The Chestertown Transcript

Saturday Morning, June 11, 1870.

☞ Our friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

LOCAL MATTERS.

The Central Farmers' Club of Chestertown, meets every Thursday evening at 7½ o'clock. Subjects for discussion next Thursday evening—Which is the best Reaper for general use? Which is the best means of carrying peaches to market, in baskets or boxes? Mr. A. M. Russell will give his experience in the peach trade, which commenced when peaches were selling for one dollar per barrel. All farmers interested are invited to attend.

The Kent Cornet Band, Prof. Redue leader, played a number of their pieces from the Bridge on Thursday evening last. These entertainments by the Band are always very pleasing to the citizens of that portion of the town.

Trial of Mowing Machines.—Attention is called to the trial of Reapers and Mowers, on Wednesday, June 15th, near Hanesville, on Mr. J. W. Corey's farm. See advertisement of Bell & Bro.

All Graduates, Professors and former Students of Washington College are requested to forward their names to E. A. Vannort, M. D., Hanesville, Kent Co, Md. The object is to place regularly on the rolls of the Alumni all members, preparatory to a re-union to be held in July next. Our Maryland and Delaware exchanges will confer a favor by noticing the facts.

Orphans' Court.—Wm. Perkins and T. C. Boyer, executors of Isaac Boyer, returned an inventory of the personal estate of deceased.

E. E. Miller and Samuel P. Benney returned their report of the annual rental value of the real estate of Emma, George W., Daniel, and Jas. W. Sutton, minors, in the hands of R. Augustus Brice, admr. of O. F. Sutton.

Letters of administration on the personal estate of Richard J. E. Shaw were granted to George H. Wilson, with Horatio Beck and Samuel G. Copper as sureties. Richard Jones and S. A. J. Wickes were appointed to appraise the personalty: and the legal notice to creditors ordered.

George B. Westcott, executor of S. W. Spencer, dec'd., returned his second and final administration account and dividend.

On application, ordered that the Register of Wills issue citation directed to Wm. H. Ford, guardian to John H. Ford, to return his final guardian account.

We are indebted to Capt. John Russell, the efficient Clerk to the County Commissioners, for the following matters of special local interest.

Tuesday last being the day appointed by the County Commissioners to make the annual Levy, after ascertaining the amount of assessment and expenses of the county, the Commissioners levied as follows:—County tax, 51¾ cts.; County schools, 20¼ cts.; to pay Railroad Bonds and interest, 18¾ cts.; making the County tax, in all, 90¾ cents in the hundred dollars.

The State tax, made by law, is as follows: State, 3 cts.; Bounty, 5½ cts.; School, 10 cts.; Southern Bond, ½ ct.; Blind Asylum, ¼, making 19¼ cts.; total for State and County, 110 cents in the $100. The County assessment is $7,922,716.00; the amount of County Levy thereon, at 90¾ per cent., is $71,898.65. The State assessment is $7,827,151.00; amount of levy thereon, at 19¼ cts., is $15,565.27; the State assessment being $95,565.00 less than the County, by bank stock paid by the banks. County schools, white assessment $7,768,169.00, at 20¼ per ct., is $15,730.54; colored assessment $154,547.00, at 20¼ per cent., is $312.95 Total County assessment, $7,922,716.00, which at 20¼ cts., is $16,043.49. State tax for schools, white assessment, $7,672,604.00, which, at 10 cents, is $7,672.60; colored assessment, $154,547.00, which at 10 cts., gives $154.55, making the State tax for white and colored schools, $7,827.15. Amount of tax to be paid by Kent county for the present fiscal year is for County taxes, $71,898.65; State, $15,067.27; total, $86,965.92.

For 1869 the taxes were $101,511.82, so that we have a reduction this year of $14,545.90.

Nominating Elections in Delaware.

The Wilmington *Gazette* of Tuesday says:

The Democratic and Conservative nomination election took place in this county on Saturday afternoon. The vote is the largest ever polled in such an election.—It shows that the people do not intend to allow the affairs of the county to fall into the hands of rogues or their agents.—The outpouring of white voters in this city was astounding to our own friends, and the excitement consequent upon such vast numbers commingling near the polls exceeded that at the general election of former years, when all parties voted at the City Hall, yet the most perfect good humor and order was preserved. The returns show that each candidate received a handsome vote, which is highly complimentary. The entire vote here exceeds the vote of the negro party, negroes included, 469 for the Sheriff, and 455 for the Coroner. With the aid of the negroes, Mr. Harvey, Radical, received here, at his home, only 450 votes; Mr. Armstrong, whose home is in White Clay Creek Hundreed, received here 1124 votes, which exceeds Mr. Harvey's vote (1,011. in the whole county 113 votes. The popularity of the men and the desire of white people is well evinced in this vote. The people mean no harm to the negroes, but at the same time they desire to avoid being put under negro rule, and having their local offices occupied by Africans of American descent.

The Baltimore Episcopal Methodist announces that Dr. A. T. Bledsoe, of the Southern Review, has become co-editor of the Methodist. It also states that the Southern Review has been adopted as the Quarterly of the Methodist Church South, Dr. Bledsoe remaining its editor.

THE EXCELSIOR DROPPING REAPER AND MOWER

For 1870.

HAVING received from the manufacturers, a car-load of these justly celebrated machines, improved and built expressly for this section of the country, we ask our farmers to examine them before purchasing elsewhere.

There are three styles of Excelsior, to suit various customers.

THE SENIOR EXCELSIOR

With wood frame, has been before the public for the last ten years, and has no superior.

THE IRON-CLAD EXCELSIOR

Combines the accumulated improvements of the Senior Wood Frame, and has several features peculiar to itself. It has an enclosed iron frame, constructed on the principle of the arch, so as to combine enormous strength with great lightness.

THE JUNIOR EXCELSIOR

Is mounted on small wheels, of the same dimensions as the Buckeye. To those who want a Junior, we confidently recommend this machine.

RUSSELL Combined Reaper and Mower,

WITH

DROPPING ATTACHMENT.

IT is with an unusual degree of confidence that we present this machine to the public for the harvest of 1870, it having passed through the trials of the past nine years with entire success. We feel confident that for utility, lightness of draft, strength, and durability, it has no superior.

This assertion we propose to make good to all who purchase these machines. To any one wishing a Rear Cut Machine, we offer the Russell.

BLACK CHESAPEAKE INK.

MOST if not all the inks or writing fluids heretofore manufactured in the United States, have been composed of Tanic Acid, Gallic Acid, and a salt of Iron. A saturated solution of Aleppo galls in alcohol, is first made. This tincture contains several ingredients beside the Tannic and Gallic acids. By adding some of this tincture to a solution of Green Vitriol (Sulphate of Iron) the solution assumes first a violet and finally a black color. By adding some of the same tincture to a solution of sulphate of sesquioxide of iron a black color is immediately produced but on standing, both solutions will deposit a black percepitate. The manufacturers of ink add gum sugar or other mucillaginous matter to hold this black powder in suspension.

If this ink should freeze the black powder is, however, precipitated, and will not again readily dissolve, and the ink is rendered worthless. It cannot be diluted, when once too thick, without injuring, if not entirely destroying it. This ink may also be readily washed out from paper or parchment.

Forgers have availed themselves of this knowledge in altering checks, Drafts, Notes, &c. It is probable many wills have been entirely altered to suit interested parties having access to the paper by washing out the writing with oxalic acid, and again filling up the blanks. Many changes of Records have been from time to time discovered. Government Stamps have been freed from the ink used in cancelling them, and used a second time. There is no guarantee that anything written with these inks will not be altered at any time, by designing men.

The only preventive lies in using an ink that cannot be erased by any acid or alkali, without destroying the paper or parchment.

Heretofore no such ink could be obtained. Now, every one can obtain an absolutely indelible, unchangeable ink, for a less price than is paid for the worthless fluids in the market.

BLACK CHESAPEAKE INK,

When written, cannot be erased with oxalic acid. It does not corrode the Pen.

It may be diluted with rain water, if too thick, and used up to the last drop.

It is equal to india ink for drawing.

It can be written with on the margins of Newspapers, or unsized paper of any kind, and does not blot.

It flows more freely from the pen than any other ink or fluid.

Neither freezing nor boiling injure it.—Every one who once uses it buys it again, and will use no other.

WILLIAM A. VICKERS, with whom I have entered into a limited partnership, will fill all orders from any part of the State of Maryland. All other orders should be addressed to me.

UPON THE

CHAMPION

No. 2 REAPER AND MOWER.

THIS Machine stands pre-eminently at the head of all Harvesting Machines, and many valuable improvements have been added for the coming season. They are first class in every respect—unequalled and unexcelled.

A 2-wheeled Jointed-bar Self-Raker.

As a Mower, equal to the best single Mower in the market, and as a Self-Raking Reaper, it has no superior.

ALSO,

THE CHAMPION No. 2 Reaper and Mower,

WITH DROPPER ATTACHMENT.

This Dropper is the strongest and most desirable arrangement for gaveling the Grain ever made, and in construction and operation is different in very many respects to any other dropping attachment in use. By continued experimenting in the field, in the most difficult kinds of Grain, the inventor has succeeded in constructing a Dropping Attachmnet capable of operating successfully in every condition of Grain to be cut. Also,

THE IMPROVED CHAMPION No. 3 Mower,

The Great National Mowing Machine.

The Lightest Draft and Most Perfect Mower in the World!

We also call attention to *THE "ETNA" MOWER & REAPER AND DROPPER*, a First Class Machine which is a light draft and easy-cutting Machine, either in Grass or Grain.

Allow me to call your attention to my

PREPARATION

OF

Compound Extract Buchu.

The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.

MODE OF PREPARATION.

Buchu, in vacuo. Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any now in use.

Buchu, as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this, (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever in inflammation exist. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation,

With a feeling of confidence,
I am, very respectfully,

H. T. HELMBOLD,
Chemist and Druggist, of Sixteen Years' Experience.

[From the Largest Manufacturing Chemists in the World.]

November 4, 1854.

"I am acquainted with Mr. H. T. Helmbold; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

WILLIAM WEIGHTMAN,
Firm of Powers & Weightman,

Helmbold's Fluid Extract Buchu

Is the great specific for Universal Lassitude, Prostration, &c.

The constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption or insanity ensues.

Helmbold's Fluid Extract of Buchu,

In affections peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

Helmbold's Fluid Extract Buchu and Improved Rose Wash

Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superceding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

USE

Helmbold's Fluid Extract Buchu

In all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken-down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above disease, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the great Diuretic.

Sold by Druggists everywhere. Price—$1.25 per bottle, or 6 bottles for $6.50. Delivered to any address. Describe symptoms in all communications.
