**Workingman's Library Association.**

The efforts that have been made looking to the establishment of a Library in our town have at last culminated in the incorporation of a joint stock association, to be called the Workingman's Library Association of Chestertown, Kent Co., Md. Its capital stock is represented by four thousand shares, of the value of three dollars each. The conditions of membership are briefly these: Any person over fifteen years of age may become entitled to the privileges of the Library by signing the Constitution and paying to the Treasurer three dollars cash, and thus become a holder of one share of stock, which share is forfeited if the annual dues, three dollars, are not paid within three months after the first day of January of each year. Persons contributing money or books to the Association become the holders of stock in the proportion of one share to each three dollars or three dollar's worth of books so contributed, the value of such books being determined by the Board of Directors at the time they are received. Such shares do not entitle to membership, and so are not subject to the annual dues, but are non-transferable and descendible. Each share in any case entitles its holder to one vote in the elections and business meetings of the Association. The present prospects are good, as the Association has commenced work with property of the value of three hundred dollars, including case and one hundred and fifteen volumes, without drawing at all upon its treasury. The Library has been placed in Mr. E. C. Reiche's furniture store, and Mr. Reiche has been appointed Librarian. The regular hours for the receipt and drawing of books are each Tuesday, 2 to 3 P., M., and Saturday, 2 to 3 and 7:30 to 8:30 P. M., although the Librarian has consented to receive and to distribute whenever called upon. Most of the books are allowed to be kept out two weeks, subject to a penalty of two cents for each additional day. Books if lost or injured must be made good to the Librarian. Ladies or gentlemen wishing to become members may apply to either of the following Board of Directors: J. K. Aldridge, Pres't.; C. H. Wickes, V. P.; J. Eliason, Sec'y.; C. F. Stam, Treas.; Prof. J. T. Carlisle, T. A. Fiddis, M. DeK. Smith. The Board will during the coming week solicit subscriptions of stock, and it is hoped that the citizens of the town and county will encouragingly respond.

**Kent County Railroad.**

At a meeting of the Stockholders of this company held on Monday last an election for Directors for the ensuing year, resulted in the re-election of the old board.

The President made the following report:

*To the Stockholders of the Kent County Railroad Company.*

The President of the Kent County Railroad Company respectfully reports, that since the annual report on the second Monday in May last, the road has been completed from Kennedyville to Dwyer's or Worton Station, a distance of six miles, has been ballasted and finished, in a substantial and satisfactory manner, passing through a section of our county, scarcely excelled by any other in beauty, fertility and interest. Passenger and freight cars are now running daily the entire extent of the finished portion of the road, and the mails are carried and delivered with punctuality.

From Worton to Chestertown, a distance of about four miles, the grading is nearly completed, and it may be safe to assert that in one week, with good weather, the Ties may be commenced laying on this portion of the track. It is very important to the interest of the company and of the public that this section of the road be speedily completed. A population of about four thousand is immediately interested in this portion of the road, besides the common and general interest of the whole county, in having an easy and direct communication with the county town, where the Courts are held and the public offices situated, with which the people generally have business relations. But for the tardines in paying subscriptions of stock, the road would have been in successful operation to this important point, but in view of shortness of crops of the last year, and the stringency of the money market, the Board of Directors was unwilling to use harsh means to compel the payment of subscriptions, and agreed to defer further efforts to collect, till the first of September next. During the past year, to prevent a stoppage of the work, the Board repeatedly borrowed considerable sums of money on the personal responsibility of the individual members, thereby manifesting a deep interest in a work so necessary to the public.

The Board has been anxious to have the road extended to the waters of the Chesapeake, thus affording a choice of markets; to this end they have by committees, made repeated efforts in the cites of the North to dispose of the Bonds of the company; they have not yet been able to accomplish this object, but negotiations are now pending, which they hope will prove entirely and speedily successful.—It was a misfortune imposed upon those who have managed the affairs of the company for several years, that they had to provide cash to make monthly payments for all work done on the road, without requiring the contractors to take a portion of the company's Bonds in part payment, but under all disadvantages, they have persevered till the present, in the hope of an early consumation of their labors.—They still cherish the hope that whoever may have the direction of this great improvement; it may be well, speedily and satisfactorily completed. The President takes pleasure in reporting that the officers of the road have been active, industrious and faithful in the performance of their respective duties. He submits the reports of the Treasurer, the Engineer and the Superintendent.

GEORGE VICKERS,
President Kent Co. Railroad Co.

WE offer to the farmers of Kent and the adjoining counties our well known Cultivator Teeth, which have been used for some years with entire satisfaction. They have stood the test, and are considered far superior to the old three-cornered teeth. Their regular crook from the frame to the point makes them draw to the ground and run deep, while they run close to the plant without covering it up. They are made of the best steel, and can be bought as cheap here as elsewhere, having reduced the price on them as on the rest of our work.

**MILLING.**

CHESTERTOWN, DEC. 27TH, 1870.

The subscriber most respectfully informs the Public that after the first day of January next he will take possession of the Mill and will conduct it, he hopes, more to the satisfaction of the Public than for some time past. He is in treaty for a very superior Miller, and soon as the Spring opens will make some improvements which must render her equal to any Mill on the Eastern Shore.

He hopes whenever there is any cause of complaint to be at once notified of the same. By strict attention or supervision, and competent workmen, he hopes soon to be able to re-establish her former reputation.

**Ayer's Sarsaparilla,**
**FOR PURIFYING THE BLOOD.**

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this *Sarsaparilla* is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this *SARSAPARILLA*: *St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears*, and other eruptions or visible forms of *Scrofulous* disease. Also in the more concealed forms, as *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and the various *Ulcerous* affections of the muscular and nervous systems.

*Syphilis* or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases*, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. *Rheumatism* and *Gout*, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also *Liver Complaints, Dropsy, Congestion* or *Inflammation of the Liver*, and *Jaundice*, when arising, as they often do, from the rankling poisons in the blood. This *SARSAPARILLA* is a great restorer for the strength and vigor of the system. Those who are *Languid* and *Listless, Despondent, Sleepless*, and troubled with *Nervous Apprehensions* or *Fears*, or any of the affections symptomatic of *Weakness*, will find immediate relief and convincing evidence of its restorative power upon trial.
