The Chestertown Transcript

Saturday Morning, June 4, 1870.

☞ Our friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

LOCAL MATTERS.

The County Commissioners transacted no business of general interest.

No Matters of Local Interest have transpired during the past week of rain.

The wheat has generally been beaten down by the rain, but the heads are not sufficiently heavy to prevent its raising under the June suns. The corn fields are full of grass, but the wet weather prevents work in them.

M. P. Camp Meeting.—We see that a special meeting of the Quarterly Conference of the M. P. Church for Kent Circuit, consisting of two appointments, (Chestertown and Worton) will be held Tuesday afternoon, the 14th inst., at 3 o'clock, in the Queen street Chapel, to definitely settle the question of a camp meeting this season. At the monthly Church meeting last Thursday evening, it was found that a large majority of the Chestertown congregation are in favor of holding a camp meeting in Baker's Woods, say about the 20th of July, so as not to interfere with the harvesting operations or the peach crop.

Odd Fellows' Picnic.—We are requested by the Secretary of Lodge No. 74 I. O. O. F., to state that a Reunion and Picnic of Odd Fellows will be held at Galena on the 15th of June. Advertisement containing particulars next week.

Kent County Railroad.—We hear that by the statement of the receipts and expenditures of the road since it commenced running trains, to the Board of Directors at Kennedyville on Thursday last, it appears that the road has paid all expenses of running it, the lease of the Townsend branch, and leaves a small surplus.

Orphans' Court Proceedings.—Letters testamentary on the personal estate of Isaac Boyer, colored, were granted to William Perkins and Thomas C. Boyer, colored, with William D. Burchinal and Wm. H. Lambert as sureties. James A. Jones and Isaac Anderson, colored, were appointed to appraise the personal estate. Ordered that the legal notice to creditors be published.

Letters of administration *De Bonis Non* on the personal estate of Shadrach Nicols, colored, were granted to William Perkins, colored, with John N. Usilton and Wm. H. Lambert as sureties.

On application of Mary A. Lusby, administratrix of C. T. Lusby, the indentures of Araminta Tanner, colored apprentice, were cancelled.

The Land Scheme Sale at Easton.

The sale of town lots, on the Spruance plan, took place at Easton on the 7th inst. A special train went from Clayton that morning, and gave about one hundred and fifty persons a free ride to Easton. About twenty-five went from this town. The property was purchased a short time since by Josiah Caldwell, Esq., of Boston, and the management of the sale and drawing was entrusted to Mr. John L. Caldwell, superintendent of the road. About twenty acres of the property most desirable for building purposes, and lying principally between the railroad and the town of Easton, was divided into town lots. Upon this property there are two dwelling houses and a large barn, which were included in the drawing. One of these is a nice cottage, and valued at $1,500. It was the grand prize for which all contended. The lots were sold at $200—$25 cash and the balance in annual instalments. There were 150 lots on the plot; 110 were sold. The first prize was drawn by James Ll. Martin, a prominent lawyer of Easton. The second prize (the small dwelling) was drawn by William C. Jump, of Kenton. The third prize (the barn) was drawn by Walter Foreman, of Philadelphia. The drawing was done by Mr. Roberts, a blind man. There were two boxes—one containing tickets with the number of the lots, the other containing envelopes with the names of the purchasers.—*Smyrna Times.*

African Colonization.

The American Colonization Society publishes an "appeal to all Christians and philanthropists" for fifty thousand dollars to send emigrants to Liberia. The money may be forthcoming, but will the emigrants? It would seem, according to the ideas and ambition which generally animate races of men, that the colored people of the United States would be anxious to do much in behalf of their race in Africa, but it is a fact that colonization of that land from these shores has never been a great success. When slavery prevailed here it was generally only those who were liberated for the purpose who went to Liberia; and now, when all are free, it does not seem that there will be any greater number to make noble sacrifice for the more unfortunate of the same race in the fatherland. There have been some good volunteers, however, in the cause.

The Pope.—Pope Pius IX. is now in the seventy-ninth year of his age, and on the 17th of the present month will enter upon the twenty-fifth year of his occupancy of the Pontifical Chair. There is a tradition that no Pope can have a longer reign than St. Peter, who wore the triple tiara for twenty-five years, two months and seven days, and it is said that of the two hundred and sixty-odd successors of St. Peter no one has reigned so long. Then, if the present Pope still lives and reigns after the 24th of August, 1871, his pontificate will have exceeded that of St. Peter.

Pertinent to the discussion of the infallibility scheme is a squib that is now circulating among the Americans at Rome, in the shape of the following parody upon the Pater Noster.

"Our Father who art in the Vatican; Infallible be thy name. Thy temporal sovereignty come, thy will be done, in Europe and America, as it is in Ireland. Give us this day our tithes titles, and forgive us our trespasses as we give plenary indulgence to those who pay penitently unto us; and lead us not into Œcumenical Councils, but deliver us from thinking; for thine is the crozier, and the keys, and the tiara. Rome without end, Amen."

THE EXCELSIOR DROPPING REAPER AND MOWER

For 1870.

HAVING received from the manufacturers, a car-load of these justly celebrated machines, improved and built expressly for this section of the country, we ask our farmers to examine them before purchasing elsewhere.

There are three styles of Excelsior, to suit various customers.

THE SENIOR EXCELSIOR

With wood frame, has been before the public for the last ten years, and has no superior.

THE IRON-CLAD EXCELSIOR

Combines the accumulated improvements of the Senior Wood Frame, and has several features peculiar to itself. It has an enclosed iron frame, constructed on the principle of the arch, so as to combine enormous strength with great lightness.

THE JUNIOR EXCELSIOR

Is mounted on small wheels, of the same dimensions as the Buckeye. To those who want a Junior, we confidently recommend this machine.

DROPPING ATTACHMENT.

IT is with an unusual degree of confidence that we present this machine to the public for the harvest of 1870, it having passed through the trials of the past nine years with entire success. We feel confident that for utility, lightness of draft, strength, and durability, it has no superior.

This assertion we propose to make good to all who purchase these machines. To any one wishing a Rear Cut Machine, we offer the Russell.

SCHOOL NOTICE.

THE PUBLIC SCHOOLS of this County will be visited and examined in the order given below.

Commissioners, Parents and Guardians, and the friends of education, are cordially invited to attend. It is highly desirable that all who are sceptical of the good results of a system of Public Free Schools should be present, and judge for themselves of the progress of the Pupils and the condition of the Schools. Most of all, the Teachers need the hearty co-operation of parents; and while not shrinking from honest criticism, will feel grateful for a word of friendly encouragement.

BLACK CHESAPEAKE INK.

—:o:—

MOST if not all the inks or writing fluids heretofore manufactured in the United States, have been composed of Tanic Acid, Gallic Acid, and a salt of Iron. A saturated solution of Aleppo galls in alcohol, is first made. This tincture contains several ingredients beside the Tannic and Gallic acids. By adding some of this tincture to a solution of Green Vitriol (Sulphate of Iron) the solution assumes first a violet and finally a black color. By adding some of the same tincture to a solution of sulphate of sesquioxide of iron a black color is immediately produced but on standing, both solutions will deposit a black percepitate. The manufacturers of ink add gum sugar or other mucillaginous matter to hold this black powder in suspension.

If this ink should freeze the black powder is, however, precipitated, and will not again readily dissolve, and the ink is rendered worthless. It cannot be diluted, when once too thick, without injuring, if not entirely destroying it. This ink may also be readily washed out from paper or parchment.

Forgers have availed themselves of this knowledge in altering checks, Drafts, Notes, &c. It is probable many wills have been entirely altered to suit interested parties having access to the paper by wsshing out the writing with oxalic acid, and again filling up the blanks. Many changes of Records have been from time to time discovered. Government Stamps have been freed from the ink used in cancelling them, and used a second time. There is no guarantee that anything written with these inks will not be altered at any time, by designing men.

The only preventive lies in using an ink that cannot be erased by any acid or alkali, without destroying the paper or parchment.

Heretofore no such ink could be obtained. Now, every one can obtain an absolutely indelible, unchangeable ink, for a less price than is paid for the worthless fluids in the market.

BLACK CHESAPEAKE INK,

When written, cannot be erased with oxalic acid. It does not corrode the Pen.

It may be diluted with rain water, if too thick, and used up to the last drop.

It is equal to india ink for drawing.

It can be written with on the margins of Newspapers, or unsized paper of any kind, and does not blot.

It flows more freely from the pen than any other ink or fluid.

Neither freezing nor boiling injure it.—Every one who once uses it buys it again, and will use no other.

WILLIAM A. VICKERS, with whom I have entered into a limited partnership, will fill all orders from any part of the State of Maryland. All other orders should be addressed to me.

The New Self-Raking Attachment

UPON THE

CHAMPION

No. 2 REAPER AND MOWER.

THIS Machine stands pre-eminently at the head of all Harvesting Machines, and many valuable improvements have been added for the coming season. They are first class in every respect—unequalled and unexcelled.

A 2-wheeled Jointed-bar Self-Raker.

As a Mower, equal to the best single Mower in the market, and as a Self-Raking Reaper, it has no superior.

ALSO,

THE CHAMPION No. 2 Reaper and Mower,

WITH DROPPER ATTACHMENT.

This Dropper is the strongest and most desirable arrangement for gaveling the Grain ever made, and in construction and operation is different in very many respects to any other dropping attachment in use. By continued experimenting in the field, in the most difficult kinds of Grain, the inventor has succeeded in constructing a Dropping Attachmnet capable of operating successfully in every condition of Grain to be cut. Also,

THE IMPROVED CHAMPION No. 3 Mower,

The Great National Mowing Machine.

The Lightest Draft and Most Perfect Mower in the World!

We also call attention to *THE "ETNA" MOWER & REAPER AND DROPPER,* a First Class Machine, which is a light draft and easy-cutting Machine, either in Grass or Grain.

New York, August 15th, 1868.

Allow me to call your attention to my

PREPARATION
OF
Compound Extract Buchu.

The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.

MODE OF PREPARATION.

Buchu, in vacuo. Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any now in use.

Buchu, as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this, (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever in inflammation exist. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation,

With a feeling of confidence,
I am, very respectfully,
H. T. HELMBOLD,
Chemist and Druggist, of Sixteen Years' Experience.

Helmbold's Fluid Extract Buchu

Is the great specific for Universal Lassitude, Prostration, &c.

The constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption or insanity ensues.

Helmbold's Fluid Extract of Buchu,

In affections peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

Helmbold's Fluid Extract Buchu and Improved Rose Wash

Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superceding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

USE

Helmbold's Fluid Extract Buchu

In all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken-down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a ... HELMBOLD'S EXTRACT BUCHU ... the great Diuretic.

Sold by Druggists everywhere. Price—$1.25 per bottle, or 6 bottles for $6.50. Delivered to any address. Describe symptoms in all communications.
