Rabid Dogs.

The whole country seems to be afflicted with hydrophobia. Rabid dogs are a greater torror than the small-pox or yellow fever. About ninety-nine hundredths of all the dogs in the United States ought to be killed. Monday last a mad dog was roaming our streets, and we learn bit several other dogs. The Town Commissioners very promptly ordered all dogs to be confined under penalty of being shot.

DIOCESE OF EASTON.—I respectfully recommend to the Clergy of the Diocese that they will afford their congregations an opportunity to contribute for the relief of French sufferers, on the FIRST SUNDAY IN APRIL.

Remittances may be made to Mr. Thos. Hughlett, Treasurer of the Convention at Easton. HENRY C. LAY,
Bishop of Easton.
Easton, March 18th, 1871.

MICROSCOPIC PHOTOGRAPHY has been the most interesting, if not the most important, scientific event of the war, and everybody has read with wonder of the London Times having been sent into Paris reduced to the size of the palm of the hand. The opportunity is now offered to our citizens of obtaining copies of this wonderfully minute publication, in which the photographic process reproduces the work of the printing press. Messrs. L. H. Rogers & Co., of 61 William Street, for twenty-five cents will supply all who are curious on the subject with four pages of the London Times *or* eight pages of Harper's Weekly that might have come from Liliput.—*New York Post.*

THE SCHOEPPE CASE—*Petition for Pardon Presented to Governor Geary.*—A dispatch from Carlisle, Pa., to the Philadelphia Inquirer, says:

"The petition, signed by several thousand citizens of Cumberland county, praying Gov. Geary to pardon Dr. Schoeppe, now confined in the jail at Carlisle, and all the other papers pertaining to an application for pardon, were presented to his Excellency the Governor on last Thursday, the 16th instant, by Rev. Mr. H. Eggers and Dr. J. J. Fitzer, of this place. The Governor recieved the gentlemen kindly, and conversed with them in an affable manner. He referred all the papers to the Attorney General, to make a report thereon.

"The counsel of Dr. Schæppe, acting under the supposition that the papers would be presented sooner, had already, on the 8th of this month, sent a written argument to the attorney general, Hon. F. Carroll Brewster, respecting some important after-discovered evidence in the case. The petition, which on last Thursday was presented to the Governor, was a very large one, larger than any former that has ever been presented from Cumberland county to the Executive in this case. It is indorsed by the best citizens of Cumberland county, among them by many who heretofore believed Dr. Schœppe guilty."

The Report of the Santo Domingo Commissioners.

A despatch from a correspondent of the New York Tribune, dated Key West March 21, says:

On the subject of the report of the commissioners to the President, there has been some earnest and emphatic debate between the Commissioners. Three reports were under preparation at one time. Mr. Wade wanted a short and decided report ready to be presented when the Commissioners arrived in Washington. Mr. Wright wanted to go to Washington and write the report there, taking several weeks' time, in order to make it as full and perfect as the importance of the case demanded. Mr. Howe at first was undecided, and all three began reports. The members agreed upon the substantial points, as sent in my letter from Port-au-Prince, all being favorable to the Administration side of the question; but they did not agree as to the character of the report and its length. Mr. Wade wrote a very plain matter-of-fact document, which would make about three columns, which he closed by saying, substantially, that he thought it unbecoming the United States to hold out inducements and promises to a weak and helpless Government, and then treat her in bad faith and leave her to her fate. The report all through was strongly in favor of annexation. Mr. Howe agreed to sign it. Mr. White was in favor of amending it, by extending it, and leaving out the strong expressions of opinion. He merely wanted to report on facts, as they found them; he thought Congress did not want their opinions. Several meetings have been held, but no decision has yet been reached, except that the resort will be amended somewhat; but the general views will be retained, and perhaps the closing words modified. All the Commissioners will sign it, and the proposition of Messrs. White and Howe, to present a preliminary report upon their return, and an extended one a month or two hence, has been abandoned.

Ayer's
Hair Vigor,
For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

BLACKSMITHING AND WHEELWRIGHTING.

WE, the undersigned, take this method of informing our friends and the public that we have connected Wheelwrighting with our former business, believing it will be better for ourselves and our customers too, as we will be able to work much lower where there is to be but one profit. We have

Good Seasoned Stock,
And Good Workmen

in our employ. We intend to have the wood work done as we have had our Blacksmithing—that is to say, *in the very best manner;* and we are willing for the public to be the judges. Our experience is that "the best is the cheapest."

We will have Plows, Cultivators & Harrows for sale. We shall also put up new Carts,

Wagons, Dearborns, Express Wagons,

&c., in good style.

ALL KINDS OF REPAIRING DONE AT SHORT NOTICE.

Our work will be done as low as at any other establishment here or elsewhere, in the State or outside of it. We are determined to leave no excuse in the way of those who have heretofore been sending their money out of our own community—where it is so sadly needed—to build up manufacturers at a distance. We challenge a comparison of our work with that done any where else, as to price, material, workmanship, style, finish, or any other essential.

MILLING.

CHESTERTOWN, DEC. 27TH, 1870.

The subscriber most respectfully informs the Public that after the first day of January next he will take possesion of the Mill and will conduct it, he hopes, more to the satisfaction of the Public than for some time past. He is in treaty for a very superior Miller, and soon as the Spring opens will make some improvements which must render her equal to any Mill on the Eastern Shore.

He hopes whenever there is any cause of complaint to be at once notified of the same. By strict attention or supervision, and competent workmen, he hopes soon to be able to re-establish her former reputation.
