MR. NO-BOD-EE.

I know a funny little man,
As quiet as a mouse,
That does the mischief that is done;
In everybody's house;
There's no one ever saw his face,
And yet we all agree
That every plate we break was cracked
By Mr. No-bod-ee.

'Tis he who always tears our books—
Who leaves our doors ajar;
He pulls the buttons from our skirts,
And scatters pins afar.
That squeaking door will always squeak,
For, prithee, don't you see,
We leave the oiling to be done
By Mr. No-bod-ee.

The finger-marks upon the doors
By none of us are made;
We never leave the blinds unclosed,
To let the curtain fade,
The ink we never spill; the boots
That lying round you see,
Are not our boots They all belong
To Mr. No-bod-ee. —*Baptist Union.*

SILENCE.

There is a silence where hath been no sound,
There is a silence where no sound may be,
In the cold grave—under the deep, deep sea,
Or in the wide desert where no life is found,
Which hath been mute, and still must sleep profound;
No voice is hushed, no life treads silently,
But clouds and cloudy shadows wander free,
That never spoke, over the idle ground:
But in green ruins, in the desolate walls
Of antique palaces, where man hath been,
Though the dun fox or wild hyæna calls,
And owls, that flit continually between,
Shriek to the echo, and the low winds moan—
There the true Silence is, self-conscious and alone.—HOOD.

A SLOW COACH.

BY DONN PIATT.

When the Patent Screw and Augur Line of railway from Porkopolis terminated at Muddleburg, O.—it has since come to be a great national thoroughfare—the unhappy passengers were carried to all parts of the civilized world as well as to New Jersey by the oldfashioned stages. These stages ran crowded, and there was generally a contest for seats. Governor Thomas Corwin was to leave Muddleburg at midnight for the State capital in a stage. To secure the best seat this humorist sat up all night. He was not alone, for he had a bottle of choice old whisky to keep him company. He tried his whisky, he said, plain. He then had it made into a mint julep, after which he discussed it in the shape of a smash. About 11 o'clock he thought a cocktail would add variety to this spice of life. This he washed down with a hot punch, and then, at midnight, just as he heard the stage rattle in, he took all that was left "straight."

Seizing the carpet-sack and overcoat, he rushed out, to find a crowd around the stage, and without saying a word but in a great hurry, bolted in and ensconced himself in one corner upon the back seat. He fell asleep congratulating himself upon having been so fortunate, and had a dim, dreamy consciousness of the stage rolling away.

When he again wakened, the stage was at a stand-still; the curtains were all down, the windows up; but enough daylight got in to satisfy him that institution had "done broke" some time since. He hastily started up, and dropping one of the windows was perfectly amazed to find himself in the wagon-yard of a hotel. Two hogs were getting their breakfast out of a manure heap, while a melancholy cow stood chewing her cud, while working her tail to keep it in practice for flytime. A lazy hostler, was entertaining himself with a pitchfork. A further note of the surroundings satisfied Governor Corwin that he was in the rear of the Muddleburg hotel, and that he had been there from twelve o'clock the night before. Corwin was a man of genius, and it did not take him long to discover the cause of this extraordinary result. He had got into a stage that had come in, instead of one going out. The people about this leathern convenience, when he ensconced himself, thought, as he learned afterward, that he was a passenger in search of an umbrella, or some other article, he had left behind.

The Governor opened the door of the stage very softly. He crept out trying to feel so small that, as he said subsequently, his skin hung loose on him. He could not escape, however, the hostler, who exclaimed in some astonishment: "Hello, Governor, did dey forgit and leave you in the stage?"

"There, there, my man," answered Gorwin, giving him a silver dollar, "you keep your fly-trap shut, or there'll be a sudden death in the family."

"'Fore God, exclaimed the hostler, as Corwin walked away, "dat's most 'stronary; the Governor of Ohio done forgot in a stage-coach."

Corwin walked into the hotel, deposited his carpet-sack and coat behind the first door he encountered, and then sauntered into the breakfast-room, trying to assume an air of a man who had not slept in a wagon yard all night. While discussing the oiled sole-leather, and muddy coffee, for which the American people pay hotel prices, a friend on the other side of the table, looking up suddenly, exclaimed: "Why, Governor, I thought you left for the capital last night."

"Well," exclaimed Corwin, with one of the whimsical looks with which he was wont to set the table in a roar, "I was under that impress myself."

"Got left, did you?"

"Yes, I believe I was a good deal left."

"How was that, Governor?"

"See here, my friend," exclaimed Corwin, carefully depositing his knife and fork on each side of his plate as if they were articles of value, "if you will consent not to press a further investigation upon that subject, I will present your wife with a bonnet more like a coal-scuttle than any now in the market. If you don't consent," he continued with wild energy, seizing his fork, "I'll murder you."

The story, however, was too good for Tom to keep to himself, and for years after he was in the habit of telling how he slept in a stable yard, and attributed it all to some very bad whisky that the Hon. Salmon P. Chase had given him.

VINEGAR BITTERS

VEGETABLE FREE FROM PURE DR. WALKER'S CALIFORNIA ALCOHOL

EUREKA

VINEGAR BITTERS

J. WALKER, Proprietor. R. H. McDONALD & Co., Druggists & Gen. Agents, San Francisco, Cal., and 32 Commerce St., N.Y.

MILLIONS Bear Testimony to their Wonderful Curative Effects.

Vinegar Bitters are not a vile **Fancy Drink,** Made of **Poor Rum, Whiskey, Proof Spirits and Refuse Liquors,** doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, **free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE,** a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and of all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. **Such Diseases** are caused by **Vitiated Blood,** which is generally produced by derangement of the **Digestive Organs.**

DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulde s, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effect.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

PIN, TAPE, and other **WORMS,** lurking in the system of so many thousands, are effectually destroyed and removed.

Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the *Pills* with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by *Ayer's Pills,* and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia or Indigestion, Listlessness, Languor, and Loss of Appetite,** they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers,** they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery or Diarrhœa,** but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back, and Loins,** they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy and Dropsical Swellings,** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression,** a large dose should be taken, as it produces the desired effect by sympathy.

As a *Dinner Pill,* take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

HALL'S

VEGETABLE SICILIAN

HAIR

RENEWER

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D, State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

THE

EUREKA

FANNING MILL.

The Greatest Invention

OF THE 19th CENTURY!

FARMERS, LOOK TO YOUR INTEREST.

THE attention of Farmers and Mechanics is particularly directed to the combined economy, utility and practicability of the Eureka Mill, and to the many other advantages it possesses over every other Fanning Mill which has been introduced to the public. It is the fruit of long and patient investigation by the inventor, who has made it his constant study for over twenty years. He has secured several patents for Mills, and has always been rewarded with the best of success. But not feeling satisfied with his former attainments, he determined to reach the climax, and he now believes that his new invention will warrant him in exclaiming in the joy of his heart, like the philosopher, Phythagoras, EUREKA, signifying in the Grecian language, "I have found it." This has given the name to this new Mill.

In this Mill are all the former improvements, to which have been added several more, adding still greater advantages than were at first anticipated, or even thought possible by the inventor himself. It embraces the three great essentials necessary in every invention.

It combines Utility, Economy and Practicability!

THE EUREKA MILL

Is small and lighter, and is capable of doing more and better work in a given time than any other Mill ever invented. It is the only Mill that will successfully remove from wheat such pests as Cockle, Garlic, Oats, Rye, &c.

Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain, and in the other, grain fit for market or mill. Here is made a great saving usually lost sight of: for nearly one-quarter of the grain cleaned in the common Mills is lost when sown, on account of shrunken kernels and inferior grain. The Eureka Mill saves all this, and gives seed every kernel of which will grow when put into the ground, and this saving will; in a short time, pay for the Mill.

HINES & BURCHINAL,

Chestertown, Md.,

Owners of the Mill, are having them manufactured at the Sash Factory and Planing Mill of NOLAND & Co., Port Deposit, Md., which is a guarantee they will be put up in the very best manner.
