The Chestertown Transcript

Saturday Morning, July 30, 1870.

☞ Our friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

LOCAL MATTERS.

County Commissioners.

The Commissioners were in session, but the minutes show nothing of public interest.

Drowned.

On Sunday last two colored boys drifted from the shore of R. S. Emory in a boat, and becoming frightened they jumped into the river and were drowned.

Fine Potatoes.

We are indebted to Mr. A. J. Hynson for four specimens of fine Early Rose potatoes: the four weigh 3 lbs. and 4 ounces. Mr. Hynson purchased from W. F. Massey & Co., and planted, one peck of seed, only about two-thirds of which—owing to the bad season—came up, and he dug thirty-five bushels.

Orphans' Court.

July 26th—Present, Jas. Beck of Geo. and Thomas Lusby, judges.

William S. Walker, administrator of Cornelia C. Ricaud, late of Kent county, deceased, returned his first and final administration account, which was passed and ordered to be recorded.

David Staats, administrator of James R. Staats, deceased, passed his second and final administration account: passed, and ordered to be recorded.

Letters of administration on the personal estate of Henry E. Taylor, late of Kent county, deceased, were granted to Lewin Usilton (the widow having first filed her renunciation with the Register of Wills) with Richard Hynson and William S. Walker as sureties. J. T. Skirven and George R. Beck were appointed to appraise the estate, and the legal notice to creditors ordered.

Small-Pox and Scarlet Fever Remedy.

A correspondent of the Stockton (California) *Herald* writes as follows: I herewith append a receipt which has been used to my knowledge in hundreds of cases.—It will prevent or cure the small-pox tho' the pittings are filled. When Jenner discovered cow-pox in England the world of science hurried an avalanche of fame upon his head; but when the most scientific school of medicine in the world—that of Paris—publishes this receipt as a panacea for small-pox, it passed unheeded. It is as unfailing as fate, and conquers in every instance. It will also cure scarlet fever. Here is the receipt as I have used it, and cured my children of scarlet fever; here it is as I have used it to cure the small-pox; when learned physicians said the patient must die, it cured: Sulphate of zinc, one grain; foxglove (digitalis,) one grain; half teaspoonful of sugar; mix with two tablespoonful of water. When thoroughly mixed, add four ounces of water. Take a spoonful every hour. Either disease will disappear in twelve hours. For a child, small doses according to age. If countries would compel their physicians to use this there would be no use of pest-houses. If you value advice and experience, use this for that terrible disease.

Queen Anne's Items.

On Wednesday of last week Mr. J. Spencer Wright, whilst engaged in thrashing wheat, got his hand too far in the cylinder and had his fore finger considerably torn.

On the night of the same day Mr. Jas. E. Baily lost two mules and eight shoats killed by lightning, and two other shoats injured. P. B. Hopper, Esq., lost during the same storm his family driving mare.

The steamer "Osceola," purchased by Mr. Isaac Hayden for $7,000, is to run between Centreville and Baltimore.

The new locomotive "Queen Anne," built for the Queen Anne's railroad, is on the road ready for work.

From the Easton Star of Tuesday last.

The Inhabitants of Easton.—From the census just taken, the following is the classification and number of inhabitants of Easton, which shows an increase over the previous census of about six hundred:

White males - - -	609
" females - - -	588
Colored males - - -	396
" females - - -	513

Total number of inhabitants 2,106

Meeting of the Central Convocation.—The next meeting of the Central Convocation of the Diocese of Easton will be held in Christ Church parish, Kent Island. The session will commence on Wednesday, August 2d, and continue during Thursday and Friday.

On Wednesday morning there will be morning prayer, sermon, and the celebration of the Holy Communion. Afternoon, evening prayer and discussion of the topic "Domestic Piety," under the following head: "1st. Religious Worship, and instruction in the family: 2d, What are the responsibilities and just limits of authority in Christian Training: 3d, The power of Parental Example in persuading to a religious life.

Thursday morning, morning prayer and sermon: afternoon, evening prayer, and discussion of the Rite of Confirmation.

Friday morning, morning prayer, and sermon: afternoon, evening prayer, and discussion of the Doctrine of Conversion, under appropriate sub-divisions.

A Desirable Farm

AT PRIVATE SALE.

THE subscriber, as Attorney for Jas. A. Perkins, offers at private sale, the farm on which Mr. Chas. Jewell now resides, situated about 3 miles from Chestertown, Md., adjoining the lands of Dr. Worrell and W. N. E. Wickes, Esq. This land is situated directly on the Kent County Railroad, and is only a mile from Duyer's Station, to which point the road will be finished in a month or two.

The Farm contains 133 Acres

of Arable Land and Meadow,

and a Wood Lot of 40 Acres.

Is divided into four fields, and grows Grain well. There is a small PEACH ORCHARD of between 3 and 4 hundred trees, in bearing.

The improvements consist of a good substantial TWO STORY DWELLING, and a good sized BARN, comparatively new.

This Farm will be sold for $9,000: one thousand dollars to be paid within thirty days from the day of sale; one thousand dollars on the 31st of December, 1870; the balance in three equal annual payments.

THE

AMERICAN

BUTTONHOLE,

OVERSEAMING,

—AND—

SEWING MACHINE,

HAS THE FOLLOWING ADVANTAGES OVER MOST OF ALL THE OTHER SEWING MACHINES IN THE MARKET:

1. It has a tension which prevents cutting of thread or dropping of stitches.

2. It has the most powerful construction, which will insure good work for a quarter of a century.

3. It sews the lightest cambric and the usual shoe leather without any strain whatever.

4. It has feed bar which can be lowered or raised at will, thus adapting it to all kinds of material.

5. It is impossible to get the machine out of order unless by rust, dust or taking apart. It will never get out of order by working.

6. It has the highest attainable speed, making about 2,200 stitches per minute by foot, and 3,000 by steam.

7. It is the lightest running shuttle machine.

8. It makes the most beautiful Lock Stitch.

9. It has the handsomest appearance.

10. It has the strongest, most convenient, handsomely polished, braced table, with drawer, and board to prevent soiling the dress.

11. Its cover is polished, fitting and locked as a little trunk. There is nothing better than this to preserve the machine.

12. It has a straight needle.

13. Four bobbins hold a spool of cotton.

14. It has the best hemmer.

15. It has the most comple attachment, the Jack-of-all-trades, hems, folls, binds, bastes, tucks, braids and ruffles.

16. It is as simple as any machine in the market.

17. It needs but little time to learn its operation.

18. It has the best embroidering attachment.

The advantages combine the best qualities of a Sewing Machine for the family who want to use it steadily in all kinds of work. Nothing equal can be found in the way of combing the advantages of all the Sewing Machines now known, while obviating all their faults.

The Following Advantages

The AMERICAN possesses alone and undisturbed, there being no other machine even pretending them:

1. It has a larger arm and a stronger construction than any family machine, admitting larger pieces of work, thus fitting the machine to family and manufacturing porposes as well, without need of two machines. It has 8½x5 inches clear room.

2. It sews on a straight piece while puffing another at the same time without basting, attachment or after work.

3. It binds a coat, a skirt, or hat without any braid or binding whatever.

4. It folds up the brim of a hat to any fullness.

5. It overseams a sheet or Brussels carpet.

6. It makes beautiful eyelet work.

7. It embroiders on the edge.

8. It makes button holes of any size on any material.

9. It has the braiding machine which makes braid of any size or color at the rate of 150 yards per hour. This sells for $10 extra.

10. It always won the first premium at every exhibition in which it has been entered.

THE AMERICAN

Can be had as a plain sewing machine without the buttonhole and overseaming, at $15 less than the given prices.

We want a few reliable agents every where, to whom we will make it an object to sell these popular machines.

Machines will be sent to any address on receipt of price. Every machine has a full outfit for plain sewing, hemming, &c.

We simply ask an examination to verify all we state.
