### The County Commissioners

Met on Tuesday last: present, William T. Hepbron, Thomas P. Dickson, Stevenson Constable.

Jacob Sutton, collector of tax in the First Election District, reported amount of taxes collected from Oct. 1, 1870, to Jan. 1, 1871, as follows: County, $3,789.45; State, 580.93; total, $4,370.38.

Ordered, that the County Commissioners will recognize no public road below H. Clay Hadaway's gate, in Broad Neck.

### The Orphans' Court

Met on Tuesday last: present Jas. Beck of George, and William Stevens.

Lewin Usilton, administrator of Henry E. Taylor, returned a list of sales of the personal estate of deceased, which was ordered for record.

William D. Burchinal, administrator of John H. Burchinal, returned an inventory of the personal estate of deceased—ordered for record. The said administrator also obtained an order for the sale of the personal estate of deceased.

New letters of administration on the personal estate of Samuel H. Hurley, late of Middlesex county, Va., were granted to J. Lewin Crew, with J. Welch Crew and Edward D. Crew, as sureties.

William Janvier, administrator of Wm. Marshall, returned his first administration account, which was passed and ordered to be recorded.

C. H. Baker, executor of William T. Baker, returned a list of debts due dec'd.

Joel C. Slaughter, adm'r. of Henry B. Slaughter, obtained an order to return a corrected final account and dividend, to include an after discovered judgment.

Citations were directed to be renewed for E. N. Rowland, administrator of Isaac Knight, and T. S. Wilmer, administrator of James Pearce.

### Reading and Library Association.

In accordance with the call for last Tuesday evening, a number of gentlemen assembled to discuss the subject of a Library and Reading Room.

On motion of Colin F. Stam, William B. Usilton was called to the Chair, and John C. Eliason appointed secretary A A committee to ascertain the cost of fitting up and renting a suitable room was appointed, also a committee on Constitution and By-laws. The meeting adjourned to this evening, to hear reports of committees. See advertisement.

### Religious Meetings.

A series of meetings commenced in the Methodist Episcopal Church of this town on Sunday last, and have been continued during the week, and we believe will be next week.

On Sunday (to-morrow) night, a protracted meeting will be commenced at the Methodist Protestant Church, of this town.

### The Intermediate

Or Non-Jury Term of the Circuit Court was in session on Monday last, Judge Wickes presiding. The civil dockets were gone over. On motion of Jas. A. Pearce, Esq., State's Attorney, Charles H. Baker was admitted as an Attorney of the Court. The Court adjourned until to-day.

### The Chester River

Is again closed with ice. The steamer "Chester" broke her way up the river on Tuesday last, and immediately returned to Baltimore. She has not been able to repeat the trip. Sunday night and Monday we had a light fall of snow, with the mercury very low. Wednesday night it commenced to snow and hail, and continued during Thursday. The sleighing is fine.

### The Delaware U. S. Senator.

The members of the Delaware Legisiature, democratic in both houses, met in caucus last week, and on the fourth ballot nominated Eli Saulsbury, brother of the present Senator, for United States Senator. The competitors for the nomination were the two brothers, Willard, the present United States Senator, and Gove Saulsbury, the late Governor. A compromise was effected by a union upon the third brother, Eli, a prominent member of the bar, who except being once a member of the legislature, has never yet hold a public office. At the hour appointed on Tuesday, Eli Saulsbury, Esq., was unanimously elected United States Senator to succeed his brother, the present incumbent. The new senator is fifty-three years of age, and although he never commenced the study of law until he was forty years of age, he is prominent at the bar of the legal profession. Having joined the Methodist Episcopal Church when he was sixteen years of age, he has always been an influential and useful member. Willard, the present Senator, has served for twelve years. The fact that three brothers competed for the same office is something new in the history of the country. A letter to the Delaware Commercial says:

Upon going into a ballot it was found that three members from New Castle county were for re-electing Willard, four were for Gove, and the other three were in favor of Eli. The contest, however was betwen Gove and Willard, and after they had, on the third ballot, equally divided the whole of the Willard faction, and one original Eli man, who had voted for Gove the third trial, went over to Eli, and gave him 16 votes to his brother's 14.

To show how Delaware sticks to certain of her own families let us name some of her former Senators: George Read and George Read Biddle; Richard H. Bayard, James A. Bayard, Sr., Jas. A. Bayard, Jr., and Thomas Francis Bayard, the present Senator; Cesar A. Rodney and Daniel Rodney; Joshua Clayton, Thomas Clayton and John M. Clayton, and now Willard Saulsbury and Eli Saulsbury. Of course Gove Saulsbury and the brother-in-law, Govenor Ponder must yet go to the Senate, and Mr. Baynard, nobody doubts, will succeed himself.

### The Church and the Stage again.

Lewistown (Pensylvania) True Democrat says:

A little episode occurred in the Lutheran Church of this place on Sunday night, 15th inst., which is worth mentioning. As the evening service was about to close, the pastor took occasion to admonish his congregation against attending the exhibitions being given in the Town Hall by a minstrel troupe, and in his remarks denounced the show as a low, vulgar, or indecent concern. It so happened that half dozen members of the troupe were present, and, no sooner had Mr. Brown concluded than up jumps one of the showmen, who, after apologizing for the interruption, stated that it was his bounden duty then and there to deny *in toto* the imputations made against the troupe by the pastor. The company, he said, was a proper one, and the performance not only decent, but entirely moral in all its appointments. "Moreover," said the showman, "I am a member of a church myself, and I know of no wrong I do in be longing to this show." Of course such a digression from the usual order of things created an immense sensation, and various outbursts of sentiment were made all over the church. One member told the minister not to get excited, whilst others commanded the showman to sit down. The whole affair was over in a few minutes, for the showman, after "saying his say," quietly resumed his seat. But the town had something to talk about next day, and the effect of such conspicious advertising was the Town Hall at Monday night's exhibition was full to overflowing.

GEN. SHERMAN'S VIEWS ON ARMS AND ARMIES.—General Sherman in a recent social chat gave his views on the arms and armies of the present day. He regards the Remington American rifle the best made, the chassepot as superior to the needle-gun, but explains that this discrepancy was overcome by the German system of educating the young men to the uses of arms, which make it easy to create an army of drilled soldiers in a short time by draft or the reserve system, whereby old soldiers leave the persuits of peace to enter an army, to find their old comrades, and even to re-enter their old regiments and companies. He believes Mr. Krupp has come nearer perfection in his 11-inch steel gun than has been reached in the manufactures of other heavy ordinance. He illustrated its success in various tests that have been made. He spoke of the cost as the only objection against it: while our 11-inch gun costs about $6,500, the Krupp guns cost $30,000 each. Three hundred of the latter pattern are now being used by the Germans in front of Paris.

FRENCH OPINION OF THE PRUSSIANS.—M. Edouard Laboulaye, the eminent French writer on American history and institutions; writing from Gruchet to an American friend, complains bitterly of the severities of war, and says:

"Mark that in France one hears always of Prussia and never of Germany. The reason is that there is no ill-will against Germany in France. We would have cordially welcomed the American federative union of Germany, what we oppose is Prussian despotism—Prussian arrogance—the greed and cupidity of these new Macedonians. We may succumb; the thing is possible: but when we have fallen England will feel that she is nothing any longer on the continent; Austria and Italy will be slaves, and European civilization will suffer an eclipse more formidable than under the reign of Napoleon I."

FILL YOUR LAMPS IN THE MORNING.—Scarcely a week passes but we read or hear of some frightful accidents from kerosene lamps exploding and killing or scarring for life women and children. A simple knowledge of the inflammable nature of the fluid will probably put a stop to nearly all the accidents. As the oil burns down in the lamp, highly inflammable gas gathers over its surface, and as the oil decreases the gas increases. When the oil is consumed a slight jar will often inflame the gas, and an explosion is sure to follow—death and destruction. A bomb-shell is no more to be dreadrd. Now, if the lamp is not allowed to burn more than half way down, such accidents are almost impossible. Always fill your lamp every morning, then you need never fear an explosion.

BLACKSMITHING AND WHEELWRIGHTING.

WE, the undersigned, take this method of informing our friends and the public that we have connected Wheelwrighting with our former business, believing it will be better for ourselves and our customers too, as we will be able to work much lower where there is to be but one profit. We have

Good Seasoned Stock,

in our employ. We intend to have the wood work done as we have had our Blacksmithing—that is to say, *in the very best manner;* and we are willing for the public to be the judges. Our experience is that "the best is the cheapest."

We will have Plows, Cultivators & Harrows for sale. We shall also put up new Carts,

ALL KINDS OF REPAIRING DONE AT SHORT NOTICE.

Our work will be done as low as at any other establishment here or elsewhere, in the State or outside of it. We are determined to leave no excuse in the way of those who have heretofore been sending their money out of our own community—where it is so sadly needed—to build up manufacturers at a distance. We challenge a comparison of our work with that done any where else, as to price, material, workmanship, style, finish, or any other essential.

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.
