QUARANTINE AT CHESTERTOWN.—We know not what attractions Chestertown presents to the pleasure-seeking excursionist, but whether many or few, the Town Commissioners have decreed that Baltimoreans shall not enjoy them. Chestertown is afraid of the small-pox. The dread pestilence has not yet invaded its corporate precincts, but there are grave apprehensions lest it might. Isolated from the rest of the world by traditions and provincialisms which are as ancient and immovable as the Chinese wall, the only episode that ever arouses the village from its comatose state is the arrival of an excursion boat from Baltimore. For a few hours a current of young life circulates through the quiet streets, and then, with the departure of the boat, serene seclusion once more settles down upon the drowsy inhabitants.

Some careless fellow has no doubt dropped the newspaper in which his lunch was wrapped upon the wharf, and an inquisitive denizen of Chestertown taking up the fragment has learned that the small-pox prevails in Baltimore, and forthwith there is consternation in every house. The City Fathers are hastily called together, and while the terrible fright is still upon them it is

"*Ordered by the Commissioners of Chestertown*, That owing to the prevalence of small pox in Baltimore, excursion parties from that city are forbidden to land at Chestertown until further notice."

This solemn proclamation was posted upon the wharf, and then all the people of Chestertown slept in peace. We hope that the plague will not reach them, and, in fact, there is not much danger that it will. Since the landing of excursion parties has been interdicted, we think the possibility of any casual traveller carrying the small-pox to Chestertown is very remote.

The above comments are from the Baltimore American of the thirteenth instant, and were not brought to our notice in time for last week's issue; and it is to no part of the first paragraph that we now wish to make any reply. If the authorities of Baltimore are content with sinks of death such as their basin; and to permit people festering with small-pox to be openly and constantly carted through their crowded streets during business hours, and the vehicles in which they are carried to stand for hours in the public thoroughfares as play-houses for children, it is no business of ours; and in like manner if the authorities of Chestertown choose to adopt precautions against a terrible disease from which they have already suffered somewhat, it is no business of the Baltimore American. We don't defend the Commissioners. But the slur at the intelligence of our people, who are supposed to have obtained their information from a fragment of newspaper in which some Baltimore fellow had wrapped his lunch, is too much. We can't stand such an insinuation, because the American is so unfortunate as not to have Chestertown on its mail book. From our postmaster we learn that about eight hundred newspapers, besides monthlies, come to our post office, and that the newspaper postage alone is some 180 or 200 dollars per year to the government. Added to this is the weekly circulation, by carriers, of the three papers published in the town, which we think is a very fair show for a population of about 1800.

Among the papers which come to this town the Baltimore Sun and Gazette are well represented.

We hope the American will not again base its estimate of our newspaper reading upon *its* circulation in our midst.

Orphans' Court.—*Tuesday, June 18th.* Present, Judges Beck, Scott and Hepbron.

The Court passed a number of claims against the estates of deceased parties.

Edward Lambert passed balance of account against Thomas Lusby's estate.

S. Hepbron Blackiston, guardian to Philip A. M. Brooks, returned his guardian account for the year 1871, which was passed and ordered to be recorded.

James A. Burgess, one of the administrators of Thomas D. Burgess, returned his second and final administration account and dividend, which was passed and ordered to be recorded.

Henrietta Boyd, guardian to Henry L. Boyd, returned her guardian account for the years 1870 and '71, which was passed and ordered to be recorded.

REPORT OF THE BOARD OF STATE SCHOOL COMMISSIONERS.—We are indebted to M. A. Newell, President of the State Board of School Commissioners, for a copy of the Annual Report of the Board.

The report contains valuable and interesting statistics, and commences with the declaration from the President that "the Public School system has made a steady advance during the past year."

The total expenditure for public school purposes, exclusive of buildings, in Baltimore city was $386,027.81, and for the same in the counties, $782,920.49.

We extract the following from the statistics for Kent county: Number of school houses 41: number of teachers, male and female, 48: different pupils for the year, 2,213: average number, 962. Amounts expended for Teachers' salaries, $20,649.30: incidental expenses, $1,682.91. Buildings and stationery, $2,066.24. Buildings and repairs, $3,669.23. Furniture, $418.35. Total, $28,486.03.

LAND SALES.—Wednesday next, the 26th instant, M. Bannon, attorney for David Biddle, will sell at the Voshell House in Chestertown, that valuable estate known as the "Biddle Farm," formerly belonging to Stephen A. Biddle.

The same day, at the same place, at 11 o'clock, C. H. Baker, Trustee, will sell a valuable tract of land, containing 202 acres, situated in the fourth election district.

See the advertisements, on our first page.

WE learn that Rev. Mr. Crouse will give one of his popular readings, in Chestertown, on Tuesday evening the 2d of July.

TO THE Peach Growers OF THE PENINSULA.

YOU can now have your Peach Trees budded to order, in such varieties as you desire. I am prepared, by a new method of cultivation, to bud to order, during the month of June, Peach Trees for next Fall and Spring planting. The superior location of my Nursery enables me, by this new mode, to furnish trees of good size and with better roots than those from any other Nursery.

In addition to the varieties that are cultivated by the nurserymen, I imported from Mr. Rivers, the great Orchardist, near London, three new varieties—Early Beatrice, Early Louise, and Early Rivers. These Peaches have all been fruited in my orchard, and ripen in the order in which they are named, beginning about the 20th of June. They are hardy, and bear transportation as well as Troth's Early. Last season I shipped a few crates to New York, and will have this year a very considerable quantity; quite enough to demonstrate their value to the Peach Growers of this Peninsula, whose patronage I respectfully solicit, as I feel assured that my trees will give entire satisfaction.

Col. EDWARD WILKINS, of Riverside, Kent Co., Md., has planted this season 5000 trees from my Nursery, and I confidently refer to him as to the quality of my trees.

For particulars please address

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of **Consumption**, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing **Coughs**, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome **Influenza** and painful **Bronchitis**, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

Ayer's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote and disappear. Hence its wonderful cures, many of which are publicly known, of **Scrofula**, and all scrofulous diseases, **Ulcers, Eruptions**, and eruptive disorders of the skin, **Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm**, and internal **Ulcerations of the Uterus, Stomach, and Liver.** It also cures other complaints, to which it would not seem especially adapted, such as **Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility**, and **Leucorrhœa**, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even when no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

PEACH BASKETS.

PEACH Growers and Shippers are respectfully informed that we are now manufacturing the justly celebrated "Mitchell Patent Peach Basket." This Basket is constructed on a principle which prevents the fruit from settling or crushing, and is positively endorsed and recommended by all the leading Commission Houses in New York and Philadelphia as the best Basket in use. Our Baskets are made of the choicest material, and none but the best experienced workmen will be employed in their construction; and we desire to call special attention to the fact that we are using in the basket this season a malleable nail, manufactured expressly for our use, and which adds materially to its firmness, strength and durability.

Having purchased the newest and most improved basket machinery, we are prepared to sell the *best* basket in the market, at a price that will defy competition. Our facilities are such that we can make 5000 baskets daily, all of which will be thoroughly inspected before leaving the factory. Orders may be sent to

Sheriff's Sale.

BY Virtue of one writ of Fieri Facias, issued out of the Circuit Court for Kent County, and to me directed, at the suit of George W. T. Perkins, executor of the last will and testament of E. F. Chambers, late of Kent county, deceased, and acting guardian for M. Helen Owen, against the goods and chattels, lands and tenements, of J. B. Fennimore, I have seized and taken in execution all the right, title, claim and interest of the said J. B. Fennimore, of, in, and to, the following property:

All those Tracts or Parcels of Land

situated lying and being near Belair, in the Fifth Election District of Kent County, generally known and called "Fennimore's Fairlee Saw Mill Property," with all the appurtenances and fixtures of said Mill, and other improvements on said land, which includes

About Ten or Twelve Acres,

and is fully and particularly described in a bill of complaint filed in the Circuit Court for Kent County, in Equity, in which the said J. B. Fennimore is complainant and one Enoch Harrison, defendant: also,

TWO SWAMP WOOD LOTS,

situated in said Fifth Election District,

One containing about Eighty Acres, and the other about Sixty Acres,

and being the same Wood Lots which George W. T. Perkins, executor as aforesaid, sold to Fennimore and Miller, and which are also particularly described in the bill of complaint aforesaid; all of which said property was purchased of Richard Hynson, Trustee for the sale of the Real Estate of Enoch Harrison, by one Henry M. Boyd, and the said J. B. Fennimore substituted as purchaser thereof, on the 29th day of April, 1871, by order of the Circuit Court for Kent County, in Equity.

And I hereby give notice, that on

TUESDAY, THE 2D DAY OF JULY, 1872, at 12 o'clock, M., at the Court House door in Chestertown, I will sell at Public Sale, to the highest bidder, for CASH, the above mentioned property, (or so much thereof as may be necessary,) to pay and satisfy the said writ, debt, interest and costs, due and to become due thereon.
