Of Chestertown, have elected the following officers: W. G. Russell, V. P.: T. S. Holton, C. ... N. Dodd, V. C.: Jas. Parks, R. S.: J. A. Shaw, F. S.: L. S. Fowler, B.: John A. Fiddis, G.: John C. Usilton, I. S.: Thomas Hurtt, O. S.: James H. Plummer, Representative to Grand Lodge.

Ivanhoe Lodge,

K. of P., at Still Pond, have elected the following officers: William Hepbron, V. P.: A. J. Hackei, W. C.: C. E. Jones, V. C.: C. B. Krusen, R. S.: J. H. Kelley, F. S: E. D. Crew, B.: E. Smith, G.: J. McNamara, I. S.: J. M. Severson, O. S.: E. A. Vannort, Representative to Grand Lodge.

Concert.

A Concert for the benefit of the M. E Church Sabbath School, was given in the church building on Thursday evening last, under the direction of PROF. JOHN G. ROBINSON, with PROF. WM. M. R. D. MULLER, at the organ. PROF. ROBINSON was assisted by bass, tenor and alto voices, and the quartette made excellent music. Several of the Anthems elicited praise, and "Sweeping through the Gates," a new piece, was repeated by request. The house was well filled, and the Concert was, we presume, a pecuniary success.

Christmas Day

Passed off quietly, with the exception of a disorderly crowd of negroes, one of whom made an assault upon the Bailiff who attempted to arrest him. We learn that an attempt was also made to rescue the party from the officers, who summoned aid and lodged him in Jail.

Religious Services were held in the Methodist Protestant and Protestant Episcopal church; and during the week, the three Sabbath Schools have given christmas entertainments to the children of their schools.

We learn that Jackson & Co.,

Who have the contract for the Railroad to Belair, have sub-let the same to Woods & Mahoney, the parties who have so substantially built the road to Worton Station.

Runaway and Smash up.

Last Sunday morning, during service at the Episcopal Church, Mr. Townsend's horse broke loose from one of the iron lamp posts in front of Church, and ran down the street towards the store of C. F. Stam & Bro., where some gentlemen succeeded in stopping the further progress. The carriage was upset and torn from the body and the springs broken. Miss Everett's carriage, in front of W. A. Vickers' store suffered the loss of one of the hind wheels, in consequence of being run into by Mr. Townsend's vehicle.

The Knights of Pythias

Have rented for the coming year, the fine-sized Hall, over the store-room of Rees' Corner. This is a central place to meet, and as the room has been fitted up by Mr. Rees to be both comfortable and convenient, we hope and believe they must grow in importance and influence by this arrangement. This Lodge is now fast growing, having additional members at nearly every meeting.

We understand this room has been so fitted up and rented with the understanding that it may be let out, at intermediate times, to Lectures, Farmers' Club meetings, &c.; and as the long winter nights give the farmers ample time, we hope soon to report the re-organization and prosperity of "The Farmers' Club of the Fifth District," which, as it was one of the first, was also at one time, one of the most successful of those useful organizations.

Barns Bursting.

On the night of the 21st, Mr. John R. Payne, on the "Gresham Hall Farm," met with a singular lo... by the bur... of his barn, wherein was a considerable amount of shelled corn, which the freeze prevented his selling. The great weight of the corn ... one of the sleepers to draw off the sill, whereupon the floor gave way, thus pouring the grain nearly all down into the stable below, (a cellar stable with barn above.) The falling sleeper was caught by the tops of the stalls and thus saved his horses, ten head of which were at that time shut up for the night. The horses that were fastened short broke their halters, and those tied longer stood back to let the grain pour down. We are glad to learn that Mr. P.'s loss is slight, considering what it might have been, be only losing, we hear, about 25 or 30 bushels of corn by the horses trampling it in the manure.

... Amendment Trick

...ayed at Edes... ing on either side, they struck a bargain with him, one buying the duck at ten cents and the other the rabbit at the same price. No. 3 was highly elated, and now and then chuckled to himself, slyly looking at his money. But the end was not yet, for soon his two friends came up to him again, talking and arguing very earnestly that he should treat them. The matter was talked over quite seriously, pro and con, for some 20 minutes, and ended in No. 3—the seller—calling for a pint of "tanglefoot," the buyers helping him through it, they getting on the outside of "the lion's share," and he paying just 25 cts. for the privilege of seeing them go through the ardent; and ... wondered what the darkey made by coming to the store. And as we saw the two half-drunken darkies plodding along h... with their duck and rabbit under their ... we thought how the mixing with Yankees and carpet-baggers had sharpened the wits of the Ethiopian. This we thought a pretty sharp trick for Edesville, and too good to be lost, as it can be vouched for, as told, by an eye-witness.

THE EUREKA
FANNING MILL.
The Greatest Invention
OF THE 19th CENTURY!
FARMERS, LOOK TO YOUR INTEREST.

THE attention of Farmers and Mechanics is particularly directed to the combined economy, utility and practicability of the Eureka Mill, ...ed to the many other advantages it possesses over every other Fanning Mill which has been introduced to the public. It is the fruit of long and patient investigation by the inventor, who has made it his constant study for over twenty years. He has secured several patents for Mills, and has always been rewarded with the best of success. But not feeling satisfied with his former attainments, he determined to reach the climax, and he now believes that his new invention will warrant him in exclaiming in the joy of his heart, like the philosopher, Phythagoras, EUREKA, signifying in the Grecian language, "I have found it." This has given the name to this new Mill.

In this Mill are all the former improvements, to which have been added several more, adding still greater advantages than were at first anticipated, or even thought possible by the inventor himself. It embraces the three great essentials necessary in every invention.

It combines Utility, Economy and Practicability!

THE EUREKA MILL

Is small and lighter, and is capable of doing more and better work in a given time than any other Mill ever invented. It is the only Mill that will successfully remove from wheat such pests as Cockle, Garlic, Oats, Rye, &c.

Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain, and in the other, grain fit for market or mill. Here is made a great saving usually lost sight of; for nearly one-quarter of the grain cleaned in the common Mills is lost when sown, on account of shrunken kernels and inferior grain. The Eureka Mill saves all this, and gives seed every kernel of which will grow when put into the ground, and this saving will, in a short time, pay for the Mill.

HINES & BURCHINAL,
Chestertown, Md.,

Owners of the Mill, are having them manufactured at the Sash Factory and Planing Mill of NOLAND & Co., Port Deposit, Md., which is a guarantee they will be put up in the very best manner.
