LOCAL MATTERS.

The April Term of the Circuit Court for Kent county, commences on Monday, the 17th inst.

Kent Co. R. R. Directors.

The Board of Public Works met at Annapolis on Wednesday last and made the following appointments for State Directors in the Kent County Railroad: A. J. Reese, Robert Nicholson, and Wm. S. Walker. Mr. Walker's appointment was made on motion of Comptroller Woolford, Mr. Spry declining a renomination.

Correction.

The farm in Queen Anne's county, reported to have been purchased of John B. Brown, Trustee for the sale of the real estate of D. H. Crane, by Mrs. Vandyke of Chestertown, should have been reported to Jas. M. Vandyke, Mr. Vandyke being the purchaser and holder.

Fowler and Dulaney Rasin were appointed to appraise said estate. Ordered, that the administrator give the usual notice to creditors.

The last will and testament of Matilda Wilson (colored) was admitted to probate and ordered to be recorded.

County Commissioners.

This body met, as usual, on Tuesday last: present, Wm. Thos. Hepbron, Thos. P. Dixon, and Stevenson Constable.

E. E. Miller, collector of tax in the 1st district, reported the amount of tax received for the quarter ending 31st of March, $4,678.66 for county tax, and for State tax $992.38—total, $5,671.04. Paid during the quarter on orders, levies, &c., $4,912.49: paid State Treasurer $900: total amount paid, $5,812.49. Report accepted and approved.

Wm. V. Lucas, collector of tax for the 3d district, reported amount received up to 1st of April: also, full report, for three quarters, amounting in the aggregate to $8,626.25: paid on orders, levies, &c., $7,142.52, leaving a balance of $1,483.73 which has been deposited to the order of the County Commissioners, for the use of Kent County Railroad Bonds and interest.

A. B. Wheatley, collector of tax in the 5th district, reported amount of tax received for the quarter ending March 31st, $3,605.75 for county tax, and for State $660.29—total, $4,271.04.

THE CROPS IN EUROPE.—The latest crop accounts from England (March 20th) speak of frost in exposed places, followed by a heavy snow storm, which checked vegetation, injured the young grass, and hindered field work except upon the highest lands. From Belgium, Holland and France there are unfavorable accounts of mischief done to the crops by the remarkable fluctuations of March weather. Meat, being scarce on the continent, is likely to advance in price, and this will stiffen the demand for breadstuffs, which are very firm, with indications of a rising market. Russia alone seems to have a surplus, and she will be our very formidable competitor in the English and French markets.

THE CONNETICUT ELECTION.—The causes of the republican advantage in Conneticut are not to be mystified. They lie on the surface. For the first time the Conneticut negroes voted—1,000 or 1,500 strong—all, or nearly all, the republican ticket. This fully explains the political turn-about.—*N. Y. Journal of Commerce.*

POLICE BILLS IN CONGRESS.—The New York Evening Post, republican, is still protesting firmly against the passage of police bills by Congress. The Post says:

"If any one of these bills is passed, the preservation of civil order in all the cities, towns and districts of the country ceases to be the concern of the people of those places, and becomes that of the national government. The responsibility for the protection of life and property is taken from the local communities and given to the central authorities."

☞ An old lady, slightly blind, while engaged in a futile attempt to sew buttons on young Augustus Adolphus' new jacket, remarked: "Drat these buttons! I can't find the holes, and they split all to pieces every time I stick the needle into 'em." To which replied young Adolphus: "Now, look'ere, granny, you just let my peppermint drops alone. You've split more'n half of 'em already."

Anecdote of Booth.

The elder Booth, or "Richard III. Booth," as he was not improperly designated, was, at times, the victim of strange fancies. He had as many peculiarities in this way as Horace Greeley. At a certain time Booth took the fancy to be an absolute vegetarian. During the excess of this feeling, he was traveling on a Western river steamboat, and happened to be placed at a table opposite a solemn, straight-faced Quaker, who was singularly attracted by the splendid appearance and eloquent conversation of the great actor. The benevolent old Quaker observing the lack of viands in Booth's plate, kindly said:

"Friend, shall I not help thee to the breast of this chicken?"

"No, I thank you, friend," replied the actor.

"Then shall I not cut thee a slice of the ham?"

"No friend, not any."

"Then thee must take a piece of the mutton. Thy plate is empty," persisted the good old broadbrim.

"Friend," said Booth, in those deep stentorian tones, whose volume and wonderful power had so often electrified audiences composed of the best and wisest of the nation—"friend, I never eat any flesh but human flesh, and I prefer that raw!"

Speechless was the old Quaker, and his seat was changed to another table at the next meal.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative *Pill.* The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Langnor** and **Loss of Appetite,** they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers,** they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa,** but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back** and **Loins,** they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill,* take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

BLACKSMITHING AND WHEELWRIGHTING.

WE, the undersigned, take this method of informing our friends and the public that we have connected Wheelwrighting with our former business, believing it will be better for ourselves and our customers too, as we will be able to work much lower where there is to be but one profit. We have

Good Seasoned Stock,

And Good Workmen

in our employ. We intend to have the wood work done as we have had our Blacksmithing—that is to say, *in the very best manner;* and we are willing for the public to be the judges. Our experience is that "the best is the cheapest."

We will have Plows, Cultivators & Harrows for sale. We shall also put up new Carts,

Wagons, Dearborns, Express Wagons,

&c., in good style.

ALL KINDS OF REPAIRING DONE AT SHORT NOTICE.

Our work will be done as low as at any other establishment here or elsewhere, in the State or outside of it. We are determined to leave no excuse in the way of those who have heretofore been sending their money out of our own community—where it is so sadly needed—to build up manufacturers at a distance. We challenge a comparison of our work with that done any where else, as to price, material, workmanship, style, finish, or any other essential.

MILLING.

CHESTERTOWN, DEC. 27TH, 1870.

The subscriber most respectfully informs the Public that after the first day of January next he will take possession of the Mill and will conduct it, he hopes, more to the satisfaction of the Public than for some time past. He is in treaty for a very superior Miller, and soon as the Spring opens will make some improvements which must render her equal to any Mill on the Eastern Shore.

He hopes whenever there is any cause of complaint to be at once notified of the same. By strict attention or supervision, and competent workmen, he hopes soon to be able to re-establish her former reputation.
