# The Chestertown Transcript

**Saturday Morning, May 7, 1870.**

☞ Our friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

## LOCAL MATTERS.

An election for Directors of the Kent County Railroad will be held at the Court House on Monday next.

By a Law passed at the last session of the Legislature of our State, active and honorary members of volunteer military companies are exempt from Jury duty.

The County Commissioners transacted but little business of general interest. John K. Bosee was appointed supervisor of road from Perkins' Hill to Buckingham Landing.

R. P. Stewart supervisor of road from Edw. Slaughter's gate to Melbourn corner.

Orphans' Court.—Franklin Dyre and James Dyre returned their report of the appraised value of the real estate of Isaac W. Hance, late of Kent county, deceased. Received, and ordered to be recorded.

William J. Griffith, executor of Jacob Caulk, dec'd., returned an additional inventory of the personal estate of dec'd.; also, a list of debts due deceased.

Anna E. S. Ricaud, admr'x. of L. M. Ricaud, returned a list of debts due dec'd.

Robt. S. Griffith and W. H. Roberts, admr's. of John T. Roberts, returned a list of sales of personal estate; also, a list of debts due deceased; which were received and ordered to be recorded.

Thomas P. Davis, adm'r. C. T. A. of Lambert S. Melvin, dec'd., returned his second and final administration account, which was passed and ordered to be recorded.

Geo. B. Westcott, executor of Samuel W. Spencer, late of Kent county, dec'd., returned his first administration account, which was passed and ordered to be recorded.

On application of the same, ordered that the executor give notice to creditors that a dividend on the personal estate of dec'd. will be made.

The meeting of delegates from the various Farmers' Clubs of the county, to form a County organization, is a gratifying evidence of the favor this method of uniting the farmers is meeting with in our county. The County Club is the legitimate and necessary offspring of the District Clubs, and its importance will soon be felt.

Still Pond, Kennedyville, Millington, Galena and Sassafras, have yet taken no steps to form local organizations. They should do so at once, and be represented in the County Society. If the old farmers will not take the lead, the young men should not wait for them, but show them the independent farmer of to-day does not intend to battle his way unsupported by the sympathy of those in like occupation, as was done in days of yore. If the farmers in the localities where there are no Clubs, wish to be convinced of the interest elicited by these organizations, let them attend some of the meetings of the Clubs, and they will be convinced. It is very desirable that the County Society be fully represented from the different localities, and that the delegates represent associations.

Agreeably to notice, delegates from different Farmers' Clubs of the county met in the hall of the Good Templars, in Chestertown, on Tuesday, the 3d instant, at 2 o'clock, P. M.

On motion, John Gale, Esq., was called to the Chair, and Chas. H. Baker appointed Secretary.

The object of the meeting was stated to be the organization of a County Farmers' Club.

The following delegates were present:

From the Rees' Corner Club—Richard Jones, A. J. Rees and Jas. H. Edes.

From the Worton Club—John Gale, Edw. P. Janvier and John W. Corey.

From the Quaker Neck Club—Chares H. Baker: the two other delegates were not present.

From the Central Club—Dr. Frederick Worrell and J. M. J. Byron.

On motion, the propriety of organizing a County Farmers' Club was declared, and a committee on Constitution and By-Laws appointed, as follows: Dr. F. Worrell, J. A. Pearce, A. J. Rees, J. W. Corey, C. H. Baker, William Griffith and Dr. T. C. Kennard.

On motion, each of the Farmers' Clubs of the county were requested to send five delegates to a meeting on Monday next at 2 o'clock, P. M.

C. H. BAKER, *Sec'y.*

Philadelphia Street Car Traffic.—The street passenger cars in Philadelphia employed by seventeen different companies, numbering six hundred and eighty-eight cars, with one hundred and seventy-nine miles of track, carried last year 55,000,000 passengers. Nine persons were killed and twelve injured by accidents. The receipts from passengers amounted to three and a half millions of dollars.

Painful Accident.—Miss Sallie Sculley, a prepossessing young, lady, residing a few miles from Centreville, met with an accident on Wednesday afternoon which cost her one of her eyes. It seems she was digging in the garden with a hoe, when she came in contact with an oyster shell which had been unobserved, and striking it with the hoe it flew up, the edge of it becoming buried in the bald of the eye, completely splitting it in two, making a horrible and extremely painful wound. Medical assistance was summoned, but her eye cannot be saved.—*Centreville Observer.*

Antiquated.—There is a solitary tomb stone, about six inches thick, in a field of about 150 acres, on the farm purchased by Henry Dodd, Esq., of Capt. E. T. M. Forman, marking the resting place of one John Sargeant, and bearing date 1691. The deceased is supposed to have been a sea-captain, but this is mere supposition, as there is no traditition in regard to him, and no descendants left to inquire for him. It is singular however, that he should have been interred alone in so large a field.—*Ib.*

Shooting Affray.—Jas. A. Barwick, who keeps the little grocery known as "Grecian Bend," at Colgan's Cross Roads, was lodged in jail by Deputy-Sheriff Sparks on Sunday, upon the charge of firing into the house of Wm. E. Hollyday, at the Cross Roads. Barwick claims that the shooting was the result of the accident.—*Ib.*

Escaped from Jail.—A negro boy, lodged in jail sometime since on the charge of larceny, escaped one day last week. It seems the Sheriff had permitted him to come out and whitewash the jail fence, the boy pledging that he would not leave.—He did, however, and has not yet been re-arrested.—*Ib.*

## VALUABLE LANDS AT PRIVATE SALE.

THE UNDERSIGNED, intending to remove South, has concluded to dispose of his lands in Kent county, situated about six and a half miles from Chestertown, and about two and a half miles from the Railroad Depot at Kennedyville.

**MY HOME FARM**

**Contains 266 1-2 Acres,**

immediately on the main road from Chestertown to Chesterville, about three miles from the latter place and about one mile and a quarter to Travilla Landing on Chester river, and to which latter point there is a public road. The land is arable, and no waste land on the farm. The Land has a red clay bottom: the soil is not stiff, but good for Wheat, Corn, Oats and Grass—all grow luxuriantly, and the farm is in a fine state of cultivation. It has been limed several times.

*THERE ARE SIX FIELDS*

**And a Peach and Apple Orchard**

OF ABOUT TWENTY ACRES.

**About 1,000 Apple Trees in bearing,**

of choice varieties. One of the other fields has been PLANTED IN PEACH TREES not yet in bearing.

**The DWELLING HOUSE** is comparatively new, and commodious. The Out-buildings are, a *LARGE BARN,* with basement Stable and Corn Cribs, and other buildings, all in good order and condition, and were erected subsequent to the construction of the Dwelling. There are also

**Three Tenement Houses.**

The Farm is principally inclosed with the Osage Hedge. Division Fences partly hedge and rail.

Adjoining the above Farm is the

**MASON FARM,**

**Containing about 155 Acres.**

The soil is naturally good, but has not been improved. A portion of it is light and adapto Truck and Small Fruits. There are about

**TEN ACRES OF WOODLAND,**

and a stream of water passing through the Farm. There are

**TWO SMALL TENEMENT HOUSES**

on the land. The Farms will be sold jointly or separately, to suit purchasers.

*THE TERMS OF SALE ARE,*

One-fourth Cash or in ninety days after sale, and the balance in three annual installments, with interest: but they may be modified.

The situation is remarkably healthy.

For Terms apply to the subscriber, on the premises, or address him at his Post Office at Kennedyville, Kent county, Maryland, or to my Attorney, the HON. GEO. VICKERS, at Washington City, who can give satisfactory information about my title.

## TO FARMERS.

**STEEL CULTIVATOR TEETH.**

**CHAPMAN & LAMBERT**

HAVE the pleasure of calling the attention of Farmers generally to the following testimonials in regard to their Improved Steel Cultivator Teeth, over 200 sets of which have recently been sold in Kent and Queen Anne's counties:

Sassafras, Kent Co., Md.,
April 18th, 1870.

*Messrs. Chapman & Lambert*—Gentlemen: The Cultivator Teeth I purchased of you the Spring of 1869 gave me entire satisfaction, and I take pleasure in recommending them to the public, believing them to be a very superior article. D. C. BLACKISTON.

*Messrs. Chapman & Lambert*—Gentlemen: Some Cultivator Teeth that I got from you have given perfect satisfaction, and I will order two more sets to show the estimation I have of them. Very truly yours,

S. HEPBRON BLACKISTON.
Thornton, April 19, 1870.

Sassafras, Kent Co., April 20, 1870.

*Messrs. Chapman & Lambert*—Gentlemen: I consider your Cultivator Teeth superior to any I have yet used: the advantages over all I have yet purchased and used are, that if properly set in the wood, will go down to the beam, breaking the ground thoroughly and permitting it at once to fall back, filling the furrow; whereas, many three-cornered teeth throw the furrow up to remain, leaving the roots of corn exposed to the rays of the sun to perish. Yours, respectfully,

T. A. JACOBS.

The undersigned, having used the Improved Steel Cultivator Teeth manufactured by Chapman & Lambert, of Chestertown, take pleasure in recommending them to Farmers as a very superior article, and possessing all the advantages over other Teeth claimed by the manufacturers:

J. W. Howard, *Still Pond;*
Wm. A. Thomas, *Quaker Neck;*
A. Hurlock, *Hanesville;*

John A. Miller, *Still Pond;*

**BLACK CHESAPEAKE INK.**

MOST if not all the inks or writing fluids heretofore manufactured in the United States, have been composed of Tanic Acid, Gallic Acid, and a salt of Iron. A saturated solution of Aleppo galls in alcohol, is first made. This tincture contains several ingredients beside the Tannic and Gallic acids. By adding some of this tincture to a solution of Green Vitriol (Sulphate of Iron) the solution assumes first a violet and finally a black color. By adding some of the same tincture to a solution of sulphate of sesquioxide of iron a black color is immediately produced but on standing, both solutions will deposit a black percepitate. The manufacturers of ink add gum sugar or other mucillaginous matter to hold this black powder in suspension.

If this ink should freeze the black powder is, however, precipitated, and will not again readily dissolve, and the ink is rendered worthless. It cannot be diluted, when once too thick, without injuring, if not entirely destroying it. This ink may also be readily washed out from paper or parchment.

Forgers have availed themselves of this knowledge in altering checks, Drafts, Notes, &c. It is probable many wills have been entirely altered to suit interested parties having access to the paper by washing out the writing with oxalic acid, and again filling up the blanks. Many changes of Records have been from time to time discovered. Government Stamps have been freed from the ink used in cancelling them, and used a second time. There is no guarantee that anything written with these inks will not be altered at any time, by designing men.

The only preventive lies in using an ink that cannot be erased by any acid or alkali, without destroying the paper or parchment.

Heretofore no such ink could be obtained. Now, every one can obtain an absolutely indelible, unchangeable ink, for a less price than is paid for the worthless fluids in the market.

**BLACK CHESAPEAKE INK,**

When written, cannot be erased with oxalic acid. It does not corrode the Pen.

It may be diluted with rain water, if too thick, and used up to the last drop.

It is equal to india ink for drawing.

It can be written with on the margins of Newspapers, or unsized paper of any kind, and does not blot.

It flows more freely from the pen than any other ink or fluid.

Neither freezing nor boiling injure it.—Every one who once uses it buys it again, and will use no other.

WILLIAM A. VICKERS, with whom I have entered into a limited partnership, will fill all orders from any part of the State of Maryland. All other orders should be addressed to me.

## TO PHYSICIANS.

New York, August 15th, 1868.

Allow me to call your attention to my

**PREPARATION**

OF

**Compound Extract Buchu.**

The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.

*MODE OF PREPARATION.*

Buchu, in vacuo. Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any now in use.

Buchu, as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this, (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever in inflammation exist. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation,

With a feeling of confidence,
I am, very respectfully,

**H. T. HELMBOLD,**
*Chemist and Druggist,*
*of Sixteen Years' Experience.*

November 4, 1854.

"I am acquainted with Mr. H. T. Helmbold; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

WILLIAM WEIGHTMAN,

**Helmbold's Fluid Extract Buchu**

Is the great specific for Universal Lassitude, Prostration, &c.

The constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption or insanity ensues.

**Helmbold's Fluid Extract of Buchu,**

In affections peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

**Helmbold's Fluid Extract Buchu and Improved Rose Wash**

Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superceding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

USE

**Helmbold's Fluid Extract Buchu**

In all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken-down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above disease, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the great Diuretic.

Sold by Druggists everywhere. Price—$1.25 per bottle, or 6 bottles for $6.50. Delivered to any address. Describe symptoms in all communications.
