The Chestertown Transcript

Saturday Morning, September 3, 1870.

☞ Our friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

LOCAL MATTERS.

County Commissioners.

This body met last Tuesday—present William T. Hepbron, Thomas P. Dixon, and Stevenson Constable. The business transacted was not material to the public.

A Beast Bird.

We have been shown by Mr. John L. Stam a bat differing very materially in its appearance from the ordinary bat of our locality. The specimen is much larger than our bat, about the color of an old gray squirrel, and covered with hair very like the squirrel in appearance; the wings and toes are like the common bat, but the head and face are nearer to the terrier bull dog than any thing we can liken it, mouth large and filled with sharp teeth, the front being much larger than the others. The animal is vicious and makes every effort to bite. It was captured by Mr. D. A. Benjamin in a peach orchard in Queen Anne's county.

The vampire bat of Africa and the Oriental Isles fly in flocks in large numbers; their wings are very large; they live on fruits, but are said sometimes to draw blood from persons when asleep. The specimen of Mr. Stam's seems to approach nearer to the vampire genera than the ordinary bat of our latitude. Peach gatherers had better keep a sharp look out for these savage little inhabitants of the trees.

Improvement.

W. F. Massey, Esq., is building a comfortable two-story Dwelling on his Lot on River Side Terrace, where he has also removed his hot-houses and nurseries. This is a new part of our town which has been recently laid out in lots facing upon a new street. The location is very desirable for residences, and the water obtained from the wells is equal to the best spring water, and very cold. We expect to see this part of the town rapidly improving.

The Health of our Town.

The health of Chestertown has been remarkably good during this extreme summer—better, we believe, than usual during the warm weather. The indications, however, are that the Fall season will likely be a trying one to health generally. There has been a large growth of vegetation, the days are already bilious, the hot sun being succeeded by cool damp evenings; so that, unless the frosts set in early, we may expect bilious complaints to some extent. We think the Town Commissioners should make another examination of the town and see that all places likely to breed malaria are properly cleaned and limed. It would be well for each house-holder to make a free use of lime and plaster about their premises.

Orphans' Court

Tuesday, August 30th, 1870—Present, James Beck of George, Thomas Lusby, and William Stevens.

William Welch, guardian to Samuel J., William C., Charles and Mary L. Moffett, returned his guardian accounts for the year 1869, which were ordered for record.

R. Augustus Brice, adm'r. of O. F. Sutton, returned his first administration account—passed and ordered for record.

William Rolph, adm'r. of Rich'd. Embry, late of Kent county, returned his second administration account—passed and ordered for record.

S. Franklin Smith, administrator of S. A, Smith, returned a list of sales of the personal estate of deceased, also a list of debts due deceased.

Letters of administration on the personal estate, in Maryland, of Tench Tilghman, late of Sacramento City, California, were granted to James B. Tilghman of North Carolina, with William B. Tilghman of Baltimore, and H. M. L. Everett as sureties, and the legal notice to creditors ordered.

Henrietta Boyd was appointed guardian to her son, Henry L. Boyd, who entered into bond, with John T. Dodd and Richard Hynson as sureties, and she was authorized to expend the sum of one hundred dollars of the said ward's estate for the purpose of education.

Central Farmers' Club.

This Club met on Thursday evening last, and the question of *Fertilizers* was discussed without coming to any conclusion. The majority of the members expressed a determination not to use any kind this season.

The question for discussion next Thursday evening is, "The seeding of wheat; when and in what manner." The subject is one of immediate importance and should secure the attendance of every member.

Worton, Aug., 1870.

Mr. Editor—Worton is undoubtedly one of the rising places, and knowing that you feel an interest in her affairs, I have ventured to give you a line or two. The centre of attraction at present is Buck Neck wharf, and the daily excitement there is both amusing and instructive. Instructive in the developments of the growing wealth and influence of our people, amusing in the various incidents which always accompany the scramble for the dollar. The following would make a subject for an illustrated monthly: Big farmer, one of the lords of the manor, pulls off his coat to little teamster; little man hits him on the nose; farmer downs him; little man seizes him by the neck-tie; by-standers, six on a side, seize combatants and play "King George's Gates," to the infinite discomfort of big farmer's neck. Dignified Magistrate, with both hands uplifted, "I command the peace in the name of the Commonwealth; but, gentlemen, I don't mean to interfere." On another occasion, Sambo becomes noisy and obstreperous; indignant farmers call the constable to take him—constable, cool and collected, "Tie him, gentlemen, and I'm your man."

This is only a small modicum of the spice incident to the important and valuable peach trade of this fertile section.

Worton is a glorious country: her lands are improved and improving; her people are well housed, comfortable, hospitable, industrious and thriving, and her influence socially and politically is second to no section of our good old county. PETER.

TRUSTEE'S SALE
OF VALUABLE LAND
NEAR CHESTERTOWN,
AND
Desirable Town Property.

BY Virtue of a Decree of the Circuit Court for Kent County, as a Court of Equity, and passed in a cause in said Court wherein S. Franklin Smith is complainant and Anna Maria Smith and others are defendants, the undersigned as Trustee will offer at Public Sale, at the Voshell House in Chestertown, on

TUESDAY,
The 20th day of September, 1870,
at 11 o'clock, A. M.,

ALL THAT TRACT OF LAND

situated on the road from Chestertown to Kennedyville, of which the late Samuel A. Smith died seized, and which lays between the lands of Simon Wickes on both sides, and about a mile and a half from Chestertown. This Tract contains

33 Acres, 3 Roods & 27 Perches

more or less, and lies immediately on the line of the Kent County Railroad, now in process of construction at that point.

The soil is kind and productive, and the location extremely desirable; and a rare chance is offered here for securing a small but productive and valuable farm.

There are no buildings on the place.

ALSO, ALL THAT HOUSE AND LOT

situated in Chestertown on High street, opposite the Voshell House, designated on the Plot of said Town as part of Lot number 81.

This Lot is improved by a Frame DWELLING two stories and a half high, with basement rooms, lately occupied by Saml. A. Smith, deceased, as his residence. This house is well located on the main street of the town, has a number of good rooms, ample for a large family, and in good repair. There is also a yard attached to the house.

Adjoining the Dwelling and on the same lot, is a FRAME STORE HOUSE now occupied by J. K. Aldridge, Esq., as a Tin and Stove House. This is an excellent stand for trade and accommodates a large and important business. This Lot will be offered either together with the Dwelling, or separately, as may be deemed expedient on the day of sale.

THE TERMS,

Prescribed by the Decree, are: $500 cash on each separate piece of property, the balance in three equal instalments in two, three, and four years from day of sale, to be secured by the Bond of the purchaser with security to be approved by the Trustee.

Possession of town property given January 1st, 1871. Possession of farm given after removal of Corn crop now growing, in season to seed wheat.

Deed and stamps at cost of purchasers.

SOLUBLE
PACIFIC GUANO
IMPROVED IN
QUALITY AND CONDITION.

THE quality of this Guano is materially improved this season by the addition to its composition of a large per cent. of the

SALTS OF POTASH.

It is improved in condition by being brought into market sufficiently dry and uniformly fine to pass with *facility* and *regularity* through the orifices of the

WHEAT DRILL.

More than $1,000,000 is involved in the production of this Guano, and the trade in it has steadily increased, until now it far exceeds that of any other fertilizer.

The Pacific Guano Company has a far greater interest in the maintainance of the *quality* of its Guano than any number of *consumers* can have; hence no apprehension need exist as to its *continued excellence.*
