choice varieties. One of the other fields has been PLANTED IN PEACH TREES not yet in bearing.

The DWELLING HOUSE is comparatively new, and commodious. The Out-buildings are, a *LARGE BARN*, with basement Stable and Corn Cribs, and other buildings, all in good order and condition, and were erected subsequent to the construction of the Dwelling. There are also

Three Tenement Houses.

The Farm is principally inclosed with the Osage Hedge. Division Fences partly hedge and rail.

Adjoining the above Farm is the

MASON FARM,

Containing about 155 Acres.

The soil is naturally good, but has not been improved. A portion of it is light and adapto Truck and Small Fruits. There are about

TEN ACRES OF WOODLAND,

and a stream of water passing through the Farm. There are

TWO SMALL TENEMENT HOUSES

on the land. The Farms will be sold jointly or separately, to suit purchasers.

THE TERMS OF SALE ARE,

One-fourth Cash or in ninety days after sale, and the balance in three annual installments, with interest: but they may be modified.

The situation is remarkably healthy.

For Terms apply to the subscriber, on the premises, or address him at his Post Office at Kennedyville, Kent county, Maryland, or to my Attorney, the HON. GEO. VICKERS, at Washington City, who can give satisfactory information about my title.

ARTHUR J. WALLIS,

April 23, 1870—3w. *Kent County.*

TO FARMERS.

STEEL CULTIVATOR TEETH.

CHAPMAN & LAMBERT

HAVE the pleasure of calling the attention of Farmers generally to the following testimonials in regard to their Improved Steel Cultivator Teeth, over 200 sets of which have recently been sold in Kent and Queen Anne's counties:

Sassafras, Kent Co. Md.,
April 18th, 1870.

Messrs. Chapman & Lambert—Gentlemen: The Cultivator Teeth I purchased of you the Spring of 1869 gave me entire satisfaction, and I take pleasure in recommending them to the public, believing them to be a very superior article. D. C. BLACKISTON.

Messrs. Chapman & Lambert—Gentlemen: Some Cultivator Teeth that I got from you have given perfect satisfaction, and I will order two more sets to show the estimation I have of them. Very truly yours,
S. HEBRON BLACKISTON.
Thornton, April 19, 1870.

Sassafras, Kent Co., April 20, 1870.

Messrs. Chapman & Lambert—Gentlemen: I consider your Cultivator Teeth superior to any I have yet used: the advantages over all I have yet purchased and used are, that if properly set in the wood, will go down to the beam, breaking the ground thoroughly and permitting it at once to fall back, filling the furrow; whereas, many three-cornered teeth throw the furrow up to remain, leaving the roots of corn exposed to the rays of the sun to perish. Yours, respectfully,
T. A. JACOBS.

The undersigned, having used the Improved Steel Cultivator Teeth manufactured by Chapman & Lambert, of Chestertown, take pleasure in recommending them to Farmers as a very superior article, and possessing all the advantages over other Teeth claimed by the manufacturers:

J. W. Howard, *Still Pond*;
Wm. A. Thomas, *Quaker Neck*;
A. Hurlock, *Hanesville*;
Samuel Beck, *Hanesville*;
John A. Miller, *Still Pond*;
Joshua S. Cosden, *Queen Anne's Co.*;
T. J. Tucker, " " "
W. H. Stewart, *Kent County*;
John W. Loud, *Quaker Neck*.

These Teeth are now sold at the reduced price of $3.50 per set. We have 150 set on hand. Orders solicited and promptly filled.

BLACK CHESAPEAKE INK.

MOST if not all the inks or writing fluids heretofore manufactured in the United States, have been composed of Tanic Acid, Gallic Acid, and a salt of Iron. A saturated solution of Aleppo galls in alcohol, is first made. This tincture contains several ingredients beside the Tannic and Gallic acids. By adding some of this tincture to a solution of Green Vitriol (Sulphate of Iron) the solution assumes first a violet and finally a black color. By adding some of the same tincture to a solution of sulphate of sesquioxide of iron a black color is immediately produced but on standing, both solutions will deposit a black percepitate. The manufacturers of ink add gum sugar or other mucillaginous matter to hold this black powder in suspension.

If this ink should freeze the black powder is, however, precipitated, and will not again readily dissolve, and the ink is rendered worthless. It cannot be diluted, when once too thick, without injuring, if not entirely destroying it. This ink may also be readily washed out from paper or parchment.

Forgers have availed themselves of this knowledge in altering checks, Drafts, Notes, &c. It is probable many wills have been entirely altered to suit interested parties having access to the paper by washing out the writing with oxalic acid, and again filling up the blanks. Many changes of Records have been from time to time discovered. Government Stamps have been freed from the ink used in cancelling them, and used a second time. There is no guarantee that anything written with these inks will not be altered at any time, by designing men.

The only preventive lies in using an ink that cannot be erased by any acid or alkali, without destroying the paper or parchment.

Heretofore no such ink could be obtained. Now, every one can obtain an absolutely indelible, unchangeable ink, for a less price than is paid for the worthless fluids in the market.

BLACK CHESAPEAKE INK,

When written, cannot be erased with oxalic acid. It does not corrode the Pen.

It may be diluted with rain water, if too thick, and used up to the last drop.

It is equal to india ink for drawing.

It can be written with on the margins of Newspapers, or unsized paper of any kind, and does not blot.

It flows more freely from the pen than any other ink or fluid.

Neither freezing nor boiling injure it.—Every one who once uses it buys it again, and will use no other.

WILLIAM A. VICKERS, with whom I have entered into a limited partnership, will fill all orders from any part of the State of Maryland. All other orders should be addressed to me.
