LOCAL MATTERS.

The Tournament.

The extensive arrangements for the Tournament are progressing rapidly. Though not officially announced, we are informed that James A Pearce, Esq., will deliver the opening address and Hon. Barnes Compton the crowning oration. Dr. W. M. A. S. Maxwell will be Medical Officer of the day, and John T. Skirven, Esq., will be Assistant Chief Marshal. "The Management" invite all kinds of organizations, companies, &c., to attend in a body.

The Fourth.

This annual holiday was not marked by any special celebration, but was observed by a very general suspension of business, and pleasure excursions. The Sunday School of the M. E. Church and a large number of friends spent the day in the woods. Numerous boats with parties went down to witness a boat race off Piney Point. The George Law carried a number of citizens from Crumpton and Chestertown on an excursion down to the mouth of the river. The excursionists amused themselves dancing and enjoying the air from the water The steamer Osceola arrived here about 4 o'clock with an excursion party from Centreville. The party remained here some hours, and seemed to enjoy themselves amazingly. There was no demonstration by the military company of our town; the military ardor of its members having dissolved in the warm sun of the summer months.

Fine Berries.

We have been the recipient this week of a liberal specimen of some of the most delicious blackberries from Mr. William W. Stephens it has ever been our fortune to eat. The varieties were the Willson and Kittatinny. They were large and luscious, just such fruit as we should expect a gentleman of Mr. Stephens' taste to turn his attention to.

Election of Officers.

At the semi-annual election of officers of Amicable Lodge, I. O. O. F., the following officers were elected: J. M. Vandyke, N. G.; E. F. Perkins, V. G.; E. C. Reiche, Sec'y.; J. W. Hines, Treas.; John Bordley, Marshal; R. B. Russell, Chaplain; S. to N. G., J. W. Carroll, J. Bordley; S. to V. G., Jas. Brice, H. O. Payne; J. Brice, Conductor.

The Potato Bug

Has made its appearance in some sections of the county. A subscriber suggests placing small bunches of straw along the vacant spaces, whipping the bugs with brush, when they (the bugs) will take to the straw for shelter. The bunches then fired will destroy the bugs.

Ozenie Tribe

Improved Order of Red Men, of this town, on Tuesday night last elected the following officers: Thomas S. Bordley, W. S.; T. W. Dugan, S. S.; J. W. Hayden, J. S.; John Bordley, K. W.; J. Jones Pearce, C. of R.

LOCAL SCRAPS FROM EASTERN SHORE EXCHANGES.

CECIL COUNTY.

J. M. Nickle, formerly a constable of Cecil county, has been arrested for forging the name of Frederick Canisius to a note and getting it discounted. He was held in default of $1,000 bail to answer at the next term of the court.

At the Democratic County Convention the following delegates were appointed to the Gubernatorial Convention: Wm. Ward, J. H. Steel, H. S. Condon, Albert Constable, and W. S. Evans.

Mr. Isaac R. Taylor offered the following resolutions:

Resolved, That this Convention recognize in the person of the Hon. R. B. Carmichael those qualities of mind which preeminently distinguish him as a fitting person to occupy the Gubernatorial chair of the State of Maryland.

Resolved, That this Convention instruct its delegates to cast the vote of this county in his favor, first, last, and all the time.

Mr. H. McCullough offered the following substitute:

Resolved, That Cecil county asserts the claim of the Eastern Shore to the next Governor of Maryland.

Resolved, That the delegates from this Convention be instructed to confer with the other delegations from this Shore, and endeavor to secure unanimity in favor of some one of the distinguished gentlemen named for the position.

After a brief and animated discussion, both resolutions were then withdrawn.

QUEEN ANNE'S COUNTY.

A cyclone passed over Centreville on Wednesday of last week, up-rooting trees, breaking off limbs, twisting off tree-tops, and doing other damage. The "oldest inhabitant," that estimable gentleman whose recollection is so often taxed, never saw the wind blow so hard before. It lasted about a minute, and blew with such violence that it is believed had it lasted five minutes many houses must have been blown over. Woodford's hack was blown out of the house and across the street, a work two horses have sometimes found difficult.

Mr. Samuel Comegys, residing on Dr. Sudler's farm, near Sudlersville, came to his death on Thursday in a very distressing manner. He was threshing wheat with what is known as a rod machine, and coming too close to the rod was caught in the knuckle and carried round and thrashed against the ground with great violence. The back part of his head was torn completely off, and one of his arms was broken in a number of places. He died in about fifteen minutes.

CAROLINE COUNTY.

The berry market is unusually active, and the prices rule moderately high. From the two stores at Bursville, alone, 150 buckets are shipped daily.

TALBOT COUNTY.

The target firing of Captain Robert's Company took place at Oxford on Tuesday afternoon, the 4th, at 2 o'clock. The following were the prizes: 1st prize, a Silver Butter Dish, presented by Capt. Roberts. 2d prize, a box of Havanna Cigars, presented by Sergeant Ryan.—3d prize, a Meerchaum Pipe, presented by Sergeant Brady. 4th prize, a Meerchaum Cigar Smoker, with amber mouthpiece, presented by Corporal Weston.—5th prize, a Tin Cup, for the worst shot, presented by Corporal Sneed. The Company competed a second time for a Silver Cake Basket, presented by Mr. C. H. Gibson, the prize to be awarded to the best shot, the winner of the 1st prize on the first round. After the firing, the prizes were presented to the successful competitors by Capt. Roberts.

The Commissioners of Talbot county have levied for 1871, a county tax of 55 cents in the $100.

The Teachers' Institute will meet on the 10th inst. at Easton.

Sheriff Bennett is completing his arrangements for the execution of Frederick Lawrence, which is to take place on the 14th inst. There will be a military escort to preserve order, and though there will probably be a large concourse of people present, every provision will be made to prevent a breach of the peace.

A petition is in circulation which has received some signatures, asking for a commutation of the death sentence to imprisonment, but as no valid reason for interfering with the judgment of the Law is given, we presume it is not likely to receive the favorable action of the Governor.

Col. Sam. Dickinson, says the *Easton Journal*, one of our best known and most highly esteemed citizens, and Inspector General of Flour, of the State, died suddenly in Baltimore on Thursday night last. He left his home in Trappe District in his usual health on Wednesday night per Steamer Highland Light, retiring to his state room a little after midnight. In the morning he not appearing, his room was opened, and he was found insensible, having been struck with apoplexy. Prof. Smith and Dr. Baxley were called, and announced that there was no hope for his recovery. Col. Dickinson was removed to his boarding house, on Howard street, and died about 3 o'clock Thursday night.

WORCESTER COUNTY.

The Newtown Gazette learns from a gentleman who was present at the commencement exercises which took place in the Court House, at Snow Hill, on the night of the 23d ult., under the direction of Rev. Lasselle, Principal of the Academy of that place, that it was one of the most splendid and satisfactory entertainments which ever came off in that village.

The County Levy is 79 cents in the hundred dollars in Worcester.

Old Hickory.

Col. J. W. Forney tells this old story of Old Hickory.

"At one of these dinners I heard Old Buck repeat this story of Gen. Jackson, probably for the hundredth time.

"Shortly after Mr. Buchanan's return from Russia in 1834, to which he had been sent by President Jackson in 1832, and immediately following his election to the Senate of the United States by the Legislature of Pennsylvania, to fill the unexpired term of Wm. Wilkins, who in his turn, was sent to succeed Buchanan in the same foreign mission, Buchanan called upon Old Hickory with a fair English lady, whom he desired to present to the head of the American nation. Leaving her in the reception-room down stairs, he ascended to the President's private quarters, and found General Jackson unshaved, unkempt, in his dressing gown with his slippered feet on the fender before a blazing wood-fire, smoking a corn-cob pipe of the old Southern school.

"He stated his object, when the General said he would be very glad to meet the handsome acquaintance of the new bachelor Senator. Mr. Buchanan was always careful of his personal appearance, and in some respects, was a sort of masculine—Miss Fribble, addicted to spotless cravats and huge collars, rather proud of a small foot for a man of his stature, and to the last of his life, what the ladies would call 'a very good figure.'

"Having just returned from a visit to the fashionable continental circles, after two years of thorough intercourse with the etiquette of one of the stateliest courts in Europe, he was somewhat shocked at the idea of the President meeting the eminent English lady in such a guise, and ventured to ask if he did not intend to change his attire; whereupon the old warrior rose, with his long pipe in his hand, and deliberately knocking the ashes out of the bowl, said to his friend: 'Buchanan, I want to give you a little piece of advice, which I hope you will remember. I knew a man once who made his fortune by attending to his own business. Tell the lady I will see her presently.

"The man who became President in 1856, was fond of saying that this remark of Andrew Jackson humiliated him more than any rebuke he had ever received. He walked down stairs to meet his fair charge and in a very short time President Jackson entered the room, dressed in a full suit of black, cleanly shaved, with his stubborn white hair forced back from his remarkable face and advancing to the beautiful Britisher, saluted her with almost kingly grace. As she left the White House she exclaimed to her escort.'

"Your Republican President is the royal model of a gentleman."

FOWL JOKE.—"Dennis, darlint, what is it you're doing?"

"Whist, Biddy, I'm trying an experiment!"

"Murther! what is it?"

"What is it, did you say? why it's giving hot wather to the chickens; I'm sure they'll be afther laying boiled eggs."

THE
EUREKA
FANNING MILL.
The Greatest Invention
OF THE 19th CENTURY!
FARMERS, LOOK TO YOUR INTEREST.

THE attention of Farmers and Mechanics is particularly directed to the combined economy, utility and practicability of the Eureka Mill, and to the many other advantages it possesses over every other Fanning Mill which has been introduced to the public. It is the fruit of long and patient investigation by the inventor, who has made it his constant study for over twenty years. He has secured several patents for Mills, and has always been rewarded with the best of success. But not feeling satisfied with his former attainments, he determined to reach the climax, and he now believes that his new invention will warrant him in exclaiming in the joy of his heart, like the philosopher, Phythagoras, EUREKA, signifying in the Grecian language, "I have found it." This has given the name to this new Mill.

In this Mill are all the former improvements, to which have been added several more, adding still greater advantages than were at first anticipated, or even thought possible by the inventor himself. It embraces the three great essentials necessary in every invention.

It combines Utility, Economy and Practicability!

THE EUREKA MILL

Is small and lighter, and is capable of doing more and better work in a given time than any other Mill ever invented. It is the only Mill that will successfully remove from wheat such pests as Cockle, Garlic, Oats, Rye, &c.

Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain, and in the other, grain fit for market or mill. Here is made a great saving usually lost sight of: for nearly one-quarter of the grain cleaned in the common Mills is lost when sown, on account of shrunken kernels and inferior grain. The Eureka Mill saves all this, and gives seed every kernel of which will grow when put into the ground, and this saving will, in a short time, pay for the Mill.

HINES & BURCHINAL,
Chestertown, Md.,

Owners of the Mill, are having them manufactured at the Sash Factory and Planing Mill of NOLAND & Co., Port Deposit, Md., which is a guarantee they will be put up in the very best manner.

MILLING..

CHESTERTOWN, DEC. 27TH, 1870.

The subscriber most respectfully informs the Public that after the first day of January next he will take possession of the Mill and will conduct it, he hopes, more to the satisfaction of the Public than for some time past. He is in treaty for a very superior Miller, and soon as the Spring opens will make some improvements which must render her equal to any Mill on the Eastern Shore.

He hopes whenever there is any cause of complaint to be at once notified of the same. By strict attention or supervision, and competent workmen, he hopes soon to be able to re-establish her former reputation.

Ayer's
Hair Vigor,
For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.
