The Champion Reaper and Mower.

Thursday last a trial of the Champion Reaper and Mower took place on the farm of John N. Usilton, Esq., near Chestertown. Other reapers had been invited to enter, but none appeared on the field.

The wheat was heavy and in some places flat on the ground, but the Champion No 4, a dropper, went through it to the entire satisfaction of those present. A trial was also made of the Champion No. 2, self-rake, doing its work easily with two horses, and in the most satisfactory manner.

Steamer Law Damaged by Fire.

Saturday night last the steamer George Weems, lying at her wharf, Light st., Baltimore, took fire, the flames communicating to the steamer 'Law,' of the Chester river line, damaging her to the amount of some fifteen hundred dollars, on which there is no insurance. The 'Law' is rapidly being repaired and soon will be ready for service.

CAUSE OF THE FRENCH DEFEAT.—Gen. Trochu, in the defense of his administration at Paris during the late siege, which he resumed before the French Assembly yesterday, stated that the principal cause of the defeat of the magnificent sorties made by his troops for the relief of the city was the almost exclusive use of artillery by the Germans. The art of combining and concentrating artillery, for both offensive and defensive operations, was the leading feature of the German campaign, and may be said to have really decided every important engagement. It was perhaps the only war in which artillery was ever so extensively used, and it was employed frequently by the Germans in positions and under circumstances in which infantry are ordinarily called upon Gen. Trochu attributes the troubles in Paris during the siege to the intrigues of Bismarck, who, he said, furnished the malcontents secretly from without with arms and material for revolt.

VENDUE NOTES can be obtained at this office.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

For a *Cough* and *Cold*, no better remedy can be had. Take small doses three times a day and put the feet in warm water at night, until the disease is broken up.

For *Influenza*, when it affects the throat or lungs, take the same course.

For *Whooping Cough*, give small doses three or four times a day.

For *Croup*, give large and frequent doses until the disease is overcome.

No family should be without the *Cherry Pectoral* on hand to protect them, in case of attack, from the above complaints. Its timely use often spares the patient a great amount of suffering and risk, which he would incur by waiting until he could get other aid. Parents, keep it in your houses for the exigencies that arise. Lives dear to you may be saved by it.

So generally are its virtues known, that we need not publish certificates of them here, or do more than assure the public that the best qualities it ever possessed are strictly maintained.

Prepared by DR. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

Sold by J. L. Stam, Chestertown; J. P. Ireland, Galena, and all druggists and dealers in medicine everywhere. [Nov. 19, 1870.

250 Sets Cultivator Teeth.
250 Sets Cultivator Teeth.

WE offer to the farmers of Kent and the adjoining counties our well known Cultivator Teeth, which have been used for some years with entire satisfaction. They have stood the test, and are considered far superior to the old three-cornered teeth. Their regular crook from the frame to the point makes them draw to the ground and run deep, while they run close to the plant without covering it up. They are made of the best steel, and can be bought as cheap here as elsewhere, having reduced the price on them as on the rest of our work.
