The Orphans' Court

Met on Tuesday last: present Jas. Beck of George, Thomas Lusby, and William Stevens.

Enoch N. Roland, administrator of Isaac Knight, returned his first administration account, which was passed by the Court and ordered to be recorded.

William T. and Elwin S. Morris, administrators of Sarah A. Morris, returned their second administration account: ordered to be recorded.

S. Franklin Smith, acting guardian to William A., Geo. E., and Emma Smith, returned guardian accounts for 1870.

Ordered that the Register issue second citation for the following parties: Thomas S. Wilmer, administrator of Jas. Pearce; Thomas J. Britton, administrator of W F. Smith; R. F. Moffett, administrator of Josiah Newton; Isaac Caulk, administrator of Joshua Caulk; J. M. Hyrons, guardian to Margaret Hyrons.

Panel Thieves.

Last Thursday night an attempt was made to break into the store of Mrs A. M. Smith, in this town, by cutting out a panel of the front door. The noise of their operations aroused the lady, who sleeps in a room immediately above the store, and the thieves fled. As this is the fourth attempt within a short time, to rob stores by this means, at locks as if an organized body of "panel" thieves exist in our midst.

Good for our Railroad.

We take great pleasure in announcing the fact that the Kent Co. R. R. has been doing an excellent *paying* business this Winter—the passenger receipts alone, to Kennedyville, for one month, being between seven and eight hundred dollars! The freight receipts we have not learned, but suppose the amount to be largely in excess of that for passengers.

The locomotive owned by the company, and which has proved to be first-rate, having done all the work, including the double service during peach season, is now being thoroughly repaired; in the meantime, the work of the road is being done by an engine chartered for the purpose.

In this connection we also feel authorized to say that the Company is making every exertion to complete the road—*lack of means*, on account of the non-payment of stock by subscribers, being the retarding cause in this important enterprise.

Preparing for Conference.

At a business meeting of the membership of the Methodist Protestant Church, held last Thursday evening, initiatory steps were taken towards securing homes for the Preachers and Delegates, and also to arrange with the various railroad and steamboat lines, by which they will have to travel, for a reduction of fare for this occasion. The polite and obliging superintendent of the Kent Co. R. R. has offered, we learn, not only to carry them at half fare, but to send a special train in the afternoon—so that, let them come from either end of the Delaware road and its connections, they will not be obliged to lay over any where on the route all night, as they otherwise would—and land them at Worton station, about 4½ miles from town. Other roads and steamboat lines will no doubt make liberal deductions from their usual rates of travel. The number our citizens will be called upon to entertain will not be over 160 or 170, and the membership—together with other denominations and friends of the church who have acted so liberally on previous occasions—will we are sure, cheerfully accord the needed accommodations. The Conference will meet on Wednesday, the 15th of March, and continue in session about one week.

THE LITTLE CORPORAL MAGAZINE for February is as crisp and pure as a northern snowflake. Its illustrations are superb. Mr. Sewell, who founded THE CORPORAL nearly six years ago, and under whose editorship it has achieved such an enviable name and circulation, announces, in this number, his withdrawal from the firm of Sewell & Miller who have for some time been the publishers. He goes into the Book Manufacturing business, and will still conduct and publish "THE SCHOOL FESTIVTL," which is devoted to Day and Sunday School Entertainments. THE LITTLE CORPORAL MAGAZINE will hereafter be published by John E. Miller, Chicago, Mr. Sewell's former partner, and edited by Mrs. Emily Huntington Miller, who has heretofore been Associate Editor.

THE German Astronomer, Temp-l, who is known as the discoverer of several planets and comets, is living at Marseilles in a condition of extreme indigence.

ILLEGAL MODE OF SUPERSEDING JUDGMENTS.—The Court of Appeals, in an opinion given last week by Judge Miller in the case of Bowes vs. Isaacs & Kahn, decided that the motion of appellant to strike out a supersedeas to a judgment as invalid, on the ground that an error in the date of the supersedeas was corrected by the clerk of the court after the supersedeas had been signed, &c., should have been granted by the court below, and reversed the judgment. In such cases, says the opinion, the court below has no supervisory or discretionary power of correction, as the clerk, in taking the supersedeas, does not act as the hand of the court, but by virtue of a special power and authority conferred on him by the code. The substantial requirements of the law would be disregarded by allowing a supersedeas to be first signed in blank and afterwards filled up, and then mistakes of essential dates corrected by the mere recollection of the clerk. The statute, by requiring the form of confession to be signed by the securities, must have intended to prevent the establishment or countinuance of a practice so loose and dangerous as this; and no such practice, if any such exists, can recieve our sanction. There was another fatal defect in the date, as in this case the supersedeas would expire in six months from the date of the judgment, as was expressed in it. In taking a supersedeas the clerk must first be satisfied of the sufficiency of the supersedeas, as proved in art. 18, sec. 24 of the code, and then fill up with the proper dates and amounts and names of parties the blank form of confession prescribed by the code, art. 51, sec. 45, or one similar in substance and meaning, and read it over to the parties, who, if they assent thereto, must then sign it; or if they cannot write, make their marks, attested by himself. This is a very simple procedure, and when done the supersedeas is perfected, to operate for the purpose for which the law designed it, and it cannot afterwards be mutilated or corrected out of the presence and without the assent of the parties who signed it, either by the clerk or any one else. Mistakes, if any there be therein, must be corrected, if at all, on application to the proper *forum*, and in the proper mode, by a bill in equity and not by motion of the court as for the correction of clerical errors made by its own officer in its own proceedings. The case was argued by J. H. Keene, Jr., for the appellant, and J. A. Preston, Esq., for the appellee.—*Balt. Sun.*

"WHERE THE MONEY GOES."—The contingent expenses of the United Srtes House of Representatives make up a curious cash account. The arrest of Patric Woods for knocking down a Virginia Congressman took $870 from the contingent fund, of which $4 a day went to keep the prisoner in provisions during the incarceration. The cost of bringing the recalcitrant witness Florence Scannel from New York was $391. Would-be members, who failed to establish any right to seats in the House, took $52,500 from the fund. The carting of documents to and from the House cost $7,500, at $1 per load.

VENDUE NOTES can be obtained at this office.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unich tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this *Sarsaparilla* is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this *SARSAPARILLA: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears*, and other eruptions or visible forms of *Scrofulous* disease. Also in the more concealed forms, as *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and the various *Ulcerous* affections of the muscular and nervous systems.

Syphilis or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases*, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. *Rheumatism* and *Gout*, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also *Liver Complaints, Torpidity, Congestion* or *Inflammation* of the *Liver*, and *Jaundice*, when arising, as they often do, from the rankling poisons in the blood. This *SARSAPARILLA* is a great restorer for the strength and vigor of the system. Those who are *Languid* and *Listless, Despondent, Sleepless*, and troubled with *Nervous Apprehensions* or *Fears*, or any of the affections symptomatic of *Weakness*, will find immediate relief and convincing evidence of its restorative power upon trial.
