Orphans' Court.—*Tuesday, June 4th.* Present, Judges Beck, Scott and Hepbron.

The Court passed a number of claims against the estates of deceased parties.

Letters of administration on the personal estate of Joseph W. Webb, late of Kent Co. deceased, were granted to Joseph J. Webb, Franklin H. Harper, and William T. Hepbron, (the widow having first filed her renunciation,) who gave bond with Richard Hynson, William Welch, and Samuel A. Merritt, as sureties, in the penalty of twenty thousand dollars. John Wilson and George W. Davis were appointed to appraise said estate, and the usual notice to creditors ordered.

WORTON AGRICULTURAL CLUB.—Thursday last the annual strawberry feast of the Worton Club came off at their Club Room. The occasion is one when the wives, daughters and children of the members and invited guests are present, the regular business being superseded by an oration from one of its members. On this occasion the exercises were opened with prayer from the Rev. Mr. Caldwell, pastor of the M. E. Church at Still Pond, followed by vocal and instrumental music from the ladies and gentlemen of the neighborhood. The proceedings of the last meeting having been read by the secretary, Capt. John T. Skirven, the President of the organization, arose and gave a concise history of the rise and progress of the Club, paying a tribute to the memory of its first President, Mr. Geo. S. Hollyday, and their late President, Mr. John Gale, both deceased. At the conclusion of the President's remarks, Dr. E. A. Vannort, the orator of the occasion, delivered a carefully prepared and entertaining address of about forty-five minutes' length. The Doctor's remarks were well received by an intelligent audience, and he was frequently applauded. At its close a resolution was passed asking for a copy, to be filed among the archives of the Club, and for publication. The Doctor added to his professional and agricultural pursuits is a hard student, and his effort of Thursday gives evidence that he is beginning to reap the reward of his labor. At Worton Heights, how truly have old things passed away. Upon the very spot where once the district people amused themselves in running foot-races for a "pint," we see them now assemble for a feast of reason, and the flow of soul is by no means wanting, as was apparent to all who saw the entire assemblage gathered around loaded tables of ices, strawberries, cake, and other refreshments, the spontaneous offering of the members of the Club. When all were well filled, we do not say how many baskets of fragments were gathered—but we managed to bring off a basket of the most luscious berries, a new variety here, the "Kentucky," grown by Mr. Robert Nicholson, which was borne home in triumph, flanked by a handsome boquet from one of Worton's fair matron's.

The multitude were invited back to the hall, but understanding it was to be a musical feast, and being eligibly situated we did not enter, and missed some eloquent remarks from Dr. Murray and Rev. Mr. Caldwell, who is said to be a nephew of John C. Calhoun. From the little we heard of Mr. Caldwell's remarks we shou'd say that he is an eloquent speaker and a man of force. The gathering began to disperse about seven o'clock, all seeming well pleased with their evening, and nothing occurring to mar the pleasures of the occasion.

May there be many returns, and may it be our good fortune to turn up.

THE COUNTY SUNDAY SCHOOL CONVENTION.—We regret to say that the proceedings of the Sunday School Convention were received too late, owing to their length, for insertion.

KLECKNER & Co's CIRCUS AND MENAGERIE.—We are to have a Circus and Caravan. Kleckner & Co's Circus and Caravan is to visit Chestertown giving two exhibitions, one in the afternoon, and one in the evening, on Thursday June the 13th. This exhibition includes a number of remarkable animals, Lions, Camels, Elephants, &c., of which a fuller description is given in the advertisement. It's something well worth seeing, and we have no doubt the tent will be well filled, both afternoon and evening. A magnificent street display will be given in the morning at 10 o'clock. We clip the following from the Springfield *Republican*, of May 1871:

Kleckner & Co's original caravan comprises very much that is found in other circus establishment in the States, It presents such a variety of attractions as to amuse all classes—and to instruct while it amuses. The student of natural history becomes absorbed in contemplating the European and Asiatic representatives of the Animal Kingdom.—The gigantic elephant Empress, and in comparison, the Lilliputian elephant Sultan, the collection of fierce Kaffra lions, whose den Herr Scoff fearlessly enters, and makes one of the most exciting and daring exhibitions of the power of the human mind over the brute creation that we ever witnessed; then follow the drove of sixteen Camels, driven by genuine Bedouin Arabs—children of Ishmael, whose peculiarities of race are marked and well worth the study of every one. There are various other features of the animal show that a limited space will not permit us to mention, but which cannot fail to claim the attention of every visitor within the capacious canvass of this establishment. But the circus performances proper are not to be forgotten; for they embrace some rare facts in equestrianism, in acrobats, leaping, somersalting, balancing and feats of strength.

TO THE
Peach Growers
OF THE PENINSULA.

YOU can now have your Peach Trees budded to order, in such varieties as you desire. I am prepared, by a new method of cultivation, to bud to order, during the month of June, Peach Trees for next Fall and Spring planting. The superior location of my Nursery enables me, by this new mode, to furnish trees of good size and with better roots than those from any other Nursery.

In addition to the varieties that are cultivated by the nurserymen, I imported from Mr, Rivers, the great Orchardist, near London, three new varieties—Early Beatrice, Early Louise, and Early Rivers. These Peaches have all been fruited in my orchard, and ripen in the order in which they are named, beginning about the 20th of June. They are hardy, and bear transportation as well as Troth's Early. Last season I shipped a few crates to New York, and will have this year a very considerable quantity; quite enough to demonstrate their value to the Peach Growers of this Peninsula, whose patronage I respectfully solicit, as I feel assured that my trees will give entire satisfaction.

COL. EDWARD WILKINS, of Riverside, Kent Co., Md., has planted this season 5000 trees from my Nursery, and I confidently refer to him as to the quality of my trees.

For particulars please address

THE
EUREKA
FANNING MILL.
The Greatest Invention
OF THE 19th CENTURY!
FARMERS, LOOK TO YOUR INTEREST.

THE attention of Farmers and Mechanics is particularly directed to the combined economy, utility and practicability of the Eureka Mill, and to the many other advantages it possesses over every other Fanning Mill which has been introduced to the public. It is the fruit of long and patient investigation by the inventor, who has made it his constant study for over twenty years. He has secured several patents for Mills, and has always been rewarded with the best of success. But not feeling satisfied with his former attainments, he determined to reach the climax, and he now believes that his new invention will warrant him in exclaiming in the joy of his heart, like the philosopher, Phythagoras, EUREKA, signifying in the Grecian language, "I have found it." This has given the name to this new Mill.

In this Mill are all the former improvements, to which have been added several more, adding still greater advantages than were at first anticipated, or even thought possible by the inventor himself. It embraces the three great essentials necessary in every invention.

It combines Utility, Economy and Practicability!
THE EUREKA MILL

Is small and lighter, and is capable of doing more and better work in a given time than any other Mill ever invented. It is the only Mill that will successfully remove from wheat such pests as Cockle, Garlic, Oats, Rye, &c.

Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain, and in the other, grain fit for market or mill. Here is made a great saving usually lost sight of; for nearly one-quarter of the grain cleaned in the common Mills is lost when sown, on account of shrunken kernels and inferior grain. The Eureka Mill saves all this, and gives seed every kernel of which will grow when put into the ground, and this saving will, in a short time, pay for the Mill.

HINES & BURCHINAL,
Chestertown, Md.,

Owners of the Mill, are having them manufactured at the Sash Factory and Planing Mill of NOLAND & Co., Port Deposit, Md., which is a guarantee they will be put up in the very best manner.
