The Chestertown Transcript

Saturday Morning, August 6, 1870.

☞ Our friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

LOCAL MATTERS.

County Commissioners.

Mr. Constable being the only member of this body present, no business was transacted.

U. S. Revenue.

The United States Internal Revenue Collector will be in Chestertown on Wednesday, Thursday, Friday and Saturday next, 10th, 11th, 12th and 13th of Aug., for the collection of income tax, &c.

Mr. John H. Kennard

Of New Orleans, a native of this county, and a member of the Democratic State Central Committee of Louisiana, sends us a copy of the Address recently issued by the Committee, to the voters of that State.

The Address is both hopeful and bold and a self-evident indictment of the "ignorance, venality, monopoly and oppression" of the Radical party of Louisiana.

Row at a Negro Picnic.

James H. Riley and Emory Graves, negroes, were brought before Justice Graves on Wednesday last, charged with assaulting Joshua Bordley, negro, at a picnic on Saturday last, in Quaker Neck. The parties were tried under the late Act of Assembly giving magistrates jurisdiction in cases of assault. Riley was fined $2 and costs. Graves was committed for an assault with intent to kill, for the action of the Grand Jury. The assault upon Bordley appears to have been of a most dangerous character: he was cut in the neck with a razor, a dangerous instrument with which the majority of negroes now seem to go armed.

Orphans' Court.

John H. Porter, adm'r. of John L. Porter, was authorized to sell certain crops at private sale.

George Vickers, guardian to the heirs of T. B. Flower obtained an order to expend a portion of principal for the education of the minors.

Henrietta Boyd was appointed guardian to her son, Henry L. Boyd, with John N. Clark and David S. Clark, of Delaware, as sureties.

The last will and testament of William Thomas Baker, late of Kent county, dec'd. was admitted to probat, and letters testamentary granted to Charles H. Baker, executor, William T. Baker, a son of deceased and one of the executors named in the will being under the legal age. The executor gave bond with John N. Usilton, Thomas Baker, William Lamb, James H. Edes, Joseph C. Rasin and Richard Hynson as sureties. L. M. Strong and Benj. F. Beck were appointed to appraise the personal estate. The legal notice to creditors was ordered.

Charles H. Baker was appointed guardian to Emma F., Mary V., and Zoa Baker.

Stack Yard Destroyed.

During the thunder storm on Thursday evening last, the Stack Yard of Mr. Jas. A. Roseberry was struck by the lightning and entirely consumed except one small stack. Mr. Roseberry had thrashed about 260 bushels of his wheat which he estimates at one third of his crops, the remainder is a total loss.

Kent R[illegible]

Th[illegible] this road are now laid to what [illegible]n as Duyer's Station, from which [illegible] freight trains will commence to run [illegible] Monday next. At a meeting of the Directors on Thursday last the location from Duyer's to Chestertown was agreed upon, and will be put under contract immediately.

The Depot will be located on General Vickers' Lot between Chestertown and the Cemetery.

Effects of the War on the Petroleum Trade.—The war between Prussia and France has proved a severe blow to trade in petroleum, which had grown to be one of the most important branches of our foreign commerce. Germany afforded us the best market for the product, and it was chiefly in German ships that the oil was transported. The war has caused most of the German ships to withdraw from the trade, rather than subject themselves to the danger of capture. The result, of course, is that the petroleum traffic with Germany must be almost entirely suspended so long as the war continues.

SOLUBLE

PACIFIC GUANO

IMPROVED IN

QUALITY AND CONDITION.

THE quality of this Guano is materially improved this season by the addition to its composition of a large per cent. of the

SALTS OF POTASH.

It is improved in condition by being brought into market sufficiently dry and uniformly fine to pass with *facility* and *regularity* through the orifices of the

WHEAT DRILL.

More than $1,000,000 is involved in the production of this Guano, and the trade in it has steadily increased, until now it far exceeds that of any other fertilizer.

The Pacific Guano Company has a far greater interest in the maintainance of the *quality* of its Guano than any number of *consumers* can have; hence no apprehension need exist as to its *continued excellence.*
